

ORGANIZE THE NORTH PLATTE COMMUNITY CHORUS

The North Platte Community Chorus was organized at the Franklin auditorium Wednesday evening by the election of Miss Nell Hartman president, W. H. Mungler secretary-treasurer, Mrs. O. H. Shriver directress, and an executive committee consisting of Mrs. Fark Hatch, Miss Esther Anderson, Miss Sadie Trovillo, Paul Harrington and Ira L. Bare, and with the president and secretary-treasurer as ex-officio members of the committee. The executive committee appointed committees on music, membership and by-laws. The organization starts with a membership of over forty and this number will be at least doubled by the date of the next meeting, which will be announced later. The music committee will at once select music, and as soon as it arrives regular weekly rehearsals will be held. The membership fee was placed at one dollar. Qualifications for membership consists of ability to sing and a promise that the member will attend rehearsals regularly and absent himself or herself only for a very good reason. Chorus work demands regular attendance if the best results are to be obtained—if one-third the membership absent themselves one evening and another third the next evening, the chorus will have up-hill work.

The object of the chorus is to furnish music for community gatherings, for national holidays when programs are given, to furnish free evening concerts at the auditorium and sacred concerts at the churches on Sunday afternoons. These will furnish entertainment for our people and tend to increase the desire for music and at the same time through the rehearsals benefit the members and probably bring out talent that has laid dormant.

Later it is expected to have a community orchestra as an accompaniment to the chorus. Those wishing to become members of the chorus should see or phone Mrs. Shriver, Mrs. Hatch, Miss Trovillo or Mr. Bare within the next three or four days.

TO THE PUBLIC
All Union barber shops on and after November 24th will open at 8 a. m. and close at 7 p. m., except Saturdays, when the hours will be from 8 a. m. to 9 p. m. Shops will be closed Thanksgiving day, but on November 26th will be open until 9 p. m.

The Coates company received a car of coal yesterday. Ordinarily this would be an unimportant announcement, but in these days when the coal supply overtops almost everything else in the mind of the public, the receipt of a car of coal is very important. The car received is being doled out in 500-pound lots to those who are absolutely without coal.

MILLIONS OF HOUSE WIVES WILL STRIKE

Washington, Nov. 20.—The consumers' union, 35,000,000 members strong, will soon be in action.

It will call nationwide strikes. One of the first will be against styles. Everyone of the 35,000,000 women belonging to the union will pledge herself to last year's hats and last year's gowns.

"Of course they will do it," said Miss Edith S. Strauss, appointed by Attorney General Palmer as marshal of the army of women to be mobilized by the government in a gigantic offensive against the high cost of living. "Every woman is willing to war last year's hat if she knows every other woman is doing it."

"I've already gone on a strike against high prices. I have taken a vow to buy no more clothes until those I am wearing can no longer be called clothes."

"Everyone is organizing in America except the poor consumer. Until the consumers unite and stand solidly behind the government in an intensive campaign against high prices, we might as well sit with folded arms and watch the profiteer flourish."

"The women must carry on about nine-tenths of this warfare against high prices, and with 35,000,000 of them organized and working as a solid unit with the government in six months we can get the cost of living back to normal levels."

"In every city and village there must be a league of consumers who pledge themselves to do without rather than pay excessive prices. When milk is raised to a price beyond reason, like against the people of New York, they will call a milk strike and on certain days of the week do without milk until the law of supply and demand forces a cut in the price."

"One of the reasons for excessive prices is that the American public is drunk with money. People have more money than ever before and they are spending it recklessly."

"One of the first things we must do is to cut out senseless luxuries. Another is to increase production."

FORM STORE COMPANY WITH \$200,000 CAPITAL

There was filed with the county clerk yesterday articles of incorporation of the North Platte Equity Association, the object of which is to wholesale and retail groceries and provisions; to buy, slaughter and sell live stock; to buy, sell and ship dairy products; to manufacture and deal in ice; manufacture and sell ice cream and leas; to buy and sell coal, lumber and building material; to deal in engines and motors, farm machinery and equipment; to buy and sell hardware and furniture, dry goods and clothing and wearing apparel; to manufacture and sell bread, cakes and pies; to buy, sell, store and repair automobiles, and to manufacture and sell automobile tops, bodies and automobile parts; to provide and maintain restaurants or places of entertainment.

The life of the corporation shall continue for a period of ninety-nine years, unless sooner dissolved.

The capital stock of the association is placed at \$200,000, divided into twenty thousand shares of ten dollars each, the stock to be non-assessable. Ten thousand dollars of the stock shall be paid up at the time of the commencement of business.

The affairs of the corporation shall be conducted by a board of seven directors who shall be elected annually by the shareholders, and the directors shall elect a president, vice-president, secretary and treasurer from their own number. The present qualified directors are: Edgar M. Dawson, Harry M. Johnson, C. F. Burroughs, Wm. E. Wright, Thos. Orton, Gene Crook and Wm. Simants. Attached to the articles of incorporation are the names of twenty-three others.

