Ask your best informed motorist friend what kind of ignition he would prefer on his car and you will find that at least 9 out of 10 will say Bosch high-tension magneto. Did you know that the Chandler is the only car sold in North Platte with the Bosch magneto equipment? In the medium price field Chandler stands alone for quality equipment, but such cars as Locomobile, Mercer, Winton, Stevens-Duryea and Fiat use high tension magneto ignition. Also to those who keep in touch with automobile progress, almost without exception all the new high grade cars are so equipped, for instance Revere, Rosmer, DuPont, Shaw and Porter, all of which are priced at from \$4500 to \$10,000. Come in and look at the newest model waterproof Bosch on the new 20 series Chandler. J. V. Romigh, Dealer.

The Pershing Campaign.
The Pershing campaign was well financed. It was perhaps the best financed, most voluminously advertised, of all the candidates in Nebraska. It had large numbers of important and influential citizens behind it. A metropolitan newspaper used all its efforts and facilities in support of it. Yet it carried but one county.

The fact was that with no lack of respect to General Pershing, Nebraska did not think it wise to have a military man for president. There was no popular response to the call of the leader. Even had there been a possibility of generating a favorable public sentiment, the management of the campaign precluded that result. It takes working men and especially farmers to carry Nebraska election. The campaign for Pershing was made to seem strictly a business men's government. That was fatal.—Lincoln Journal.

With fifteen drivers, J. V. Romigh and Mrs. Romigh left for Detroit and Cleveland Sunday night to drive out some Dodge, Chandler and Cleveland cars, on account of the general tie-up of freight shipments.

Mrs. Daisy Baker Passes Away.

After suffering for a year with cancer of the bladder, Mrs. Daisy Baker, widow of H. L. Baker who was killed in the local railroad yards in October, 1916, died at the home of her parents, Mr. and Mrs. J. B. Elliott, Wednesday forenoon. The funeral will be held from the Christian church Sunday afternoon at two o'clock. Bereft are daughter Eva and son Willis, her parents, sister Mrs. Fred Tetro who lives south of Brady, and brothers Rafe of Council Bluffs and Frank, A. A. and A. B. Elliott of this city.

The trouble which terminated in her death developed over a year ago, and a specialist who diagnosed her case at that time pronounced no hope for recovery. Her suffering was borne with much patience, and from relatives she received the utmost care and consideration.

Mrs. Baker was a splendid woman and during her quarter of a century residence in North Platte endeared herself to every acquaintance. She was a consistent member of the Christian church and a member of the Rebekah Degree, Royal Neighbor, War Mothers and Loyal Mystic Legion organizations.

A. D. Orr is Doing Well.

A. D. Orr, of Fresno, Cal., a former resident of Lincoln county and North Platte, in ordering The Tribune sent to his address, says:

"Fresno is growing beyond expectations, 60,000 or more, supported by the fruit industry largely. Land values are skyward, vineyards selling from \$1,000 to \$2,000 per acre. I made a profit of more than ten per cent on a valuation of \$2,000 per acre last year. Built a good home on the ranch and bought a modern bungalow in Fresno and am on easy street living in town. Had an income of more than \$13,000 last year on forty acres. Mrs. Laing recently sold her twenty acres for more than \$20,000. Saw George Hammond this morning. He is well."

We find that our stock on blouses is so heavy that we are putting on special sale to reduce the stock, and are offering the public some real prices. E. T. TRAMP & SONS.

J. V. Romigh reports the sale of a Chandler touring car to C. O. Weiland, with which he will tour to California.

Dr. Whiston to Lecture.

Evangelist R. F. Whiston, D. D., known to North Platte people as "Bob" will give his great Chautauqua lecture on the "Humor and Pathos of the War" in the Christian church, on Wednesday evening, May 5th, at 8:15. The proceeds will go for the benefit of the church. Dr. Whiston held a great meeting here when Harry Knowles was pastor and his host of friends will be glad to greet him again. He was eighteen months in uniform and twelve months in France, in Red Cross work and lecturing. He was at Chateau Thierry and the Argonne and as a Red Cross Searcher was close to the front lines. His lecture is a "different" one as it deals with the instructive and humorous side of the war. Mr. Whiston was granted the degree of D. D. for overseas work. He gave this lecture 109 nights in Chautauqua last summer and is engaged for the same lecture this coming Chautauqua season.

Unusual Accident.

A very unusual accident happened here Friday night, when Don G. Thompson had both feet badly crippled by a bullet from a U. S. army 45. Thompson, in company with R. D. Johnson of Ogden and Leon Marion of Colorado Springs, was riding a thru freight; when the train stopped here the boys decided to get off and stay until morning. There was a grip in the crowd, and in the grip was the gun. In getting ready to get out of the ore car in which they were traveling, the grip was dropped, and the gun, which was one of the old hammer variety, was discharged. Thompson was so situated that the bullet entered the outside of his right foot, tore away the bones back of two toes and lodged under the instep of his left foot. He was cared for at Mrs. F. E. Williams' rooming house until yesterday when his uncle, Ed Thompson, of Memphis, Mo., came to take him to Memphis, where his mother resides. All three of the boys are ex-soldiers and were headed for Omaha. Thompson and Johnson started from California and Marion from Colorado.—Gothenburg Times.
