**ACTION TAKEN TUESDAY TO
RELIEVE COAL SITUATION**

A conference of coal dealers and business men and the mayor and council was held at the meeting of the council Tuesday evening when the coal situation was thoroughly investigated. It was found that the fuel condition in North Platte was alarming and called for immediate and concerted action.

As a result of the meeting the following address to the people was issued by a committee appointed:
To the Citizens of North Platte, and Lincoln County, Nebraska:

The undersigned, committee appointed by the Mayor and City Council of the City of North Platte, Lincoln County, Nebraska, in session on November 25, 1919, to consider the fuel proposition, hereby desire to call the attention of said citizens to the fact that the supply of coal is getting very short, and that the distribution of the entire supply for the entire United States has been placed in the hands of the Railroad Administration, and that it will be impossible to obtain coal in the near future for anything except absolute necessities, and in order that our people may be saved from suffering from the cold, the Mayor and City Council of the City of North Platte, have ordered the shutting off of the street lights at 11 o'clock p. m. and from after the evening of November 26, 1919 the street lights will be shut off in said city until the situation as to coal is changed.

We desire to request that the following regulations be placed in force by voluntary action of our people, viz:
That the pool halls cigar stores and drug stores close at 10 o'clock p. m.
That all the other stores open at 9 o'clock a. m. and close at 5:30 o'clock p. m. except Saturdays when all should be closed at 9 o'clock p. m.

That all meetings of our church people be consolidated as much as possible, that is, that two or three congregations hold their meetings in one place.
That all entertainments and all athletic exercises be dispensed with in the school houses of the city except when absolutely necessary.
That all picture shows hold but one entertainment.

That only indispensable lights be used in all business places and private residences.
That lodges meet only as often as is absolutely necessary.
That the public refrain from holding dances at places where extra fuel and lights must be used.

That all restaurants and hotels are called upon to use extra precaution in order that they may save as much light and fuel as possible.

You are notified that the mayor and city council have appointed J. E. Nelson whose duty will be to oversee the general use of lights in the business portion of the city, and we hope that citizens of North Platte will follow his suggestions in the saving of lights.

You are further notified that the mayor and city council have appointed J. C. Wilson, Fred J. Diener and J. V. Romigh as a committee of three for the distribution of all coal that may be received by any of the dealers in the city, and in order that our citizens may obtain coal it will be necessary for them to make a written application to said committee, which committee will then investigate the situation, and as much coal delivered as necessary, taking into consideration the supply on hand.

A. F. STREITZ,
A. E. BELL,
J. G. BEELER.

COMMISSIONERS' PROCEEDINGS.

November 24, 1919.
Board met pursuant to adjournment. present Koch, Heringhausen and Springer.

Moved by Heringhausen and seconded by Springer that Project Q be approved, and that the state engineer be requested to submit the project statement to the U. S. Secretary of Agriculture asking for federal aid to construct the road as outlined on the prepared map.

Adjournd until December 1 1919.

**LABOR PARTY MAKES
DECLARATION OF PRINCIPLES**

The work of organizing the labor party was completed at Chicago Tuesday night by the election of a national committee composed of one man and one woman from each state and the adoption of a declaration of principles. The national organization will call a convention next summer to nominate a candidate for president and vice-president.

Included in the declaration of principles are the following:
Abolition of the United States senate.

Election of federal judges by popular vote for terms not exceeding four years.

International solidarity of labor.
Maximum hours of labor for men and women to be eight hours a day and 44 hours a week.

Minimum wage for workers to be fixed by law.
Old age, unemployment and sick pensions.

Government to own and operate the banking business of the country.
Nationalization of unused lands.
Incomes of individuals to be limited by law.

National initiative, referendum and recall.
Application of the "home rule" principle in state, county and city gov-

**ernment.
Condemnation of the government by
injunction.**

Repeal of the espionage law and all other repressive statutes passed during the war.

Condemnation of universal military training and conscription.
A demand for international disarmament to prevent future wars.

Immediate release of all political and industrial prisoners.
Nationalization of all public utilities and all basic industries.

Criminal prosecution of profiteers and exploiters of labor.
Demand that all government work be done by day labor instead of by contract.

Equal pay for men and women.
Approved woman suffrage.
