

EDITORIAL.

North Platte High School has always had a good record in foot ball and it is largely due to the high standard which has been maintained. Coaches Walker, Neville and Baskins have always advocated clean sport and the school authorities have co-operated in every particular. It has been necessary every year to bar some good players out of the game because they were ineligible under the rules of the game and could only play if a false certificate were issued to them. This is the only way because if the coaches or school authorities go to tampering with truth it is reflected at once in the lives of the boys and girls. In some places where the school authorities have not been square in the question of athletic qualifications, the parents have taken it up because of the effect of such practices on the High School pupils. Supt. Littel is reported to have stated before the high school a few days ago that he intended to enforce the eligibility rules strictly and without favor. We certainly approve of this stand and we are sure the community will approve it even if we have to lose some of the good players as we have done in the past. The entire responsibility rests on the Superintendent and the best people of the community are back of him.

LOCAL AND PERSONAL

The Tribune office closes at noon today for the races.
Pearl beads, large assortment. 25% discount. Austin.
Mr. and Mrs. Albert LeDioy came down from Paxton Wednesday to attend the fair.
Andy Wessburg returned Tuesday from a week's visit with his daughter at Ogden.

TOM RAY WINS WRESTLING MATCH LAST NIGHT.

In one of the best matches seen here for years, Tom Ray won two straight falls from Fred Martsen at Fireman's Hall last night. The first fall took 47 minutes and the second 14 minutes. A challenge was read at the ringside from Bobby Bylund who wants to wrestle the winner in the near future. Ray accepted. This match was the first of a series of American Legion Benefits which will be given this winter.

YESTERDAY'S RACES WERE PULLED OFF IN SPITE OF RAIN.

The crowd at the Fair Grounds yesterday was good considering the rain and hail which started about time for the afternoon entertainment to begin. In the Stock Ford race Cecil Lake won first and Bullock in the North Platte Aircraft car won second.
Rhiley won the Platte Valley Special with Woodbury second and Breed third. Bullock won the Fair Special two mile race. We were unable to determine the winners of second and third place from the score card handed to us.

Jennie Mae Reneau, of North Platte and Lloyd Reigel of Loveland, Colo., were married at the home of the bride's parents at Tryon, Nebr., on Sept. 14th. Mrs. Reigel is a graduate of North Platte High School and of Graceland College at Lamoni, Iowa. They will make their home in Loveland where Mr. Reigel is engaged in business.
Ivory goods, 25% reduction. Austin.
We grind our own lenses and offer the quickest of service in replacing lenses. Just bring in the pieces. It makes no difference if we fit them or not we can match them. Dixon & Son.

215 East Fifth St.

GETS EVERY POTATO IN THE HILL

Our Hoover Potato Digger digs up all the potatoes in the field and piles them in neat rows where they can be handled with minimum labor. Designed and developed to its present standard of excellency by a prominent potato-grower, it has proved to be an especially good investment to all potato-growers who have used it.

The shovel is of best quality high-carbon crucible steel and shaped so as to gather the potatoes with the least possible loss. No danger of cutting the potatoes to the extent that a plow or hoe does. Stone guards can be used in stony ground. You can raise and lower the shovel while the machine is in motion. All adjustments are made from the seat by convenient levers.

The vine-separating rear rack has a backward and forward motion that sifts out all dirt and deposits the potatoes in a compact row on clean ground directly at the rear of the machine, while the vines and trash are deposited at one side.

Twelve roller bearings and wide tires on the wheels assure light draft.

Patented Double-Action Front Truck permits the digger to be turned in a very short space.

Solid steel frame, strong main sides of Bessemer steel, beams of best quality charcoal malleable castings, and steel chains and hardened steel rollers that greatly resist wear.

Don't fail to see the Hoover Potato Digger before you harvest your potato crop; its use means greater profits from your potato crop.

Also ask us about Hoover Engine Drive Potato Diggers—two-horse machines under all conditions.

Leypoldt & Pennington, Implements.
