FRIDAY, APRIL 9th, 1920.

Announcement of M. P. Kinkaid for the Republican Re-nomination for Representative in Congress.

I respectfully submit to the voters of the Sixth District my candidacy for re-nomination for congress. I believe the record of my seventeen years of service is a guarantee of the efforts I have made in their behalf, also of their confidence in the success of those efforts.

Great changes have come in that period. Agriculture has come to be recognized as the most important of our industries. Irrigation has developed new areas of cultivation, and must continue to do so. Potash discoveries in our Sixth district has made it one of the greatest factors in this country in furthering agricultural development.

My long service has placed me at the head of the Committee on Irrigation of Arid Lands, besides giving me advanced positions on other committees, and has otherwise afforded me an opportunity to be of still larger service to my constituents, and it is because I feel that I can render that better and larger service that I submit my candidacy again to the voters of the Sixth district.

I maintain there should be a more equitable division between the price realized by the producer and that paid by the ultimate consumer, and that this should be accomplished largely by the firm enforcement of existing federal anti-trust statutes.

The cost of labor is regulated largely by the cost of living, and American labor has the right to expect a living wage commensurate with American standards of living as compared with the lower standards of foreign countries.

I favor the reduction of the present heavy federal taxes as far as may be consistent with the actual necessities of the government, based upon truly economical management, outstanding obligations and the maintenance of the integrity of our national credit, and that the masses should be relieved in a measure by shifting a portion of their burdens to the shoulders of those who realized immense profits on war contracts.

Shall support the Soldiers' Four-fold adjusted Compensation bill, recommended by the American Legion.

Am opposing compulsory military training in accordance with the majority sentiment of my constituents.

I deem it my duty to remain in attendance on the present session of congress, which I regret must prevent my return home to meet voters in person.

M. P. KINKAID.

Curtail Damage to Freight.

The district committee for the prevention of loss and damage to freight of which station agent Earl Stamp is chairman, held its monthly meeting Tuesday evening in this city with station agents and employes between North Platte and Sidney present. I. A. Sharon, of the claim department at Omaha was also present. Reports showed that since the formation of this employes' association in January, 1919, the loss of and damage to freight has been lessened to a marked degree and that employes of the freight department as well as train men are more careful in the handling of freight both in transit and at freight warehouses. Shippers will no doubt appreciate the good showing that the reduction of loss and damage to freight is making.

Methodist Church Announcements.

Preaching at 11 a. m.
 At 8 p. m. Dr. Henry Chung will speak on Korea. Dr. Chung was the Korean Envoy to the Paris Conference, a noted compiler of Korean Treaties and author of the recent book, "The Oriental Policy of the United States." You cannot afford to miss hearing this eminent speaker.

Electric scalp treatments for men or women at The Style Shop, Marinello Beauty Parlor, phone 199 for appointments.

ANNOUNCEMENT.

I filed my petition for nomination to the office of County Judge on March 1st, 1920. The primary election will be April 20, 1920, and as the duties of the County Judge are so exacting and the business of such volume and increasing every day, I will be unable to make an active canvass, which I think a judge should not be required to do, thereby eliminating any bias he might feel for favor asked. If the tax payers consider that I have done my duty in their behalf as well as the general public, and without fear or favor, I am entitled to your endorsement by your vote. My official record is open for inspection and I court examination. The office of County Judge is non-partisan.
 Wm. H. C. WOODHURST,
 County Judge.

Lease Part of City Park.

The Park Commissioners have leased the north side of the Fourth ward park to the fair association for a period of twenty years at an annual rental of \$200, and the lease was approved by the mayor and council Tuesday evening. Under the provisions of the lease the fair grounds and grand stand, when not in use by the fair association, are open to use for base ball, foot ball or other civic purposes, without charge, and the lease provides that there shall be no interference with park improvements as embodied under the original laid out plans. The city is safe guarded against liability of accidents, and in other matters.

Now that the fair association has secured a lease, additional grandstand and bleacher accommodations will be provided and additional buildings erected.

Commends Fair Association.

At a recent meeting of the Public Welfare Board a resolution was passed commending the county fair association for the good accomplished and urging that the fairs be continued, at the same time recommending that care be exercised to eliminate any gambling that might be engaged in by the concessionaires.

The board accepted an ordinance regulating public dances and providing a license therefor, and the ordinance has been presented to the mayor and council for passage.

Since March 16th eight cases have been reported and investigations have been made.

COMMISSIONERS' PROCEEDINGS

April 5, 1920.

Board met pursuant to adjournment, present Koch and Springer and county clerk, when the following claims were allowed:

Chas. A. McCloud
 Candidate for
Republican National Committeeman

More of a business man than a politician. A man competent to do big things. A great organizer, wise counselor and wonderful constructive ability. In a position to render valuable service to the Republican National Committee. Vote for him.

