United States Seal 136 Years Old.
The great seal of the United States was adopted by congress 136 years ago. The design was suggested by Sir John Prestwich, an eminent English antiquary, to John Adams, then United States minister to Great Britain, and was formally accepted by congress on June 20, 1782. It is composed of a spread eagle, bearing on its breast an escutcheon with 13 stripes, and in its talons holding an olive branch and 13 arrows, symbols of both peace and war. The eagle, the suggestion of an Englishman, has ever since been the national bird of the United States.

Not a Common Poultice.
Jim had a very sore stone bruise on his heel and he was telling Red: "My mother," he said, "put a bread and milk poultice on it last night." Red was always looking for a chance to go his pal one better. The bread and milk poultice gave him an idea. "Last summer when I had a stone bruise," he said, "I did not let them use anything so common as bread and milk. Mother made my poultice out of ice cream and cake."

In Fast America.

In France the centerfielder is known as "le cunpeur de centre," a home run as "une course sans arret" and the home plate as "le plaque debut final." If we had such names here how quickly they would be cut down by the fans and writers. Even a player with three syllables in his name generally has to get along with one.—Portland (Ore.) Press.

His Provocation.

"Slick proposed to Chantlan last night," whispered Heloise of the rapid fire restaurant. "He said he couldn't live without her."
"Uh-huh!" returned Claudine of the same establishment. "I heard his mother had married again and wouldn't support him any longer."—Kansas City Star.
