Sunshine comedy—

MARY'S LOBSTER.

The Sun Theatre wishes to announce it has purchased The Associated First National Franchise for this zone which will insure its Patrons the Best Pictures money can buy. The following are a few of the artists now working for the First National.

Constance Talmadge

Henry Lehrman

This trade mark identifies a motion picture as an ASSOCIATED FIRST NATIONAL ATTRACTION, made by an independent star or producer, and accepted for exhibition strictly because of its merit as the best in entertainment.

ASSOCIATED FIRST NATIONAL PICTURES, Inc., is a nation-wide organization of independent theatre owners who foster the production of finer photoplays and who are devoted to the constant betterment of screen entertainment.

## These are my Stars Now!

EACH of them has personally joined hands with me to fight for the freedom of the screen in (Town).

Big Eastern monied interests have threatened to come into (Town) and buy a theatre or build one, in which to give you trust-made pictures. Those interests have tried to persuade these stars—now my partners—to stop their work as independents, as free-acting artists, as makers of big, independent special pictures and go to work for them. The would-be trust finds it too costly to keep pace with the wonderful work of these artists, who reckon neither time, money or effort in making their work the very best in motion pictures.

These stars are determined to continue their work, free from dictation, free from yard-stick regulation, free from time-clock limitations on the expressions of their genius, free to spend whatever money is needed to make their pictures the best you will find wherever you go.

They stand irrevocably for the freedom of the screen, for theatres where you can go assured that your motion picture entertainment will be Art, and not sotted with subtle trust-inspired themes, the stories couched in drama and comedy, hiding efforts to win your favor by

propaganda for the machinations of other trusts.

To that end they have become my partners to preserve the freedom of the screen in (Town).

Together we are going to give you the finest motion picture entertainment you have ever seen. They are going to make the pictures as independents, as free-acting artists, and I am going to present them exclusively in (Town) as an independent, trust-free, home town theatre owner.

Through Associated First National Pictures, Inc., each of these stars and directors has made a long term contract with me whereby you will see their great masterpieces exclusively at the (Theatre).

My business is here, my interests are here, my theatre is strictly a home town affair. I am free to contract for other great pictures, made by capable independent stars and producers. My field of search for the best in screen entertainment is the world. The only pictures I cannot show you are those made by the trust to present in trust-owned theatres, bought or built with money gambled a thousand miles from here on the chance that you will support them in (Town) instead of your home town, strictly local, absolutely independent theatre.
