Old Letter Settles Case.

Wilmington, Del.-An age-worn, tattered letter and three words in the codicil of Jesse Chandler settled a long-pending case in the court of chancery recently when Chancellor Curtis issued an order that Samuel M. Harvey of West Chester, Pa., be paid \$14,500 from the estate. Harvey's wife, one of the 38 legatees he was suing. lost the suit, but will have a half share in the money awarded. Harvey had agreed with Jesse Chandler to buy 166 acres of farmland in Christiana Hundred for \$20,000. When Chandler died before the deal was completed he stipulated in his will that the farm should be sold for that amount to Harvey. Meanwhile the farm had been sold for \$34,500, and while the legatees contended that the entire amount should be divided, Harvey claimed that only \$20,-000, or his agreed purchase price, should be divided. The court upheld his contention.
