The Community Chorus Concert.
As a member of the Community Chorus, the modesty of The Tribune man forbids too free commendation or praise of the concert given by the chorus at the Franklin auditorium Tuesday evening, but such well known vocalists as Mrs. Giffoy, Miss Antonides and Mrs. Arthur Tramp, who are not members, expressed appreciation of the splendid manner in which the choruses were rendered. While the attendance was fair, probably 300, it was hoped that the general public would show their appreciation by filling the seating capacity of the auditorium.

Though handicapped by lack of regular attendance by members—and especially the men—Mrs. Shriver, the directress, did not lose patience, and devoted her best efforts to the work at every rehearsal. Her work as directress was thorough and competent and for her efforts she has the thanks of the members.

Club Year Closes.
The final meeting of the Twentieth Century Club held at the home of Mrs. J. L. Loudon Tuesday afternoon, May 18th, was opened with the regular Community Song under the direction of Mrs. Elizabeth Giffoy.

The club decided to hold meetings every two weeks the ensuing year, the two departments Literary and Home Economics alternating. Although the delegates to the Sixth District Convention were stranded at Alliance on account of storms and did not reach Chadron at and plans with other stranded delegates, they were able to exchange ideas and thereby give and receive inspiration.

At this convention a very great honor was bestowed upon Mrs. Frater by being elected President of the Sixth District Federation of Womans Clubs, which office holds for two years. We consider this an honor to our club also and one of which we are justly proud. President Frater urged as many as can attend the National Convention which convenes in Des Moines in June. She considers it a splendid opportunity as the convention may not be held so near for many years. The campaign against dandelions has not been abandoned and will start just as soon as arrangements can be made to haul them away.

Following the business meeting Mrs. North gave a very instructive and entertaining talk on "Birds" showing that our little "Feathered Friends" are great protectors of our trees both fruit and shade and are really our friends.

Mrs. Tout another ornithologist under whose leadership the program was planned gave an illustrated talk on the subject. She also showed specimens of different kind of birds nests. The entire program was very much enjoyed. Delicious refreshments were served by the hostess, assisted by Mrs. Anna Bogue and Mrs. Sidney Baker.

FURNITURE AND HARDWARE

Remember Your Grandmother's Copper Kettle?

How she prized it? And how she used it for years and years? And brought it out only on special occasions?

What would she have thought of a copper washtub? Probably that it was too good to be true. But it isn't!

Blue Bird

ELECTRIC CLOTHES WASHER

has a 2 1/2 foot copper tub—gleaming outside, perfectly smooth inside, that oscillates and washes clothes absolutely clean, and quicker than you would have thought possible.

BlueBird has only one kind of tub—copper. And copper was chosen because it wears long, retains heat, never rusts or acts chemically on the clothes and is as easy to clean as a china plate. Because it is the best!

Every feature of BlueBird is just as wonderful as the tub. See it today. Call at the store, or phone and arrange for
