Have you seen the new items that have just been added to the Infants Department at Wilcox Department Store?

Mr. and Mrs. Ralph Clabaugh left yesterday for their home in Greeley, Colo., after visiting at the home of Mr. Clabaugh's parents.

Emil Norman, of Chicago, was visiting Joel Sandberg last week. He is employed in the Rock Island depot there and was here on a vacation.

Martin Nickelsen, of Eureka, Col., returned to his home Monday after visiting in this city. Mr. Nickelsen was a former resident of Hershey and well known in this city.

Albert Berry, of Lafayette, Ind., was passing through from the west the first of the week and stopped off here and spent a few hours at the home of Mrs. A. E. Green. Mr. Berry was a resident here in 1894.

He couldn't sell a beefsteak to a starving millionaire—That's what they thought of Andy at the office. Then one day something happened—

What? You'll have to come to the Keith Monday and see for they are calling Andy "Mr. Gray" now.

If you are too busy during the day come in the evening between 6 and 10 to look over our woolen line. I'll be in the sample room of the Palace Hotel every evening until I leave. D. A. FREEDMAN, Agent for the Logan Knitting Factory of Logan, Utah.

While Jesse Smith was at McCook the early part of this week, his Nash sport roadster was stolen by joy riders who succeeded in running the car into the approach to a bridge and damaging it to such an extent that the insurance company allowed him nine hundred dollars to cover the repair bill. The parties who appropriated the car abandoned it following the accident and their identity has not yet been learned.

#### SUDDEN DEATH OF MOTHER YOST YESTERDAY

Mrs. Henry Yost, 416 W. Eighth St. died very suddenly yesterday morning of heart failure. She attended church last Sunday and seemed as well as usual.

Anna Marie Yost was born in Germany, May 12, 1841 and died at North Platte, Nebr., Sept. 16, 1920 at the age of 79 years, 4 months and 4 days. She was married Dec. 6, 1859 to Henry Yost and last winter the sixtieth anniversary of this wedding was celebrated at the First Lutheran Church here.

The family came to North Platte in 1886 and has made this its home for thirty-five years. There were twelve children in the family, three of whom are dead and nine living. Those living in North Platte at this time are Miss Caroline Yost, Mrs. Elizabeth Scharman, Mrs. Anna Brodbeck, Mrs. Ella Thayer, Charles Yost, William Yost and Andrew Yost. Mrs. Kate Austin lives in Omaha and Mrs. Mary Dill in Chicago. These nine children with their families and the husband, Henry Yost, are the immediate relatives who survive.

Mother Yost as she was lovingly called by those who knew her intimately, was a faithful member of the Lutheran Church. She attended regularly and could always be counted upon when religious matters were concerned. She was an earnest Christian, a good wife and mother and a loyal citizen. Our sympathy is extended to those who mourn for her.

The funeral services will be held at three o'clock Sunday, Sept. 19th, at the Lutheran Church.

#### SUTHERLAND WOMAN DIES IN LOCAL HOSPITAL.

Mrs. William Drayton, living just west of Sutherland, died in a North Platte hospital, Sunday Sept. 12, from complications, which at first did not seem to be serious. She was forty-nine years old and leaves her husband and two grown sons. Funeral services were held in the Maloney Chapel with Rev. C. F. Koch in charge and burial was in the North Platte Cemetery.

#### ANIMAL LIFE AT ITS WORST

Woe-Begone Specimens of Dogs, Pigs, and Horses in the Cuban Province of Pinar del Rio.

There are more dogs than any other kind of animal life in Pinar del Rio, the westernmost province of Cuba, and chickens, pigs, ponies and goats rank next in the order named. Dogs may be seen everywhere, but they are lazy and indifferent. Each shack-hold has a few chickens, none of which would have the shade of a chance in a poultry show, but might hold their own at a cocking main.

There are many pigs to be seen, but they are so thin and weakened that the much-abused razor-back looks like a prosperous porker, says the National Geographical Magazine. Each pig is anchored fast to a peg in the ground, tethered to a rope. Knowing that if the rope were passed only about the pig's neck he could wiggle free, the native passes it around the pig in the front of one shoulder and behind the opposite leg, and then draws it tight enough to prevent the pig from backing out of it or creeping through.

The horses one sees are between the Texas and the Shetland pony in size, and so thin that one wonders if they can make a shadow. Milch goats, which are the cows of Pinar del Rio, seem to be the one class of animal able to look fat and sleek.

#### New Rigid Airship is Speedy.

In the latest rigid airship, R-80, as developed by the Vickers people, particular attention was given to the elimination of unnecessary head resistance and the cutting down of weight, and the builders have produced in R-80 a ship of only 1 1/4 million cubic feet capacity, whose performance in speed and endurance is equal to that of R-33 and R-34, which have a capacity of two million cubic feet. The overall length of R-80 is 530 feet, its diameter is 70 feet and its height 85 feet. The total gross lift is 88.5 tons at sea level, and the disposable lift is 17.5 tons. At full power the estimated speed is over sixty miles per hour and the cruising radius at this speed is four thousand miles and sixty-five hundred miles at fifty miles an hour—Scientific American.

#### Artificial Milk on Board Ship.

The milk problem on the hospital ships of the United States navy is solved in a different and highly ingenious fashion. On board the Mercury and Comfort there is now a machine which manufactures milk in any desired quantity, although the ship may have been at sea for weeks. The "mechanical cow" needs to be fed with a combination of unsalted tatter and skimmed milk powder, and it will give milk with any degree of butter fat which is required. It also produces cream that will whip and the fluid which it yields tastes like the best quality of dairy milk and cream that can be procured ashore.

Miss Ruth Hogsett has accepted a position at the Star Bottling Works.

# DO IT NOW!

We believe that you will desire to take advantage of this excellent opportunity to buy tires, which will not be repeated. The prices quoted below are on Firestone wrapped thread fabric casings, all of which are guaranteed for 6,000 miles.

SIZE	PLAIN TREAD	NON-SKID	RED TUBE
30x3	\$13.25		\$2.75
30x3 1/2		\$17.95	2.90
