Fisk hats, known everywhere for their superiority in style are sold at Wilcox Department Store.

Cattlemen who have stock to ship are very much peeved over their inability to secure cars in which to ship their stock to market. Alex Brown, who lives on the south side, said yesterday that he had been attempting to get cars for two weeks, and he can get no information as to when cars will be given him.

The Tribune had ten calls in one day for furnished or unfurnished rooms for light housekeeping, and inquiries for rentable houses are just as numerous. The hundred or more houses which have been erected this season seems not to have lessened the demand for houses by tenants.

Wanted at Twinnem Hospital—Girl for general work. Apply Dr. Twinnem's office. 811f

Next Sunday night at midnight we can turn our clocks back an hour and do our business on a day that is forty odd minutes faster than sun time, instead of an hour and forty minutes. In our opinion the time under which we have been living for a good many months past has been a disadvantage, rather than an advantage, to us and we will welcome the change to the old standard of time.

### Memorial Park

At the request of the Twentieth Century Club the council has designated the east end park as Memorial Park in honor of Lincoln county boys who passed away while in service in the world war. This park has been neglected by reason of lack of funds to put in a water system, without which trees, shrubbery and blue grass cannot very well exist. With an increased levy for parks, the money from which will become available beginning next May, and with the co-operation of the Twentieth Century Club, it is hoped to make a start with improvements that will finally result in making the park a beautiful place. Unfortunately North Platte purchased parks but neglected to provide funds in a proper amount to beautify them. Ten thousand dollars are needed to make improvements that should have been made several years ago. The first step to be taken is a water supply, not only for the east end park, but for the Fourth ward park, and it is probably that in both instances this water supply must be obtained through independent plants, for the present mains leading to both parks are inadequate to supply the needed water and the city is not in financial shape to lay larger mains.

### Red Cross Roll Call

The third Red Cross Roll Call will start Sunday, November 20, and end November 11th, and the Lincoln County Chapter is getting ready for the campaign. In soliciting members in the country, the school districts will be used as the unit division, and the treasurer of each district will be asked to take charge of the soliciting in his district. Here in North Platte committees will be appointed to make a house to house canvass. The Red Cross needs universal co-operation in carrying out its peace program. It needs now, as it needed then, the dollars and the hearts of those who subscribed to the second roll call, and needs them as badly, for the future work of the organization is great.

### D. A. R. Entertainment

The National Society of the Daughters of the American Revolution have undertaken the restoration of the village of Tilotoy, France. To help in this work Sioux Lookout Chapter will give an entertainment, Monday evening, October 27th, at the Odd Fellows' hall. A splendid program has been prepared including music, an old fashioned minuet and recitations. A number of the members of the society will be dressed in colonial costume. Card tables will be provided for those who care to play. The public is invited. Price of admission 50 cents. The program will commence promptly at eight o'clock. Refreshments will be served.

### Bickley Sells Ranch at Auction

The W. J. Bickley ranch, seventeen miles north of town, was sold at public auction Wednesday. Ralph Merritt purchased 480 acres at \$17.25 per acre. C. G. Swanson 550 acres at the same price, and B. E. Fried purchased the 640-acre school land lease for \$3,100. At the same time fifty-one head of cattle, twenty-six horses, a number of hogs and a lot of machinery was sold. The horses and machinery brought good prices, but the cattle sold rather low.

"Seven Days' Leave," the big spectacular New York and London military melodrama, will be presented at the Keith theatre Friday, Oct. 31. It enjoyed a continuous run of two years at the Lyceum theatre, London, England, six months at the Park theatre, New York, to tremendous success. The story of the play concerns principally a rollicking young major, back in London on leave of absence, with buoyancy and heart enough to fall in love with a certain young woman who ardently welcomes his wooing. But Cupid has fairly opened his eyes to this affair, when enters again sinisterly the clutch of the conflict whose rears can still be heard within the bowers, and from romance the play instantly stiffens to the tense thrill of danger for both the furlough's principal, his fiancée, and indeed all about them who are dear to both. Many of the phases of life in London as it is at present—hazards of spies, leveling of castles, awakening of a finer spiritual note—fell into the alembic. There is a thrilling denouement when a submarine is exploded in view of the audience.

## So Human

---it amazed all North Platte

SOME of your friends must have been in the Shuge audience which heard Odette Le Fontenay in her Tone-Test recital at Methodist Church. Ask these people about it. This is the astonishing discovery made.

The keenest musical ear can not distinguish any difference between the voice of the living artist and the RE-CREATION of that voice by the New Edison.

And does it not amaze you, too, that Mr. Edison has succeeded in producing an instrument that captures every subtle sweetness of the human voice—that gives you all the ear can give you of the art of the world's great artist. No other phonograph dares to make this direct comparison.

## The NEW EDISON

"The Phonograph With a Soul"

The New Edison alone can RE-CREATE music for you. Come in and hear it for yourself. Make the great discovery for yourself.

### HARRY DIXON, Jeweler.

\*The instrument used in Friday's Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

### SOCIETY AND CLUBS

Mrs. Will Waltemath entertained at cards Tuesday evening, the twenty guests passing several hours very pleasantly. An enjoyable feature of the evening were the solos rendered by Paul Harrington.

Mrs. Ira L. Bare entertained at a luncheon Tuesday, covers being laid for eleven.

The Indian Card Club was entertained Wednesday afternoon by Mrs. A. B. Hoagland.

Mr. and Mrs. G. S. Huffman entertained about twenty guests Tuesday afternoon at an announcement party. A floral May-time love story had been worked out by filling in names of flowers in blanks in the story and bridge was the order of the afternoon when Miss Florence MacKay went to the piano and began playing the Lohengrin wedding march, slowly down the stairs came little Betty Marie Waltemath dressed as a bride and bearing a large white basket filled with pink and white hearts. Each guest was presented with a heart which bore the announcement: "Irma Margaret Huffman-Arthur Arnold May, Thanksgiving Day, November the twenty-seventh." A delightful three course lunch was then served. Table decorations were white and pink chrysanthemums with kewpie dolls dressed as brides for favors and a huge pink and white wedding bell suspended over the bride's table.

A large attendance put its mark of approval on the evening session of the Twentieth Century Club which met

with Mrs. Frank Barber on Tuesday Mrs. I. L. Stebbins assisting in dispensing the generous hospitality. Mrs. W. C. Shelver presided in the absence of Mrs. Eater, who with Mrs. Wilson Tout, is attending the state convention at Fairbury. The Community Sing under the direction of Mrs. Henry Gilfoyl was followed by a most interesting discussion of "Thrift" as recommended by the United States government in co-operation with the woman's clubs. Mrs. Stanley Orr as chairman, was ably assisted by Mrs. J. L. Loudon, Mrs. R. F. Cotterell and Miss Kramph, who brought the value of experience to their various handling of the subject. Miss Janet McDonald closed the program with two charming selections, valse and prelude by Chopin and an etude by Czerny. The social hour brought a very successful evening to a close, some forty

members and guests having availed themselves of the opportunity.
