## PLANS ARE MATURING FOR GOOD FELLOWSHIP TOUR.

Plans for the Good Fellowship tour which about one hundred North Platte business and professional men and others will make next week are now well matured and an enjoyable and successful trip is assured. These North Platte boosters, accompanied by a band of twenty-five pieces will leave next Wednesday morning at eight o'clock western time on a special train with Scotts Bluff as the objective point, going over the main line to Sidney, thence across on the Burlington to the Bluffs where the night will be spent. The return trip will be made over the north river branch. Stops of about thirty minutes will be made at each station on the main line as well as on the Burlington and on the branch. In all twenty-four towns will be visited.

In addition to the band music there will be a chorus of male voices who will render selections of popular songs at each stop.

Feature displays to be used in the parades will be taken along, and a number of the merchants have ordered a big supply of advertising novelties which they will distribute at the points visited. Harry Porter, in advertising his White Horse ginger ale, will take along a white horse appropriately named; there will be a clown drum major and several of the boys will appear in fancy costumes.

The good fellows will make a specialty of advertising the big auto races to be held July 3d.

## FLAG DAY EXERCISES HELD YESTERDAY AFTERNOON.

Exercises appropriate to Flag Day were held yesterday afternoon at the Franklin auditorium under the auspices of the War Mothers and which was participated in by other patriotic societies. A dozen or more War Mothers came up from Maxwell to attend the exercises. One feature of the afternoon was an address by Mrs. Alice M. French, president of the National War Mothers' Society and the originator of the organization. Mrs. French is making an official visitation to societies in the west. She is a splendid speaker and a woman of charming personality. The program as published was carried out and the attendance was not as large as the day demanded, the audience was an enthusiastic and responsive one.

Following the exercises at the auditorium the members of the patriotic organizations proceeded to the cemetery where the monument purchased by the W. R. C. and dedicated to the unknown dead soldiers, sailors and marines was unveiled with appropriate ceremonies. The exercises both at the auditorium and at the cemetery were impressive and nicely carried out.

## MANY CARS BURNED IN A FIRE LAST NIGHT.

Sixteen or seventeen cars were either totally consumed or badly damaged by fire at 2:30 this morning at the Ewart garage on North Locust street. The origin of the fire is unknown, as the garage was closed at twelve o'clock last night and there were no employees around. Among the cars destroyed were four new Maxwells and the Westentfeld Paige, the others being cars in for repairs or stored. The presence of the fire was discovered by proprietor Mr. Ewart who rooms over the garage and who sent in an alarm. The fire truck responded, but by that time the flames had gained great headway and the room was a seething furnace of burning oil and gasoline, with now and then an exploding gas tank which shook the building, jarred loose the plastering in an adjoining room. Fortunately the flames were confined to the garage room and as the supply of gas and oil ran low the fire was extinguished. With the density of the smoke in the room the fire was exceedingly hard to fight and subdue. Up to the hour of going to press the loss sustained by Mr. Ewart could not be ascertained, but it will run into the thousands, part of which is covered with insurance, nor could the names of all those losing cars be learned.

The building, which is owned by Julius Mogensen was badly damaged in the interior.

# Confidence Grows!

Since we purchased this store fourteen months ago we have held two big sales. The first one was held at the time we bought the store in order that we might dispose of the stock taken over and replace same with goods of our own selection. The second was held in January of this year. At that time we were overstocked as a result of poor business during the coal shortage period. The object of the second sale was to reduce stock. In both of these sales we accomplished our purpose.

Having held two big sales in fourteen months we were reluctant to hold one at this time even though the cold, backward season this spring had curtailed our normal business and we were again caught with too much stock. But we were forced to accept the inevitable and hold this sale regardless of the fact that sales of all kinds are being held today from coast to coast.

Your response on the opening day is indeed very gratifying to us. Our store was crowded with buyers from early morning until closing time at night. Hundreds were compelled to leave without being waited on. We know you would not patronize us so generously if you did not have full confidence in our business methods. We appreciate this confidence and assure you that we will at all times strive to hold the confidence our efforts deserve.

ATTEND THIS BIG SALE AND SAVE MONEY
