

## HER LIFE WAS SAVED!

Kansas City, Kan.—"About twenty-three years ago Dr. Pierce's Favorite Prescription and Golden Medical Discovery saved my life. I became very ill with a severe cough and bronchitis. At times I would get so badly choked up that I would have to sit up in bed to get my breath and in a short time I began to suffer with dropsy. I doctored but did not improve, in fact, I got so bad I was bedfast and had to have a nurse. The doctor told me the only thing that would help me was a change of climate. He advised me to go to a southern climate. I know of Dr. Pierce's Golden Medical Discovery and decided to try it. I had my nurse get me two bottles. The first night I had her give me just a few drops every few minutes and by twelve o'clock I was asleep, a thing I had not done for about three weeks. The next day they gave me this medicine every half hour and after that as directed. I kept up its use until I was a well woman. It not only cured me but I was in better health than I had ever been and since that time I have always taken 'Favorite Prescription' whenever I was badly run-down or in need of a tonic and it has never failed to help me. I am glad to recommend Dr. Pierce's medicines."—MRS. SARAH COLEMAN, 1420 Wood Ave.

**Run-down—Weak—Nervous**  
Omaha, Neb.—"I was at one time greatly benefited by taking Dr. Pierce's medicines. I became all run-down in health, was weak and nervous and was greatly in need of some good tonic to build me up and give me strength. I took the 'Favorite Prescription' and the 'Golden Medical Discovery' and they proved to be just what I needed for they built me up and restored me to good health. For this I am very thankful, indeed."—MRS. JENNIE RICHARDSON, 537 S. 25th Ave.

**Constipation and Sluggish Liver**  
Don't take chances. Get Carter's Little Liver Pills right now. They never fail to make the liver do its duty. They relieve constipation, banish indigestion, drive out bile and cure the blood, dizziness, stop dizziness, clear the complexion, put a healthy glow on the cheek and sparkle in the eye. Be sure and get the genuine.

**Small Pill—Small Dose—Small Price**  
DR. CARTER'S IRON PILLS, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Sleeplessness and Female Weakness.

**Never Took the Ax.**  
To a small son's insistent inquiry as to where he was going each morning when he left for his work a lawyer always said: "Over to the courthouse. I got an ax to grind with a fellow over there." Little son wrinkled his brow every morning over this answer and one morning he said: "Well, it's funny I never see you take the ax with you."

**How's This?**  
We offer \$1000 for any case of cataract that cannot be cured by HALL'S CATARRH MEDICINE. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. Sold by druggists for over forty years. Price 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

**All Big Fish.**  
"How are the fish running?"  
"Good and large, sir. So large that a notary public has set up a shack on the river bank."

**Garfield Tea keeps the liver normal.**—Adv  
Common sense is none too common.

## AFTER 7 YEARS—STILL WELL.

Now Enjoys Best of Health and Does Her Housework Unaided

"I didn't enjoy one day of good health for more than two years," says Mrs. C. E. Wildes, 746 E. Georgia St., Memphis, Tenn. "At first I had nothing more than backache. Afterwards terrible attacks of pain left me weak and limp. My arms and limbs ached. My feet felt weighted with tons of lead. I couldn't walk without a cane and had to be carried to bed every night. I couldn't do a bit of work and kept my people busy rubbing my aching limbs. Sometimes my whole body became rigid. My feet were swollen twice their normal size."

"It almost killed me to pass the kidney secretions. I lost 42 pounds and each day felt I had aged a year. I was so nervous the rattle of a paper made me scream."

"Finally I was advised to use Doan's Kidney Pills and seven boxes made me a well woman. I have enjoyed the best of health for seven years, and have done all my housework without any trouble." Sworn to before me.  
JOHN McNULTY, Notary Public.

## "CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

"Mother! You must say "California."—Adv.

**General in Wrong.**  
When Gen. O'Neill of Allentown first went to Spartanburg, S. C., his train was three hours late. The negro escort appointed to receive him at the station had been dismissed. The general walked. Presently he was accosted by a sentry.

"Who is you?"  
"General O'Neill."  
"Well, you cut the buck and go up there to headquarters to beat the devil and see my captain and explain yourself. We've been waitin' three hours fer you."—Los Angeles Times.

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

**Seek, and Ye Shall Find.**  
J. H. King, A. T. Hunt and H. P. Search are active members of the men's class of Central Avenue M. E. church. Recently a lunch was given by the class at which the three were present. The telephone rang and Mr. King, who had just arrived, answered. The caller wishes to talk to Mr. Search. Mr. King, having been trained in overseas "Y" work, promptly replied: "I don't know whether Mr. Search is here, sir. If not, will Mr. Hunt do?"

