Twentieth Century Club.

A large and enthusiastic attendance made successful the meeting of the Twentieth Century Club on Tuesday evening at the residence of Mrs. Harry Cramer who was ably assisted by Mrs. J. W. Fetter and Mrs. J. L. Moran.

An important business session dealing with both state and home affairs included the report of \$369.36 made by the sale of the Red Cross Christmas seals in the interest of the National Tuberculosis Association.

Letters from state senators and representatives favoring the establishment of Recreation Camps for Women were read as answers to the appeal sent to them by the Club.

Arrangements were perfected in regard to Community Nurse the State Red Cross sends here in March for demonstration. Mrs. R. F. Cotterell, Mrs. York Hinman and Mrs. Harbold being named as the committee in charge.

The announcement of the appointment of Mrs. George Frator as Chairman of Economics for the Sixth District by the State President Mrs. John Slater was received with acclaim, the same being added honors to both President Frator and the Club.

Mrs. Joseph Roddy as Chairman of the program for the second lesson in Citizenship introduced, in her own inimitable manner, Mr. Hershey Welch who gave a most interesting and instructive talk on Cities and Counties. The program concluded with a charming piano solo by Miss Betty Turpie and a beautiful dance in fairy costume by little Miss Huxoll. Dainty refreshments rounded out a most enjoyable occasion.

"Parlor, Bedroom and Bath."

In point of attendance at the theatre, the current theatrical season is the biggest in the history of the American stage and it has been noticeable that laughter is the one thing that theatre goers are searching for. It is perhaps no wonder then that "Parlor, Bedroom and Bath," the funniest and cleverest of the A. H. Woods' farce successes, is breaking all records on its trip toward the Pacific coast, and it is booked for the Keith Thursday evening, January 22nd.

This play is practically one long laugh from its opening curtain to its closing scene. Its basic idea is chuck full of comedy—the meek young husband trying desperately to live up to a false reputation as a Don Juan, when he trembles even at the sound of a kiss! Hilarious predicament is piled on hilarious predicament till the laughs literally overlap each other. That the cast includes such names as Eda Ann Lake, Walter E. Perkins of "My Friend From India" fame, Will Archie of "Wildfire" and "The Follies" memory, Fred I. Lewis, Etta Bryan, to mention only a few, is a guarantee of the type of finished performance that will be given. This is the original New York production on its way to the Pacific coast.

Miss Dorothy Stanton, who had been visiting her aunt, Mrs. Fred Thompson for the past two months, returned to her home in Pueblo yesterday.

Dixon & Son, Sight Specialists.

The census enumerators in North Platte were supposed to complete their work today, but we understand that they are not much more than half finished in any of the four wards. The enumerators are striving to make the enumeration complete and this requires more time than though the work was incompletely done.

To Episcopalians.

If you are an Episcopalian you should be in church Sunday morning at 11 o'clock. This is the day that all loyal churchmen are asked to lay everything else aside and make the Lord's business their business. If you are a regular attendant don't fail. If you are one of the hap-hazard, indifferent kind, wake up; come out and show where you belong. The great church to which you belong has issued a nation-wide call to her children. If you have been baptized you are a member; the balance of the family expect to see you there. Mr. Gehring of Omaha, will be here to take charge of the nation-wide movement and wants to see every baptized member in church. No subscriptions will be taken at this morning service, but you will hear a message of what is being done throughout the entire church. Do you know that here are nearly one hundred members of the Episcopal church in North Platte that appear to be feeding swine in a far country. (15th chapter St. Luke, 11 to 32.) Seriously now, if you are one of them, don't you think you should come to yourself and return to your Father's house. You are not playing fair when you use the church as a place to go to be married and to have her bury your friends and family and then forget at once that if it were not for the church you would not have a free government in America today; that your home would not be in a christian land. Come, let us arise and go to our Father.

Section Foreman in Trouble.

Jack Ross, section foreman for the Burlington at Wallace and Wm. Rist of the same village, are in jail charged with obtaining money under false pretenses. It is charged that Ross, as section foreman, carried Rist on the payroll while the latter was not in the employ of the company and in this manner secured from the Burlington company about one hundred and twenty dollars. The two men were arraigned in court Tuesday, pleaded not guilty and the hearing was set for January 23d. It is supposed that Ross divided the money fifty to fifty with Rist.

All parents of senior high school pupils are urged to be at the high school auditorium Monday afternoon at four o'clock to meet with the parents of the junior high to organize a parent-teacher association for both the junior and senior high schools instead of a separate organization for each high school. Signed, Lura Erb, Secretary Senior High School Parent-Teacher Association.

Little Louise Rayer came up from Brady yesterday to join her aunt, Mrs. Carroia Gigalotti, who has been a guest at the L. L. Hastings home for several weeks past. Louise will accompany Mrs. Gigalotti tomorrow to her home in Chicago and make her home with her.

To Owners of Fords and Fordsons

Mr. R. C. Calhoun, superintendent of the Hendy-Ogier Co's Machine Shop, has just returned from the Ford and Fordson Factories at Detroit after five weeks of thorough instruction in all branches of the mechanical and electrical work. We also have culled our mechanical force of the poor mechanics which we had to employ during the war, and now Mr. Calhoun has the best Ford mechanics in the city. With his supervision we are in position to do all classes of work in a first class manner. We also have the best equipped shop for Ford and Fordson work between Omaha and Denver. We have reboring and rebabbing machines and can handle any outside work sent in. Now is the time to have any tractor work done that is necessary before the spring rush starts.

Remember we use only GENUINE FORD PARTS.
