CLEVER LOCAL ARTIST.

Frank Hatch, credit man for the W. R. Maloney Co., is responsible for some very good cartoons which are appearing in the display advertising of his concern. These cartoons show a high quality of skill and give tone to the advertising space taken by the company. The Tribune is running one of these displays in each Friday issue.

E. S. DAVIS HONORED.

Friday evening E. S. Davis, representative from Lincoln county to the state legislature, received from Governor McKelvie his official appointment as delegate from Nebraska to the national tax association which is to be held at Salt Lake City Sept. 6th to 11th. Mr. Davis is not certain that he can arrange to attend but will go if he can as he is especially interested in taxation, having served on that committee in the last session of the legislature.

GOLF TOURNAMENT AT KEARNEY.

The delegation from North Platte who attended the golf tournament at Kearney last week were a day late for the elimination try out but the management to show what good sports they were arranged a special class. This class consisted of the six men from our city and a few Kearney players and some outside club members. Thos. Healey won first prize and Arthur Rush won the runner up prize. The men who attended cannot speak too highly for the manner in which they were entertained. They were Arthur Rush, Thomas Healey, Arthur Plumer, Guy Swope and Edmund Dickey.

DEFEAT SCHOOL BONDS.

The proposition to vote \$30,000 bonds for the enlargement of the Hershey school building was defeated Tuesday of last week. Thirty-seven out of a total of 300 patrons voted, and the vote stood nineteen for and eighteen against. In speaking of the result the Times says:

"It is lamentable in the extreme that so few have the interest of our schools at heart. Thirty-seven—one-tenth of our patrons, at least had the courage of their convictions—ninety-six don't give a D... whether we have any schools or what becomes of the town."

MARY MILES MINTER AN OUT-OF-DOORS GIRL.

She is a Great Sportswoman and Her Latest Reelart Picture Gives Her An Opportunity to Display This Talent.

You're all wrong, folks! You, who thought that because Mary Miles Minter has very blonde curls and a peaches and cream complexion, she is a petted and pampered hothouse beauty whose sole recreation is languishing among silken cushions while she gorges chocolates. We repeat that if that is your idea of the kind of a girl Mary is, you're all wrong.

She is an out-of-doors girl who excels in riding, tennis, golf and skating. Miss Minter has won many a tennis championship and next to riding, that is her favorite sport. No matter how inclement the weather this little freeshair lady never fails to take her morning canter on the back of "Speed," her black, sleek steed. In her latest Reelart Picture, "Nurse Majorie" which will be shown at the SUN Theatre on Tuesday and Wednesday Miss Minter is seen in several scenes riding "Speed" and she's some horsewoman!

COUNTY FAIR PREMIUM LIST OUT.

The Premium List of the Lincoln County Agricultural Society is out and copies can be obtained by writing to the Secretary, North Platte.

NEW TAX LEVY MADE.

The County Commissioners have certified the tax levy for 1920 as 183.64 mills. The total for 1919 was 130 mills. Most of the increase is in the school tax which is increased from 48 mills to 102. The State levy is decreased from 13 to 10.39. The City is increased from 49 to 51.25 while the County remains at twenty mills including the Court House levy. This is the same as it was last year.

UNION PACIFIC EQUIPMENT.

We have reliable information that the Union Pacific has purchased over one hundred new locomotives, including nineteen Mallet, sixteen Mikado, ten Pacific type and thirty switching engines, over 5000 freight cars and 72 passenger cars. Part of this equipment has been received and all of it is promised before snow flies. It looks like this railroad intends to aim at a peace service not war service. Trust the Union Pacific to lead in anticipating the future needs of its territory.

WEB WORMS ACTIVE.

The web worm in the beets has been the cause of a deal of concern among the growers the past ten days. They have shown up in many fields and fieldmen Cady and Bryan have been dealing out the paris green in generous portions and insisting that the growers use the sprayers. This has been done with a marked effect on the pest. The worms eat the foliage of the beets and after they have visited a field it looks much as though it had been visited by a severe hail storm. The effects are similar, in that when the foliage or leaves, which act as the lungs for the plant, are destroyed the growth of the beets are checked. Delays in the beets maturing is extremely serious at this season of the year.—Hershey Times.