## BREAKS YOUR COLD IN JUST A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!—Adv.

**Quite to the Point.**  
"I had a sharp dispute with my husband."  
"What about?"  
"Pin money."

**Shave With Cuticura Soap**  
And double your razor efficiency as well as promote skin purity, skin comfort and skin health. No mug, no slimy soap, no germs, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing and shampooing.—Adv.

A man sometimes longs for tomorrow because he is ashamed of what

# NATIONAL CAPITAL AFFAIRS

## Right-o, Mr. John Bull! To Know Us Is to Love Us

WASHINGTON.—In response to the appeal of the Anglo-American society, Sir George Watson has given the donation and endowment of a chair in American history, literature and institutions in all the British universities.

The foundation of the chair forms the principal educational proposal of the British program for the tercentenary celebration of the Mayflower and the Pilgrim Fathers (1620-1920). The proposal was as follows:

A sum of £20,000 is required for the foundation and endowment of a chair of lectureship in American history, literature and institutions.

If this sum be given by a single donor, the name of the donor will be associated with the chair.

It is not proposed that the chair shall be exclusively attached to one university, but that it shall be used for the general purpose of stimulating interest and study of America in all the British universities.

Neither will the chair be held permanently by one scholar of a single nationality. The scheme provides that it shall be held, for a period of one to two years, alternately by an American and a British scholar or public man—thus drawing upon the best intellectual resources of the two countries, and securing a variety of treatment of the subjects dealt with.

This novel kind of foundation has been selected by a special committee of the Anglo-American society, under the chairmanship of Lord Glenconner.

The committee is of opinion that this foundation would greatly assist to create in Great Britain a wider knowledge of America today, and of the history, literature and institutions of this great trans-Atlantic commonwealth of English-speaking people.

## Virgin Islanders Want Local Civil Government

THE 75,000 people of the three Virgin Islands in the West Indies, which the United States purchased in 1917 from the Danish government for \$25,000,000, think it is high time they should have local civil government. Up to date they have been governed by the United States navy department, which is quite willing to get rid of the job. Congress seems to think that the proposition is worth looking into. Anyway, the senate recently passed a joint resolution, which the house amended. It was evidently slated for passage and at last accounts was as follows:

"Resolved, etc., That a joint commission to consist of three members of the Senate and three members of the House of Representatives, to be appointed by the Vice President of the United States, and the Speaker of the House, respectively, is hereby created to visit the Virgin Islands and to report fully to Congress as to existing conditions in the said islands, and particularly to report and recommend action by Congress, if need there be therefor, with reference to whether the present government under executive direction should be superseded by civil government provided by Congress as contemplated by act of March 3, 1917 (39 Stat., p. 1132), said government being now only temporary in character and by order of the President being now vested in officers of the Navy; also, as to whether Congress should at this time provide for a civil government of the islands by an organic act; also what, if any, legislation is necessary pending the formation and adoption of an organic act, and as to the general conditions existing in the islands. Said report to be filed at the earliest date practicable, and during the Sixty-sixth Congress."

The United States bought the Virgin Islands so that Germany should not acquire them. They are on the way to the Panama canal.

The people of the islands have asked for this commission, their idea being that it should hold hearings and give them a chance to set forth their needs.

## Professor's Rocket Makes Old H. C. L. Look Cheap

EVEN Old H. C. L. isn't in it with this new contraption. The invention of a new type of multiple charge, high efficiency rocket that will penetrate the 200 miles of the earth's atmosphere and possibly shoot to the moon is announced by the Smithsonian Institution.

The invention is the work of Prof. Robert H. Goddard of Clark college, who has tested it, and prediction is made that it will be invaluable to the science of meteorology.

The highest level so far reached by scientists with recording instruments is 19 miles, accomplished with a free balloon. Professor Goddard believes that his new rocket can be sent completely through the band of the earth's atmosphere and into the ethereal mysteries beyond.

With a rocket of his latest designed type, weighing 1,274 pounds initial mass, Professor Goddard claims it will penetrate to unmeasured heights and lead to great discoveries. The announcement from the Smithsonian Institution states that Professor Goddard is at present perfecting the reloading mechanism of his rocket under a grant from the institution, and it is hoped that a demonstration of its practicability and value can be made soon.

