ALLEN CAR THIEVES NOW IN THE PENITENTIARY.

Wesley Mason and Vesper Mason, aged respectively seventeen and eighteen, of Englewood, Colo., and John Erbel, aged nineteen, of Denver, have been sentenced to the Kansas penitentiary to an indeterminate term of from ten to fifteen years on the charge of breaking into garages and stealing cars. Their conviction occurred at Topeka, Kan., the early part of this week, and in pleading guilty the boys admitted that among the cars stolen by them was A. S. Allen's Oldsmobile, which was taken from his garage two or three weeks ago and which was recovered at Kansas City but has not yet been returned to Mr. Allen.

News of the conviction of the three boys was conveyed through a telegram received by Sheriff Salsbury.

Some Facts About Lincoln County.

Lincoln county has 1,525,584 acres of land, and of this acreage 245,366 acres were under cultivation last year, 38,200 acres of which were under irrigation. Last year the county had 18,847 horses and 577 mules, 67,822 cattle and 17,902 hogs. In the number of cattle Lincoln county ranks fourth in the state being exceeded only by Cherry, Custer and Hitchcock counties. Last year the wheat crop of the county exceeded one million bushels, the oats crop 300,000 bushels, the rye crop 247,000 bushels and the corn crop nearly 3,000,000 bushels. In the county 38,000 tons of alfalfa and 110,000 tons of wild hay were grown, and the sorghum crop was 30,000 tons. Our potato crop last year was less than 75,000 bushels.

These statistics are taken from the annual report of the state board of agriculture just issued.

Wedding Wednesday Evening.

Miss Mary Frances Lamplugh and George Myers were united in marriage at St. Patrick's chapel at eight o'clock Wednesday evening by Rev. T. D. Sullivan, of Elm Creek. The bride was attended by Miss Pearl Brodbeck and the groom by Harold Lamplugh. The wedding march was rendered by Miss O'Hare and Miss Trovillo gave a vocal selection during the ceremony. Both the bride and the maid were gowned in white organdie. The couple left on a night train for Denver and Colorado Springs.

The bride is the eldest daughter of Mr. and Mrs. Harry Lamplugh and having been born near town and grown to young womanhood among us, is well and favorably known. The groom is a splendid young man who has made North Platte his home for a number of years and is employed as machinist in the shops.

Clyde Brown Seriously Hurt.

Clyde Brown, son of Mrs. George Brown, who drives a delivery car for the Herrod grocery, was seriously injured this morning when the car overturned on north Locust street near the fair grounds entrance and he was pinned underneath. He was released by men approaching in autos and conveyed to a hospital in an unconscious condition, but at this writing the extent of his injuries had not been determined, though considered serious.

Brown had gotten the car out of the garage, and instead of going direct to the Herrod store had gone north of the track on an evident pleasure ride. He was alone in the car.

POPULATION OF LINCOLN COUNTY ANNOUNCED AS 23,420

A telegram received by Judge Woodhurst Wednesday from Congressman Kinkaid stated that the census bureau reports the population of Lincoln county at 23,420. This shows an increase of 7,736 over 1910, and a percentage of 49.3 per cent.

The announcement of this population is rather disappointing, as it was generally believed that the number of souls in the county would exceed 25,000.

If the enumerators in the rural districts succeeded in finding everybody, the fact is apparent that the increase of people residing on farms and ranches in the county has been rather low in percentage. In this increase of 7,736 in the county, the city of North Platte absorbed 5,653, leaving a gain of but 2,083 in the county outside of this city. It is probable that Sutherland, Hershey and Brady have doubled their population in the past ten years, and there has been some increase probably in Maxwell, Wellfleet, Wallace and Dickens. Taking out the increase in these county towns, it is not probable that the increase of those residing on ranches and farms exceeds one thousand. However, when one considers the tendency of farmers—and especially farmer boys and girls—to drift into the towns, the increase in our strictly rural sections probably makes a better showing than in the eastern part of this state and in other states.

First Game at Home Sunday.

The Ogallala ball team will be here Sunday for a game with the Postoffice team, which claims to be the fastest amateur team in the city. The Postoffice team is composed of local men who play for the sport, and the game next Sunday with Ogallala will be their first game at home. It promises to be a read exhibition of ball, as in the recent game at Ogallala between the two teams the score was four to three. The P. O.'s are going strong, having won four out of six games played with teams of surrounding towns and also won a practice game from the city team. The line up will be: Higgins 3b, Cool c. f., Miltonberger 1b, P. Rauch c. f., Sandall i. f., J. Rauch r. f., Tiley 2b, Trent ss, P. Aman p. McFarland p. Johnson p.

Airplane Stunts at Races.

One of the features to be given during the big auto races on July 3d, will be airplane stunts. Among the events of the air men will be looping the loop with a man standing upright on the plane, jumping from one plane to another while in motion in the air, swooping down to the ground at a sixty mile gait and bodily picking up a man from an automobile, and other stunts of like daring. These acts will be performed between the races.

WILL ORGANIZE COUNTY TO FIGHT GRASSHOPPERS.

John Fowler and G. M. Cary, of Nichols precinct, were in town Wednesday for the purpose of getting started a county organization which would have as its object a warfare against grasshoppers. The residents of Nichols precinct organized a local association Tuesday evening, but in order to wage an effective warfare it will be necessary for all the territory affected with the hoppers to join in the movement.

The hoppers are unusually plentiful this year; they are baby hoppers at present but they mature rapidly and within two or three weeks they will be matured and with their well known voracious appetites will be a menace to crops of all kinds, especially alfalfa and sugar beets. The best method of destroying the hoppers is to broadcast along the edge of the fields a mixture of bran and arsenate of lead. This was used last year by a number of valley farmers and found to be very effective.

Intersection Paving Bonds.

At the meeting of the city council Tuesday evening arrangements were put in motion for the issuance of \$15,000 intersection paving bonds, which sum is the limit that can be issued yearly. This issue will cover the fiscal year which closes July 31st, and another like issue can be ordered following August 1st, thus making \$30,000 available for paving operations next year.
