

# NORTH PLATTE'S GREATEST STOCK REDUCING SALE

Will Come to a Close Saturday Night, July 3rd

OUR reason for holding this sale was stated in our first announcement. A cold, backward season left us with a heavy stock, the enormous investment being more than we could afford, and in view of the tight money situation the country over we decided to reduce our stock to normal at all costs. We can not now say like Wanamaker that we made a fair profit. The fact is that we sold many articles at less than cost to us and profits have been ignored in order to accomplish the one thing we started in to do, and that was to reduce our stock. Now as a great climax to this great sale we offer for this week many extraordinary bargains. Use common sense and buy your needs for months to come.