Advance Agent Raymond, representing Guy Bates Post in "The Masqueraders," spent yesterday in town making arrangements for the appearance of that big attraction at the Keith December 10th. The stage at the Keith is the only one large enough between Denver and Omaha to admit the settings for this show, and for this reason North Platte gets a date in preference to Kearney, Grand Island or Fremont. Three railroad cars are required to carry the scenery, and the company travels by special train.

Our stock of ladies' coats, suits and dresses is too large and we are holding a special sale on these items to reduce the stock to what it should be. Don't fail to make your purchase now. Wilcox Department Store.

Freight traffic on the Union Pacific keep up wonderfully well, in fact the volume of business is nearly as great as during the early fall rush, and this in face of decreased coal shipments.

TRAIN ROBBER ESCAPES; BEGINS BUSINESS AGAIN

Bill Carlisle, serving sentence in the Wyoming penitentiary at Rawlins for holding up trains on the Union Pacific in 1915 and 1916 was hidden in a box of shirts which left the prison shirt factory Saturday, and after the box was delivered at the freight house he saved his way out. Obtaining civilian clothing from a sheep herder and stealing weapons and ammunition from ranch cabins, he made his way to Rock River, where on Tuesday night he boarded train No. 19, entered a tourist sleeper by smashing a vestibule window, fired one shot through the roof of the car to terrify passengers and forced all but "old men, women, children, soldiers and sailors" to contribute. "I do not rob these," he told the passengers.

As Carlisle stood in the vestibule waiting for the train to stop a passenger fired at close range and the hand it believed to have been hit. He carried a rifle over his shoulder and a pistol in his hand. Blood was found on the pistol, which the bandit dropped in his hurried escape. His hat was found by the train guard.

A posse of officers, citizens and U. S. cavalry spent Wednesday searching for Carlisle, but without result and the man hunt was abandoned by reason of the failure of the posses to find any trail of the bandit. The general belief is that Carlisle was enabled to escape from the scene of the robbery in a high-powered automobile which had been in readiness by one of his confederates.

Carlisle is said to have boasted that he could escape from prison any time he desired. "I am here because I want to be here," he is said to have told the prison officials.

Bylund Wins Match.
Bobby Bylund defeated Fay Jokesch in the wrestling match at the Labor Temple last evening, securing the first fall in forty-two minutes and the second in six minutes. Jokesch was thirty pounds heavier than Bylund and it was necessary for the latter to wear out the former in the first round. The first fall was secured through a flying mare hold, the second by a bar toe hold. The attendance was fairly large and every spectator was pleased with the contest. As one spectator expressed himself "it was an honest to goodness wrestling match."

Up to last Tuesday evening, Judge and Mrs. J. S. Hoagland, enroute to Florida by car, had reached Cairo, Ill. They had traveled over some awful roads, and on certain days had made only thirty-five miles a day. Notwithstanding this they were enjoying the trip and Mrs. Hoagland's health has already been improved.

Wyoming Miners are Working.

The miners at Hanna and Rock Springs went to work Monday, then returned to work Tuesday, and it is said that since then the mines are running to full capacity.

District Foreman McGraw said this morning that the railroad had plenty of coal for its use. Part of this coal has been coming from Rock Springs, but the greater part of it from Utah. Large numbers of coal cars are now being sent west, indications that Wyoming coal will begin to move. Just what effect the resumption of work at the Wyoming mines will have on local conditions is not known. The Union Pacific takes for its own use much of the coal mined at Rock Springs.

There will be six numbers in the auditorium lecture course, the first of which will be given December 13th. The adult season tickets are placed at \$1.20 plus 12 cents war tax; the season tickets for school children at 60 cents plus 6 cents war tax. This is the cheapest in price lecture course ever offered the people of North Platte, and the talent is unusually good.

CONCERT UNDER AUSPICES OF AMERICAN LEGION

The local camp of the American Legion, an organization of men who were in service during the world war, has entered into a contract with the Hallowell Concert Co. to give a concert in the Franklin auditorium on the evening of December 3d. Following the program at the auditorium, a dance will be given at the K. C. hall, the music for which will be furnished by a ten-piece orchestra of the company.

The Hallowell Company is well known in North Platte, as the organization has appeared here several times under the auspices of the B. P. O. Elks. It is one of the best musical organizations traveling and never fails to please its audiences.

The American Legion play this company in order to secure funds to carry out its work, and to boost the membership of the local camp.

Ford
THE UNIVERSAL CAR

Weak Links in a Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there, the strong, durable Vanadium steel that goes into the Ford Chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard, flint-like wearing surface, others need resiliency, and some need just "toughness."

Ford metallurgists have been studying these problems for sixteen years and know just how each unit should be made to endure a maximum amount of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to one hundred per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garage is equipped to give careful, prompt Ford service—from minor adjustments to complete overhauls. Drive in, it's better to be safe than sorry. Come to the Authorized Ford dealer for service.
