

## BIG U. P. BUSINESS IF CARS ARE AVAILABLE.

Genl. Manager Jeffers, of the Union Pacific, passed through yesterday from a trip to Cheyenne. Mr. Jeffers stated that if cars are available the Union Pacific will do a wonderful business this summer, but it was questionable if cars could be secured. The cantaloupe crop of Imperial Valley, California, which will soon be ready for shipment is estimated at twelve thousand cars, and Mr. Jeffers doubted if 6,000 refrigerator cars would be available for these shipments. Thousands of carloads of lumber, canned and dried fruits and other commodities are stored at Pacific coast points awaiting cars, and the car situation, owing to the disturbed railroad labor conditions in the east, is not improving very rapidly. The Union Pacific is one of the few big roads of the country that is "open from end to end"—that is moving freight uninterrupted.

## David Hunter Passes Away.

A telegram received in town yesterday announced the death of David Hunter at Long Beach, Cal. The summons came Sunday and followed an attack of pneumonia. The funeral will be held at Long Beach today. As the owner for many years of the big orchard north of Sutherland, Mr. Hunter was one of the most widely known residents of the county, which prior to his going to California had been his home for thirty or more years. He leaves a wife and one daughter, the latter living at Sutherland and who with her husband had been summoned to Long Beach by Mr. Hunter's illness and arrived before he passed away.

The rain of Sunday night—fifty-five one hundredths of an inch—was followed last night by a fall of thirty-six hundredths. A little hail accompanied the rain last night. The temperature this morning is low, an indication that the fall of hail elsewhere was heavier.

## SECOND WARDERS PROTEST PROPOSED VALUATIONS.

A large number of Second ward property owners met at the court house Saturday and by their presence and vigorous talks protested the proposed increase of property values for taxation purposes. The question was discussed by a number of those present, some of whom were somewhat bitter. Following the discussion a committee was appointed who will confer with like committees appointed from the other wards. The general feeling of the meeting was that if the railroad valuations were raised but eight per cent, real estate in Lincoln county should not be raised in a greater percentage.

Protest meetings will be held in the Third and Fourth wards this week and committees appointed. These committees from the four wards will then meet and decide upon a line of action.

Generally speaking property owners do not object to a fifteen or twenty per cent increase, realizing that the county must have more revenue, but do object to raising valuations varying from fifty to two hundred per cent.

## Sell Residences at Auction.

The four properties offered for sale Saturday by North Platte Realty Auction Co. were all sold. The Platte Valley Bank building was sold to Fred Frye for \$2,300; the Mrs. Rasmussen property at 412 east Sixth street was purchased by Louis Gurldin for \$2,200; the seven room house and three acres of ground was sold to O. H. Thoelecke; and the residence at 1221 west Ninth was sold to Andre P. Ostergard for \$2,500.

The properties sold well, and the attendance at the sales was large. It is the intention of the above company to hold future sales of residence properties, believing that both town property and farms can be sold as successfully by auction—if not more so—than by private sale.

## HOTEL McCABE PASSES INTO NEW HANDS.

At twelve o'clock last night the lease of the Hotel McCabe and the ownership of the furnishings passed from the hands of C. O. Weingand to H. G. Harken and W. S. Cheney, both of whom have been employed as clerks at the hotel, and both of whom have had experience in the hotel business both here and elsewhere. They are thorough-going young business men, and in the change of ownership the McCabe will lose none of its popularity.

Mr. Weingand and family will leave next Tuesday on an auto trip to California, where Mr. W. goes with a view of looking up a location. If conditions satisfy him he may decide to locate, if not he may conclude to return.

The sale of the lease and furniture of the hotel was made several months ago with the stipulation that the transfer be made June first and at that time a partial payment of the contract was made.

Mr. Cheney has been with the McCabe since it first opened with the exception of a few months that he was assistant manager of the Hotel Palace Cafe. Mr. Harken has been employed as day clerk for a year or more past.

The Museum will afford a safe place for all war trophies, relics, battle-flags, insignia, etc., etc.

The Assembly Hall will afford a meeting place for all patriotic societies, composed of men and women who wore the uniform or who did war work.
