

BEDFAST EVERY WINTER; STOMACH TROUBLE GONE

Mrs. Mershon Found Speedy Relief After 18 Years' Suffering.

"I had suffered from stomach trouble for 18 years and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I commenced taking Milks Emulsion last fall, and before I had taken six bottles my stomach trouble disappeared and I have had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milks Emulsion to the children for croup, with splendid results."—Mrs. W. G. Mershon, Brazil, Ind.

Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Mershon did, have found the same wonderful relief and lasting benefit from Milks Emulsion. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly restores the digestive organs in shape to assimilate food. As a builder of flesh and strength Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price 90c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

WATER WITH ASPIRIN

Bayer Company, who introduced Aspirin in 1900, give proper directions.

The Bayer Company, who introduced Aspirin, tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monocetlicacidester of Salicylic Acid.—Adv.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

ROADS HARD ON AUTO TIRES

Yearly Cost to Owners of Cars is Something Like \$1,000,000,000 in Wear.

A great deal has been said and written, in discussing the roads and road building in the United States, about the wear and tear of automobiles on the roads, but a brand-new element seems to have been brought in by the director of roads of the American Automobile Association, who suggests consideration of the wear and tear of the roads on automobiles. Automobile traffic now wears out something like 40,000,000 tires a year, costing automobile owners something like \$1,000,000,000; and on the roads as they now are, it can be argued, from data already accumulated, that the tractive resistance, otherwise wear and tear, varies from 20 pounds or less on one kind of road to 300 pounds or more on another. The consumption of gasoline also is said to vary with the character of the road on which an automobile is traveling. The idea is surprising, but it seems not impossible that a considerable part of the cost of building a national system of roads that would produce the least possible wear and tear on automobiles would be balanced by the decreased expense for tires.

PLAN FOR CUTTING ASPHALT

Method Shown in Illustrations is Time and Labor Saver—Wire Cuts Through Material.

Asphalt is usually shipped in tin barrels. The metal is stripped off and the asphalt rolled up to the stopping board; the wire shown, attached to the winding drum, is passed over and around the asphalt to a piece of pipe under and ahead of the stop board. When the drum is turned it tightens up on the wire and causes it to cut through the asphalt. Kerosene is poured on the wire to make it pass through the asphalt easily. The barrel shape is first cut in half, then each half is cut into quarters.

which a man can handle easily. In warm weather asphalt is soft, therefore it cannot be cut or broken with an ax or other tool, so this machine is a time and labor saver.—George C. Peck, in Popular Science Monthly.

KEEP ON URGING GOOD ROADS

Improved Highways Are Fundamentally Essential to Highest Advancement of Civilization.

We are doing well in acquiring and building roads at present, and our legislation is to be commended for starting this creditable work; but when we find a travelable road going past every farm, through every village, town and city, then will it be time enough to cease talking "good roads." They are fundamentally essential to the highest advancement of our own civilization.

HELP APPEARANCE OF HOMES

Good Roads Stimulate Farmers to Improve Appearance of Farms and Buildings Thereon.

Along improved roads there is a visible tendency for farmers to improve the appearance of their homes and their outbuildings. In fact, the presence of good roads seems many times to stimulate latent self-respect into practical expression. There is no wonder that a bog of well-nigh impassable mud before one's door should react unfavorably upon the entire family.

All Share in Good Roads.

Good roads benefit more people than any other public institution. Saint and sinner, man and woman and child, young and old, rich and poor—all have a share in the benefits of good roads.

Poor Roads Expensive.

Good roads help in transporting farm products. The farmers of this nation are annually losing \$250,000,000 because of their inability to market their produce at certain times of the year.

Baby Specialists.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splash, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

There are substitutes and imitations as there are for the diamond, for anything of value. One might almost say that that which is not copied has no value. So you have had the signature of Chas. H. The Sure Way to Test Roofing is on the Roof

Some men think that they can tell good roofing by smelling it. Figure it out yourself. How is any man's nose going to tell him how long roofing will last and how much protection from storms, snows and rains it will give.

And protection and lasting qualities are what you pay money for.

The only sure way to test roofing is on the roof.

That is where Certain-teed Roofing has been tested by time—tested for wear—tested for shelter—all over the world.

Certain-teed Roofing has never been known to wear out on the roof. It is guaranteed for 5, 10 or 15 years, according to weight.

Private Brands and Big Profits

Some dealers will try to sell you private brands of roofing, not because they are as good or better than Certain-teed, but because there is more dealer profit in them. Those profits come out of you.

Dealers make a fair profit on Certain-teed, but they are limited to a fair profit because so many dealers handle it and everybody knows the price.

Don't take a gambler's chance on an unknown brand. Buy for known value at a price which is fair to everyone.

Any reliable dealer can get Certain-teed for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

Certain-teed

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.
