F. L. Mooney arrived home the early part of the week from his visit of six weeks in Los Angeles, San Francisco, Portland and Seattle. While in Southern California he traveled about 1200 miles in automobiles and thus saw about everything that was worth seeing in that section of California. He says that the strongest endorsement of southern California is that every Nebraska acquaintance now a resident of that state that he met, expressed no desire to return to Nebraska—they were all perfectly satisfied with southern California. Personally Mr. Mooney considers that section a wonderfully attractive "play ground;" a pleasant place to spend a vacation.

Hear the phonograph that baffled James Montgomery Flagg

Come in and test its marvelous realism for yourself

An audience of 2800 New Yorkers completely baffled! An Official Laboratory Model did it—actually rivalled Anna Case, one of the world's most brilliant sopranos, in a startling test at Carnegie Hall, on March 10th, 1920.

In our store, you can hear an instrument exactly like this famous Official Laboratory Model. You can test it for yourself—and see what a truly perfect realism it attains. We have equipped ourselves to give Mr. Edison's unique Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

The instrument used on March 10th, 1920, in Carnegie Hall, New York, was an exact duplicate of the original Official Laboratory Model on which Mr. Edison spent three million dollars in research work.

We, too, have an exact duplicate of this three million dollar original. We guarantee that it is capable of sustaining precisely the same test made on March 10th, in Carnegie Hall, New York City.

This guarantee will be given in writing,—if you wish.

Our Budget Plan puts this guaranteed Official Laboratory Model within your reach. It's a thrifty way of buying. Ask about it when you come to hear the Realism Test.

Paving District No. 3 Accepted.

At the meeting of the city council Tuesday evening Paving District No. 3, which extends from east city limits to Pine street and north on Pine street to Sixth street, was accepted by the council and is therefore ready to be paved at such time as the council may see fit, following the designation by the property owners of the material to be used. Property owners opposed to paving had filed a protest, but this protest was signed by considerably less than a majority of the property owners of the district.

Paving District No. 6 Created.

In accordance with a petition filed with the city clerk, the city council Tuesday evening created Paving District No. 6, which consists of Fifth street from Pine to the east city limits, a distance of nine blocks. The petition for the creation of the district bears the signature of a big majority of the property owners of the district.

Will Re-Start Campaign.

The campaign for funds for the Boy Scout and Campfire Girls movement which got off on the wrong foot with the result that the total subscriptions were disappointingly small, will be re-started on a different plan and it is hoped that that the necessary \$5,000 will be secured. Committees from the Chamber of Commerce, the Boy Scout Council and the Rotary Club held a conference Wednesday noon and outlined a plan whereby it is hoped the campaign will win out.

Girls are Seriously Injured.

Dora and Della Oliphant, daughters of Mr. and Mrs. W. C. Oliphant, and Muriel Schwaiger, daughter of Mr. and Mrs. Joseph Schwaiger were seriously injured the early part of the week when they climbed into the wagon of the Jewel tea company, and the horse becoming frightened ran away, overturning the wagon and pinning the children underneath.

One of the Oliphant girls sustained a fracture of the collar bone while her sister suffered a fractured wrist and a badly lacerated ear. The Schwaiger girl had an arm fractured, torn lip and loosened teeth. All three were taken to a hospital for treatment and are recovering.

Judge Grimes last evening adjourned the May term of district court, which had been in session for several weeks.

Mr. Flagg's Story

of the Miraculous Proof given at Carnegie Hall, New York, on March 10th, 1920.

"Miss Case draped her beautiful self against the phonograph. One of her song recordings was put on the instrument, and they, Miss Case and the phonograph, sang together. Then she stopped, and her other self continued. Then together again. "I looked away and then back again,—and it puzzled me to determine which was at the bit.

The Pianist

"Then the tallest pianist in the civilized world played a charming thing, accompanied by himself via the phonograph,—lifting his fingers away from the keys now and again. I could see him stop playing,—but I couldn't hear him stop.

The Dark Scene

"Then the big stunt of the recital. "Miss Case began singing with the phonograph. At a certain stanza the house was suddenly darkened. The song went on. I was shooting my ears out like periscopes to detect the second when she would stop. I was sure I got it. Then she seemed to be back again. The flood of lights came on,—but no Anna! Only the phonograph singing away.

It was quite wonderful,—and the audience applauded and laughed. Two girls behind me said 'Googracious!'

Read what the New York papers say: "The twin-ship between Miss Case's singing, and the reproduction thereof, proved so close as to be often indistinguishable." —New York Globe.

"When the lights were lowered, it was impossible to tell when it was Anna Case, and when it was only her voice that was singing." —New York Evening Sun.

"The voice in the fluffy pink draperies and the voice in the mahogany box seemed one and the same." —New York Evening Mail.
