HOMELESS!

Charles of the second second

Constipation, Headache, Colds, Biliousness, driven out with "Cascarets"

Drive nway those persistent enemies of Lappiness-billiousness and constipation. Don't stay headachy, sick, tongue coated, sallow and miserable! Never have colds, indigestion, upset stomach or that misery-making gas. Feel splendid always by taking Cascarets occasionally. Cascarets never gripe, sicken or inconvenience you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little and work while you sleep .- Adv.

Never the Same After That. As I was making a hed one Monday morning a friend came to see me. She walked right in and not seeing me, said: "Are you at home?" I said. "Oh, yes, I never go visiting Monday When I thought how 't morning." sounded, I was awfully embarrassed. and she never acted the same toward

OUCH! LUMBAGO PAIN! RUB BACKACHE AWAY

me.-Exchange.

Instant Relief With a Small Trial Bottle of Old "St. Jacobs Oil."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is crused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oll" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oll" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.-Adv.

Butlers Are Scarce.

"The servant problem in gilded circles must be acute.'

"Why do you think so?" "I see where the wife of a multimillionaire has brought suit against the wife of another multimillionaire to recover the person of one English butler." -Birmingham Age-Herald.

· ROAD · DRAINAGE IS BIG ESSENTIAL Chief Requirement of Good Earth Road Is Drainage-Keep Crown

It can be truthfully said that drainage is the chief essential in putting earth roads into proper condition. An old Scotchman, an expert road builder, aptly said that the three requirements of good earth onds are drainage, more drainage, and still more drainage. The roads must not only have good surface drainage but must also have good unler drainage. Surface drainage is sezured by proper grading, adequate side ditches, and by keeping the crown of the road properly dragged. Stretches of road that do not dry out quickly

Properly Dragged.

must be under-drained by tile. The drag must be used after each rain, if the best results are to be sesured. Don't go on the road while too muddy, let it dry out slightly; it should he wet enough, however, so it will not

Several of the Grain Belt States Annually Expend Over \$3,000,000 in Constructing and Maintaining Roads, Bridges and Culverts.

crumble, but smear. When properly used, the drag brings a thin layer of earth toward the center of the road which is rolled and packed between the wet periods. If too much crown is secured by dragging, the angle of the drag should be reversed.

Getting the earth roads graded, ditches open, well drained, and properly crowned by dragging is about all that can be dor - until the people are ready to surface the road with gravel, | tire surface of the earth at about 36 broken stone or some other surfacing material.

Typhus, Cholera and Influenza Are Rapidly Depleting the Population -Cold, Hunger and Despair Are Lot of the Living.

Helsingfors .- Reports of serious living conditions at Petrograd have been received by Prof. Hermann Zeidler of Viborg, showing that typhus, cholera and influenza are taking a heavy toll of the depleted population.

Up to January 15 deaths in Petrograd were reaching a total of 3,000 a day. The coffin factories could turn out only 1,000 coffins daily, and most of the bodies were being carried into the country on sleds and left in the snow.

Many bodies were being dropped through the ice in the River Neva, Funerals were prohibited owing to the scarcity of horses and because of the depressing effect of funeral proces- patiently for what will happen next. sions.

Necessary for Many States to Postpone Expenditure of Federal Funds for Building.

David F. Houston, secretary of agriculture, in his annual report, calls at tention to the fact that the 1919 pro gram for federal aid road building is greater than any previous annual road-building accomplishment in this country. It is so great, in fact, that it undoubtedly will be necessary for many of the states to postpone until 1920 the expenditure of the federal funds, because of the necessity of developing experienced contracting and engineering organizations from the stagnant conditions brought about by the war. Under the terms of the federal aid road act, the apportionment to a state for any one fiscal year re mains available for expenditure until the close of the succeeding year. It is estimated that funds already provided will be sufficient to finance next year a program more than four times greater than any that has ever been undertaken.

GOOD MARKET IS REQUISITE

Prime Essential for Successful Diversified Farming-Bad Roads Are Drawback.

Farmers sooner or later learn the desirability of diversified farming. Perhaps no cause limits farming of this description so much as bad roads, for the prime requisite for successful diversified farming is a good market. This market may be either a nearby town or a city, or a distant market which requires railroad transportation.

ADVANTAGE TO AGRICULTURE

Time Saved in Hauling Over Improved Roads Really Reduces Cost of Transportation.

One of the great advantages of improved roads to agriculture is the time saved in hauling, which in reality amounts to a reduction in transportation costs.

BIGGER TAXES ON BAD ROADS

Lost Time and Labor on Poor Highways Will More Than Build and Maintain Good Road.

tax. The American farmer pays greater taxes on bad roads than he does on the construction and maintenance of good roads. The time and labor lost on bad roads will more than pay the tax levy to build and support a good road.
