

COMMUNITY CHORUS NEXT.

WILL REORGANIZE THURSDAY EVENING FOR THE WINTER SEASON'S WORK.

The North Platte Community Chorus will meet for reorganization on Thursday evening of this week. It will hold its first meeting in the Auditorium of the Central High School. At that time a permanent place for meeting will be arranged and a regular meeting night selected.

Last year was the initial year of its existence and the concert at the close of the season was one of the best production ever given in the city. The individual members of the chorus felt well repaid for the time they gave to the rehearsals and all will be on hand for the coming season. Under the efficient direction of Mrs. O. H. Shriver and with Miss Florence McKay at the piano, the chorus last year was well handled. No funds were available to pay these people for their time and trouble and they did not expect anything. Other expenses of the Chorus were met by dues from the members and a collection taken at the concert.

For the coming year it is proposed to take a sum from the money provided by the one mill levy for entertainment and recreation and use it to pay the actual expenses of the Chorus and is selling them as fast as they can be finished. The out side of the cabinet is white enamel with a plate glass mirror on the front. It is supposed to hang on the bathroom or bedroom wall. The swinging door is opened by a handsome brass furnishing and on the inside one finds a number of shelves and compartments holding boxes, bottles and packages. These are all labeled and numbered so that there will be no confusion in knowing what is wanted and getting the right article. There are medicines for colds, fever, cough, headache, burns, sores, stomach-ache and all common ills with directions for their use and the amount to be given to children of different ages and to adults. There are bandages and tapes with absorbent cotton and a combined syringe and hot water bottle. On the inside of the door is a sheet with definite directions and explanations.

The people want good music; we can afford to pay for it; we have the best local band in the state; we should have the best Community Chorus. It is up to musicians to see that this initial meeting is well attended and that the Chorus is a success. The necessary funds will be forthcoming. Miss Nell Hartman is President and Mrs. R. L. Graves is Secretary.

Mr. and Mrs. J. J. Halligan returned Saturday evening from a two weeks' visit in Eastern Nebraska and western Iowa. They encountered very bad roads both ways.

Mrs. W. J. Hendy and children will leave in a few days for southern California to spend the winter. Mr. Hendy will follow about November first and spend some time in that state.

Esther Alice Jergensen, the four year old daughter of Mr. and Mrs. William Jergensen, of Maywood, died at a local hospital Thursday, following an operation. The funeral was held Saturday afternoon at two o'clock.

There is plenty of shooting, plenty of rough riding, any number of fights and nobody seems afraid of getting mugged up or losing a little skin in "The Untamed" the latest Tom Mix production showing at the Keith Wednesday and Thursday.

Mrs. R. C. Langford entertained eight ladies Friday evening at a dinner party out at the Country Club. Garden flowers were used as decorations. The party was given complimentary to Mrs. Killen, of Denver, who is visiting at the Ray Langford home.

Announcements have been received here of the recent marriage of Miss Anna Preitauer, daughter of C. F. Preitauer of this city, to James A. Waterman of Monticello, Arkansas. Mrs. Waterman grew to womanhood in Lincoln County and has a large acquaintance here.

L. B. Dick left Sunday for Denver where he will make an effort to secure shipments of Colorado coal. The bins of the North Platte dealers are empty, whereas formerly at this season of the year storage stocks on hand aggregated several thousand tons. The coal situation at present is anything but encouraging.

The cold days are soon here and before you spend a single cent for your fall and winter clothes it will pay you to look over the samples of the Logan Knitting Factory of Logan, Utah, at the Palace Hotel Sample Room (Phone 46.) These woolen goods are sold direct from the mills to you.

LOCAL INTERESTS ORGANIZE A COMPANY TO MANUFACTURE HEALTH CABINETS.

The Home Health Cabinet Co. is the latest addition to North Platte's increasing number of manufacturing concerns. It is incorporated by Dr. Fred J. Wurtelle, Everett H. Evans and Ernest W. Rincker. The place of business is on South Dewey Street where a building has been erected as the manufacturing headquarters. Two men are now on the road, giving their full time to promoting sales and more will be added as soon as production can be increased. Local men are being employed to manufacture the cabinets, materials are being purchased from local concerns and local capital is invested in the enterprise.

The company has made up a number of cabinets which are called The Home Dispensary and is selling them as fast as they can be finished. The out side of the cabinet is white enamel with a plate glass mirror on the front. It is supposed to hang on the bathroom or bedroom wall. The swinging door is opened by a handsome brass furnishing and on the inside one finds a number of shelves and compartments holding boxes, bottles and packages. These are all labeled and numbered so that there will be no confusion in knowing what is wanted and getting the right article. There are medicines for colds, fever, cough, headache, burns, sores, stomach-ache and all common ills with directions for their use and the amount to be given to children of different ages and to adults. There are bandages and tapes with absorbent cotton and a combined syringe and hot water bottle. On the inside of the door is a sheet with definite directions and explanations.

In the cabinet is a mailing case addressed to the New Health Cabinet Co., North Platte, Neb. When the contents of any box or bottle in the cabinet, is gone it may be placed in the mailing case with the required amount of money and a full bottle or box of the same kind of medicine is received from the post office and replaced in the cabinet. The idea appeals especially to those who live at a distance from a doctor or a drug store and will undoubtedly meet with general approval.

In "The Untamed" the latest Tom Mix picture which will be shown at the Keith Wednesday and Thursday Tom portrays a whistling cowboy of the shoot better, ride better and fight harder than any of the other cowpuncher's type—a real blue short hero—and by his sincerity in playing his ability to handle a broncho like the real cowboy that he once was, and his naturalness in packing a Colt 45 or making love to wistful little Pauline Stark, who is his leading woman, makes a picture that is well-nigh perfect.

J. A. Leavitt Superintendent of the Nebraska Division of the Society for the Friendless, occupied the pulpit at the Lutheran Church last Sunday morning.

Fred Edney left Monday for a short visit in Keystone.
