Entered at the North Platte, Nebraska Postoffice as Second Class Matter.

FRIDAY, JULY 16th, 1929.

It takes something besides hot air to run a city this size. The city government must have a policy and constantly work towards carrying out the plans which have been outlined. We are not justified in opposing these plans until we know about them. Why not attend the meeting of the City Council and get informed? Could an honest citizen do better than to spend an evening once a month at the meeting of the City Council? We know one fellow who will be there as often as possible.

The vestry of the Episcopal church met this morning and voted Rev. Mackintosh, the pastor, a \$5 a month raise in salary.—Local news item.

Go to it gentlemen. Don't be afraid of getting the salaries of teachers and preachers too high. The church or school committee which raises the salaries of teachers or preachers is to be commended. Often the preachers have to make a personal campaign or offer their resignations before the salaries are boosted but this should not be necessary. We certainly commend this act of the Episcopal vestry and hope to hear of other churches doing the same where their preacher is not well paid.

The appointment of Mr. Sturgis as Postmaster here is the cause of general satisfaction to the community. During the vacancy Acting Post Master Tucker has done well with the force at hand but he has not had the help to carry on the work as it should be done. He has made application for additional carriers and the application has been approved by certain department officials. Now Mr. Sturgis, we will look to you to push this matter as rapidly as possible and get increased postal facilities for North Platte. We want two city deliveries a day and we believe the additional train service will warrant it. Additional routes should be established and we are back of you in any attempt you may make to get these things for North Platte.

FIRST PRESBYTERIAN CHURCH.
11 a. m. service—subject "He Went Into the Mountain to Pray." 8 p. m. Theme will be evangelistic. There will be an opportunity to join the church. The Christian Endeavor will meet at 7 p. m.—for young people. Sunday school at 10 a. m.

Mrs. Geo. White and son Connor returned to Sutherland yesterday after spending a couple of weeks in the city during which the latter underwent an operation for tonsillitis and adenoids.

There was no prohibition that reached the disreputable tavern in which Kate Prentice worked. The calls from this girl's soul didn't reach the Anti-Saloon League. It was only when a gruff, two fisted he-man called for a showdown that retribution reached the sheep-hands. See Antia Stewart as Kate Prentice in "The Fighting Shepherdess" here three days commencing Tuesday at The SUN.

Teachers' Examination.
The next teachers' examination will be held in North Platte on Saturday, July 31st. This is the last examination before school begins.

Irrigation Meeting
At Lexington.

AN ORGANIZATION EFFECTED.

Representatives of Commercial Clubs Hold Conference.

About two hundred representative farmers and business men from the surrounding counties met with the Lexington Commercial Club Monday with Congressman Kinkaid and Senator Hoagland as guests of honor. The object of the gathering was to discuss the subject of irrigation and drainage in the lower part of the North Platte River Valley. Judge Kinkaid gave an address in which he said that the deficit of the government this year was so large that many worthy projects were crowded out of an appropriation. He had investigated and found that there was only a very small sum of money available for making a survey of this part of the valley. He had assisted J. M. Neff, of Lexington, to get assurance from the Reclamation Service that if part of the expense could be raised here the trained men of the Service would be sent here to carry on the investigation and part of the expense would be carried by the Federal government. They estimated that this district should raise \$20,000 as our share of the expense. They proposed to raise \$10,000 in Dawson County and \$5,000 in Buffalo County and have the survey made for those counties. Senator Hoagland protested that they could not carry out their project without the consent and cooperation of Lincoln County and the conference accepted his suggestion and asked us to raise \$5,000 and come in with them.

An Association was formed with an Executive Committee composed of one representative from each community in these Counties. J. H. Moran, Secretary of the North Platte Chamber of Commerce, was named as the representative from this city. When the survey has been made and the cost determined, we will be in a position to secure what federal and state aid we are entitled to get and then raise the balance by bonds, taxation or other legal methods.

Experts from the United States Department of Agriculture have stated that we have even better soil for agricultural purposes than has the Scotts Bluff country and that with the proper drainage the alkali will disappear and with irrigation when needed we can make this whole valley as fertile as any place in the country.

Scales For The Schools.
The Twentieth Century Club has received and will present to the City schools, five standard scales for recording the height and weight of the Luxe Weightless Bath Scales. They are of solid construction, enameled in grey and tastefully trimmed. They register a maximum of 350 pounds and the measuring rod will record height up to six feet six inches. It is a scientific fact that loss of weight on the part of a child is a sure sign of trouble and the determination of a child's weight at certain stated periods is desirable in all cases. Each building is to have one machine. They are so constructed that the children can weigh themselves.

Teachers' Examination.
The next teachers' examination will be held in North Platte on Saturday, July 31st. This is the last examination before school begins.

For Sale.
Modern eight room house, only 5 years old. Same as new. This is a bargain for some one. Will sell on easy terms. Call at the house or see me.

Ask to hear
The NEW EDISON
The Phonograph with a Soul!
which backs this challenge—(reprinted from an advertisement by the Edison Laboratories).

"We are informed that the representatives of talking-machine manufacturers have stated, that they are able to distinguish between a singer's voice, or instrumentalist's performance, and the New Edison's RE-CREATION of such voice or performance."
"We hereby invite responsible representatives, of any reputable talking-machine manufacturer, to listen to such a comparison, in the presence of judges of their own choosing, indicating to the judges when they think they are listening to the artist and when to the New Edison."
"The test will be made with an Official Laboratory Model, taken from stock, such as can be bought in any Edison dealer's store."

Nothing to Do But Feed Clothes Through

Whereas, it costs dollars to send a handful of clothes to the laundry these days—and a washwoman gets more than a college professor—
Therefore, Be it Resolved
That you will do as thousands of other intelligent women—
Solve the Laundry and Labor problems at one stroke—with the

Laundry Queen Electric Washer

It is at once the best, the most complete and lowest priced high-grade electric washer made.
It washes, wrings, rinses and blues the clothes—all by electricity and without a tap of real work.
Come in and let us show you.

North Platte Light & Power Co.

Something Must Be Done

The agricultural problem vitally concerns every citizen of this country. Legislation favorable to the farmers must be enacted. Funds for agricultural development must be provided. The farmers as the food producers of this nation are entitled to our entire co-operation. The Platte Valley State Bank enlists its whole-hearted support in every effort which gives the farmer the assistance and the square deal which he deserves.