"The apparatus," says the Smithsonian announcement, "designed and tested by Professor Goddard is a multiple-charge, high efficiency rocket of an entirely new design. The determining factor of the efficiency of a rocket is the velocity of ejection of the gases due to the explosion of the propelling material. Professor Goddard has raised the efficiency of the rocket from 2 per cent to nearly 64 per cent."

"The great scientific value of Professor Goddard's experiments lies in the possibility of sending recording apparatus to moderate and extreme altitudes within the earth's atmosphere. The nature of the higher levels of the air has for a long time been a subject of much speculation."

## Carranza Needs a "Vice President" Like "Spot"

WHAT the United States could do for Mexico has been demonstrated by the regeneration of three American republics accomplished by virtual protectorates established by Uncle Sam.

The three republics are Haiti, Santo Domingo, and Nicaragua. In the case of Haiti and Santo Domingo the protectorate was established and is still maintained by force of arms. In the case of Nicaragua it was established by consent, though United States marines have maintained order in the republic for nearly a decade.

When asked why the Wilson administration had not undertaken to reform Mexico as it had Haiti, Santo Domingo and Nicaragua, Secretary of the Navy Daniels once explained that there is considerable difference in the size of the jobs.

Haiti is now a going concern, with a complete government of its own, including a president, a congress and an army—all supervised by the United States navy.

Incidentally, the promotion of Sergt. "Spot" (William A.) Miller, United States marine corps, to a lieutenant in the gendarmerie d'Haiti has brought forth the fact that he holds the strangest job in the whole corps.

# Simply Worn Out

## How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells that would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."—Mrs. PAUL PAPPENFUSS, 1325 Stone St., Sandusky, Ohio.

All Worn Out Women Should Take

## GAY AND POPULAR RESORT

Biarritz, in Southern France, Noted as the Scene of European Frivolity and Fashion.

One of the gayest and most popular watering resorts of Europe is Biarritz in France, about forty miles from the Spanish border. Its nearness to Spain has colored its language and architecture somewhat, giving it the picturesque quality of both countries. It is a beautiful place, with its cream-colored, red-roofed villas, dark pine trees, winding walks and crescent of white sandy beach gilded at either end by high, rocky bluffs, rising abruptly from the sea. Before the war it was the scene of frivolity and fashion, rivaling Monte Carlo in its gambling, dancing and display. It was a favorite resort with one of England's more playful kings in his lighter moments. Indeed, its main street is called Rue Edouard VII in honor of him.

The war brought a sudden change of mood to Biarritz. Its gambling casinos and hotels were turned into hospitals for wounded French, and later American soldiers. Grim convoys of warships passed close to its shores on their way through the Bay of Biscay. Numerous ships were torpedoed in sight of the shore by the German submarines lurking along the Spanish coast. The coast was heavily mined, and from time to time the detonation of a mine would shake the town.

**The Reason.**  
"What are you storming about so for?" "We're having a thundering good time."

If opportunity were at sea, lots of people would hesitate on the shore, deeding submarines.

**Volubility Not Wanted.**  
When you find people who can say volumes about nothing you can usually put it down they are short somewhere. A man with ideas that count seldom wears out his vocabulary trying to advertise the idea. He lets the ideas stand on their own feet. The fact is he doesn't need to do so much for a thing that can stand alone. And what's more, ideas have a way of being able to deliver pretty strong argument. When they are founded on truth there is no way of getting back of them. The fact that others refuse to accept them does not discount them. They stand on their own merits to be recognized and used when people learn to appreciate their value. History reveals the fact that her biggest men were men of small speech.

**Proved His Deep Love.**  
A remarkable will has just been admitted to probate in England. It is that of a British soldier, Lieut. Frank R. Kirkley, wounded in action, and who died at the Twenty-fourth casualty station, Italy. The will is written upon the back of a small photograph, autographed "Muriel," and contains only the words: "I leave all to her, Frank E. Kirkley, 13th July, 1917." The identity of "Muriel" was easily established as Miss Annie Muriel Kyrke Smith of Larkhill, Salisbury Plain. The value of the property was about \$1,500, but it causes a heart throb to realize that the last thought of the dying lieutenant was for the woman of his heart.

First law that ever was made was shattered—that which prescribed what Adam and Eve shouldn't do.

Lot's wife was the salt of the earth—and still she wasn't satisfied.

## A Health-Building Cereal

# Grape-Nuts

A satisfying food, greatly pleasing to taste, full of rich nourishment and ready to eat without cooking.

**Needs no Sugar**

Pleasing alike to young and old.
