JUNIOR RED CROSS WORKING AT HOME

A DESCRIPTION OF THE PROPERTY AND A STREET OF THE PROPERTY AND ADDRESS OF THE PROPERTY OF THE

Citizenship the First Aim, Says Dr. Farrand.

On the badge of every member of the Junior Red Cross are the words "I Serve." That tells the story of the school children's branch of the American Red Cross and its efforts to bring happiness to children throughout the

Realizing that the time never was so propitious as right now for teaching the highest ideals of citizenship, the entire present program of the Junlor Red Cross has been framed under the very inclusive phrase, "Training for Citizenship Through Service" for others. Since the Junior Red Cross is the agency through which the American Red Cross reaches the schoolboys and the schoolgirls, all its activities are designed to come within the regular school program, and without creating new courses or increasing the number of studies to lend its aid in vitalizing the work of the schools.

"The thing that is needed," says Dr Livingston Farrand, Chairman of the American Red Cross Central Committee, "is not a perpetuation of the Junlor Red Cross, but the training and breeding of sound American citizenship inspired by the true, fundamental ideals of sound democracy. One of the great conceptions in making the Red Cross a contributor to better citizenship in our American democracy is the realization that after all the sole hope of any nation is with the children of the country.

The plan of organization of the Junior Red Cross makes the school-public, parochial and private-the unit, not the individual pupils. Mutual service, helpful community work such as clean-up campaigns, care of the sick, promotion of health regulations, participation in civic and patriotic movements-all these creative agencies designed to translate into life and action the regular school program are parts of the machinery which the Junior Red Cross places at the disposal of the school authorities.

Graded study courses giving practical methods of civic training, supplemented by pamphlets and helpful suggestions, are supplied to the local schools by the Junior Red Cross, An elaborate plan for promoting an interchange of correspondence between chik dren in different sections of the United States as well as with children in foreign lands is being devised and will take a prominent place in the established classroom program.

In promoting the general cause of child welfare, Red Cross courses in home hygiene and care of the sick, first aid, and dieting may be established in all Junior Red Cross Aux-Illaries.

The ideals and the objective of the pledge of service which the pupil takes when he signs the membership roll and pins on his coat the Junfor's badge. The pledge which binds together service and citizenship reads:

"We will seek in all ways to live up to the ideals of the Junior Red Cross and devote ourselves to its service. "We will strive never to bring discredit to this, our country, by any unworthy act.

"We will revere and obey our country's laws and do our best to inspire a like reverence and obedience in those

"We will endeavor in all these ways, as good citizens, to transmit America greater, better and more beautiful than she was transmitted to us!

At the foundation of this school program of the Junior Red Cross is a great love for America's children.

RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a communityfire, flood, earthquake, explosion, bad wreck or tornado-the American Red Cross can be depended upon to follow right at its heels with help for the stricken people. Red Cross relief is almost immediately forthcoming-food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar trouble elsewhere.

During the last year, ending June 80, there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Texas, and tornadoes in Mississippt, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.

In these events of horror 850 persons were killed, 1,500 were injured, 13,000 were made homeless, about 30,-000 families needed help, the property loss was nearly \$100,000,000 and almost \$1,000,000 in relief funds, not including emergency supplies was ex-

To the sufferers from all disasters during the year, the American Red Cross sent \$120,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food canteens and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.

If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be right on hand to help them in every way.

Sam G. Poulus will leave next week to attend the wedding of his cousin, Miss Vera Harvalis, of Stoux City, Ia. While enroute East he will attend the State Fair for two days. His sister, Miss Dora, will return to this city with him.
