Election Next Tuesday.
An election to elect delegates to the constitutional convention will be held next Tuesday at the usual voting places in the county. We call attention to this election for the reason that on the surface but little interest is shown, and indications point through this lack of interest, to a vote somewhat similar to that cast at the late primary election.

The constitutional convention is especially important, for the state constitution, under which we have been living for over fifty years will be materially changed. In providing a new constitution we need men in the convention who are able and honest, men who are interested in the present and future welfare of the state.

W. V. Hoagland is a candidate for delegate from this county and W. T. Wilcox is a candidate from the float district composed of Lincoln, Keith and Dawson counties. Both have long been residents of the county, both have had legislative experience, and both are so well known as to need no introduction to the people of Lincoln county.

Every voter should feel it his duty to go the polls next Tuesday and vote, because the new constitution to be written vitally interests every property owner, and we are confident that if Messrs. Hoagland and Wilcox are elected their best and honest efforts will be exercised in helping to frame the new constitution.
