

North Platte An Important Place.

It is your town and our town that is passing the 10,000 mark in population. The next 10,000 will be easier, if we do our part. This is why the P. F. E. Co., Nebraska Telephone Company, the Standard Oil Company and one or two other important and large enterprises, which we cannot mention at this time, have chosen our town as being the third city in Nebraska and a city of unlimited possibilities because of its location and drawing territory.

If You Have Money To Invest.

In North Platte you can't possibly go wrong. Do it today. Pledge yourself to own a home or more vacant lots for the building of one. The demand is growing greater day by day, the increasing enterprise and growing population warrants a substantial increase in all property values and the business demands are even as great or greater.

The Opening Of Bellevue Addition.

February 10th means much to you. The sale of these lots close February 15th, only five days to buy them at the present prices. \$250 for corner lots, \$200 for inside lots, \$10 down and \$10 per month. 8 per cent interest payable quarterly and a 5 per cent discount for cash if desired. These prices and terms are good only to February 15th, after that date the lots not sold will be advanced in price. Located as they are they are bound to double and treble in value before 1922. The interest on your money is not a drop in the bucket. Buy a bunch of these lots before February 15th and watch them make you money. **Phone, Call or See the**
