Politics are Showing Life.

Politics began to show life this week when E. S. Davis filed his petition as a candidate for the republican nomination for legislative representative from the Sixty-eighth district to succeed himself, and Henry Coker of Sutherland, filed for the republican nomination for county commissioner for the Third district. J. S. Koch's term as commissioner expires next January and he has announced that he will not be a candidate for re-election.

Now that these filings have been made it is probable that others will soon follow.

Orr Goes to Cincinnati.

J. Stanley Orr, who under the government administration has been acting as ticket agent for the Union Pacific at North Platte has received word of his appointment as district passenger agent at Cincinnati, Ohio, and is expecting to report there March first.

As Cincinnati was their former home Mr. Orr and family are anticipating with a great deal of pleasure the resumption of relations broken off by the necessities of war.

Mr. Orr's successor as ticket agent in this city has not yet been named.

MRS. STANLEY ORR, Pres. Com.

Subscriptions to Budget.

Committees have been out this week soliciting funds for the Chamber of Commerce budget for the current year, and up to noon yesterday the subscriptions totaled between ten and eleven thousand dollars. The mark set for the budget is fifteen thousand dollars, and by the way business men and others are subscribing the committees feel confident that the \$15,000 mark will be reached when the canvass is completed.

One thing that is gratifying to the committees is the cheerfulness with which those solicited respond, practically everyone subscribing the amount which the committee had assessed against them.

With \$15,000 to use during the year, and with live and progressive officers at the helm, the Chamber of Commerce will accomplish much good for the city and county.

A Brilliant Musical Comedy.

Heroes from Oshkosh do not often hold the attention of New York audiences for an entire season, but this situation occurred with FLO-FLO, John Cort's brilliant musical hit, which he is bringing to the Keith Theatre, Friday, Feb. 27.

This young man from the Wisconsin village is loved by an American heiress, who is betrothed to a bogus Spanish Count; and FLO-FLO, a beautiful crest model who is a vampire at heart. Billy, as he is known in the program, is ably assisted in his romantic career by the only comedy chorus in existence, every member of which is a perfect "35." The Bride Shop—Lingerie Emporium—is the gorgeous setting for the scenes, with its living models draped in gorgeous diaphanous costumes.

Titan 10-20 Kerosene Tractor

REMEMBER this when you buy a tractor—Harvester service is a reliable and very important thing you get "thrown in" when you buy the tractor named above. It safeguards your entire outfit—Power, Machine, Hitch! Later on, if you need a tractor part you will get it with the same dispatch and certainty of perfect fit that you have experienced in connection with your binders and mowers.

Titan 10-20 kerosene tractor is built to operate from start to finish on low-priced kerosene (coal oil), or distillate. It does more than simply run on kerosene—it delivers its full-rated horse power or does any kind of work within its capacity on any kind of oil fuel above 39 degrees Baume.

This means that at the present prices of gasoline and kerosene in this locality you will save fully one-half your fuel costs over a tractor of equal horse power operating on gasoline. Getting down to a dollars-and-cents basis, if a Titan 10-20 is used, you will be able to make a saving of \$1,000 on fuel alone in five years of 1,000 hours' work each.

A Titan 10-20 will furnish dependable power in all seasons. For field, road or belt work it can be used day and night if the case demands. It will do this work at the least possible expense. It will be to your advantage to know the Titan 10-20. Come in and look it over. The best time is now.

"Coax Me"

a picture gentle in theme but fragrant with the spring time and love.

Comedy special—

Hungry Lions and Tender Hearts.

Are You A Barbarian?

A relic of barbarism is the old stoop and rub method of washing. Years and years ago, before mankind knew anything of modern conveniences, the women of barbaric tribes and half civilized peoples, would go to the seashore or to the banks of streams, and there they would squat with the few ragged garments about them that were to be washed. They would rinse them and rub them on stones and repeat the process until their easily satisfied standards of cleanliness had been met with.

Today, the modern woman has manifold duties compared with the wife of the savage. She has many, many more clothes to wash. On every hand she sees labor saving devices for her husband and his co-workers, and yet SHE BENDS HER BACK OVER A TUB TO WASH JUST AS NATIVES DID YEARS AND YEARS AGO.

Why do you delay installing a modern washing machine in your home? Why do you surround yourself with modern furniture and electricity and running water and numerous other things that make life worth living, and yet persist in using wash boards or dilapidated old machines of the long ago?

Come in and talk it over with us. We want to help every woman in this community to do her washing easier.
