

*We fix Watches and Things Right.*

*Let us test your eyes.*

If your watch is not keeping correct time, do not blame the watch—blame yourself. Perhaps your watch only needs cleaning.

We will clean or repair your watch or anything else that needs fixing, and do it right and charge you for our work only a reasonable price.

We charge you nothing for testing your eyes, and if you need them, only a moderate price for your glasses.

**SALE OF HOGS.**  
 On Saturday, Oct. 23 at Lexington, in the Sale Pavilion, we will sell as classy an offering of Poland Chinas as will go through any sale ring this year.

We have studied the hog business from a practical farmers standpoint for 20 years and have spared no effort possible in developing that type.

The judge at the County Fair said I had a distinct large type with uniformity, smoothness and quality not found in many herds.

We appreciated the compliment most because all our winners and 27 of the 28 head shown by us were of our own breeding.

From our herd of 200 head we will select 15 fall and 15 spring boar pigs including the winners. We will also include 10 sows with litters and 10 open fall gilts, and 10 stock shoats. Come, buy them at your own price. For further particulars send for a catalog to

**Health of the Voice and Throat**

The voice varies in quality from time to time, one day being clear and vibrant, and another day breathy and below normal. A healthy voice is not necessarily a strong or a musical voice. But it is certain that an unhealthy throat and larynx cannot produce a sound that is clear and vibrant and natural.

It is no secret that Caruso helps to keep his voice in condition by chiropractic adjustments. The nerves that control the action of the throat and voice if pinched at their exit from between spinal joints, are certain to reduce the strength of the throat and voice. Chiropractic adjusting frees the nerves and Nature restores health.