CHICAGO IS TIED UP BY A RAIL STRIKE.

An unauthorized strike of railroad employes which started a week ago in the Chicago switching district by the discharge of a yard conductor, has spread until it affects 25 railroads and in Chicago had thrown more than 50,000 men out of work, either directly or indirectly.

More than 10,000 union railroad men in Chicago and several hundred at Buffalo and at Champaign, Ill., were on strike. Hundreds of Chicago packing house employes were idle for lack of live stock.

Two "out-law" organizations branded by the established brotherhoods as "rump" unions, had sprung up to challenge the right of the labor heads to lead their men.

In the face of this opposition from within the brotherhoods of engineers, railway trainmen, firemen and engine men and the Switchmen's Union of North America pledged their support to railroad officers in breaking the walk-out and to that end union railroad men throughout the country have been urged to report to Chicago to serve as strike breakers.

TWO FARMS FOR SALE.

I offer for sale the Southwest quarter of Section 27-13-31, located four miles west and four miles south of North Platte on main road to town, R. F. D. route and telephone line past farm, one of the best quarter sections in the uplands, all in native grass; about 90 acres could be broke and would make excellent farm land, balance good hay and pasture land.

Also the north half of Section 33-13-31, nine miles southwest of North Platte, all in native grass and all good hay and pasture land, about 90 acres could be farmed; on main road to town, on telephone line and near R. F. D. route. These farms are well located in good neighborhood and are the best buys in Lincoln county at the price. For price and terms see or address: **GEO. R. MASTERS,** R. F. D. 3 North Platte, Neb.

Most up to date wall paper patterns at the Rexall. 14tf

JACK SERVICE.

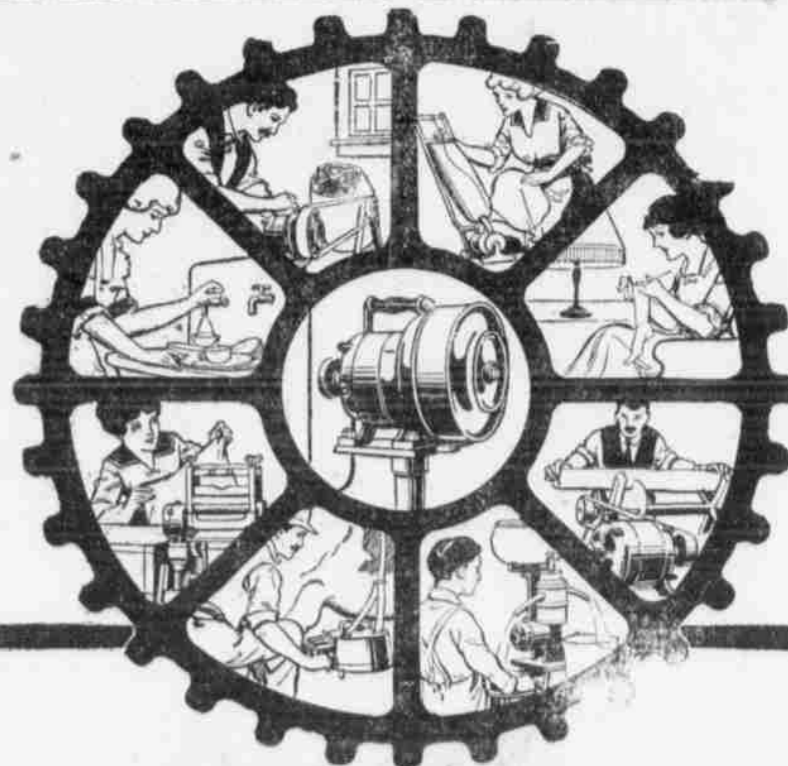

I will make the season of 1920 with my Jack 9 miles southwest of North Platte. My Jack has proved himself a first-class breeder. Terms: \$12.50 to insure mare in foal, \$15 for a live mule. Service fee becomes due when mare is sold or changes hands.
 26-3 **GEO. MCKAIN.**

Misses Amy and Faye Elder returned the early part of the week from a visit in Omaha.

Why Aluminum Discs?

EVERY woman knows that it is much easier to wash and thoroughly clean aluminum cooking utensils. Grease does not stick to aluminum. Just one reason why you use aluminum aluminum discs in the **MILWAUKEE CREAM SEPARATOR**. Aluminum discs do not rust or corrode like the tin-plated steel discs of other separators. Still another reason why you use aluminum discs is to save **MILWAUKEE** discs are made of a special alloy—two ingredients to aluminum steel discs. Therefore, the discs give much greater separating capacity between the milk and cream. The **MILWAUKEE** requires only about half the number of discs used in other separators, to accomplish even quicker, closer separating.
