NORTH PLATTE, NEB., OCTOBER 19, 1920.

No. 81

TEACH THE YOUNG TO PLAY

BOARD OF EDUCATION EMPLOYS SPECIAL PLAYGROUND SUPERVISOR.

The boys and girls of North Platte schools are being taught how to play and what to play. Miss Lillian Story has been employed by the Board of Education as gymnasium director for the girls of the high schools and supervisor of physical education and play at the ward schools. She is a graduate of the University of Nebraska and has had experience in her chosen line.

Miss Story spends half of each day in the Franklin gymnasium teaching three classes of girls from the Junior High School. She has more than 100 girls in these classes. "I like to emphasize Swedish gymnastics more than folk dances or games," said Miss Story when questioned about her work. "Of course, we will play some games in the gymnasium, and considerable work will be done with basketball when the season comes," she continued. The girls of the Junior High School are enthusiastic about the work Miss Story is giving and it will be very valuable to them in their development.

The other half day is spent in the different rooms of the ward schools. This is something entirely new to North Platte Schools and so the Principals, teachers and pupils hardly know what to do yet. Miss Story spends fifteen minutes in each room once a week. She has the pupils go through the exercises she wishes them to practice and she reviews the exercises she has given them previously. She is on one of the play

grounds during the noon hour and after school when the weather is nice. Here she organizes the athletics of the boys and girls and directs their play. This is the work in the grade school. The favorite game at present is Soccer ball for the boys. Each of the ward schools is organized and competitive games between teams from different schools in the city are being arranged. "The boys and girls must learn to be good losers or they can never enjoy competitive games," said Miss Story. "We will try to teach them that they are to do their best to win, but that when they lose they must smile instead of fight."

Later in the year a tournament will be held for the ward schools and at other times parents will be given the opportunity of seeing the results of this training.

LINCOLN CHAMBER OF COMMERCE ENTERTAINS NORTH PLATTE VISITORS.

Over eighty North Platte visitors were entertained at lunch Saturday noon by the Lincoln Chamber of Commerce. Included in this number were the football team and the cadet band. The boys speak very highly of their cordial reception by the Lincoln people. The Tribune extends the thanks of the people of North Platte to the Chamber of Commerce for its hospitality to the boys.

AEROPLANE TAKES PICTURES OF EXPERIMENTAL STATION FRIDAY.

Professor G. E. Condra, of Lincoln, Head of the Nebraska Conservation Commission came to North Platte, Friday from Alliance in an aeroplane and took some moving pictures of the Experimental Station from the plane. These pictures are used in advertising Nebraska and her resources.

INCREASE POST OFFICE FORCE

POSTMASTER STURGIS SECURES TWO MORE MEN AND PROMISE OF A THIRD.

All residents of North Platte living within the carrier district are to have two deliveries a day in the very near future. Two additional carriers have been put on the force and another will soon be added. These men will cover the territory now covered with possibly some slight additions. No deliveries will be made on Sundays and on holidays the deliveries will be cut down or discontinued as the need dictates.

Mr. Sturgis has recommended to the Post Office Department that a new route be established to cover outlying districts of the city. This might be attached to one of the rural routes or it might be a part of the city delivery system. This carrier would have to use some means of transportation as the distance to be covered would be too great for walking.

The Post Office force is now working under difficulties because there is not enough room on the working floor for all of the desks and cases needed to work the mails to the best advantage. With the addition of the new carrier's desks the crowded condition will become worse. Congress has been asked for an appropriation for an addition to the present building but no action has been taken as yet. Possibly room will have to be rented to care for the work properly.

Mr. Sturgis has gone to work energetically to get better postal service and some results have already been secured.

REV. MACKINTOSH LEAVES EPISCOPAL CHURCH IN FLOURISHING CONDITION.

In presenting a gift to Rev. and Mrs. Mackintosh at the farewell reception held in their honor by the members and friends of the Episcopal Church, J. Q. Wilcox told of the work during the past year. He said in part "In less than two years under the leadership of Rev. R. O. Mackintosh, the Parish of the Church of Our Savior has made wonderful advancement both in spiritual and financial ways. He has organized the work of St. Paul's Chapel so that a continuation of the regular church work there will be the result. With the aid of Mrs. Mackintosh the Christian Nurture Series of Church School Lessons was placed in both church and chapel schools, building them up to almost double the former enrollment. The Choir, Ladies' Guild and Ladies' Auxiliary have been re-organized and strengthened and from a haphazard system of financing the Parish, a budget of over double the former amount has been subscribed and church improvements costing nearly four thousand dollars have been made. It has been one of the strongest workers among men that the parish has ever had, not only among the men of the Parish but among the men outside the church."

GOVERNOR McKELVIE WILL VISIT NORTH PLATTE THURSDAY.

A message received from Gov. Saml. McKelvie says he will be in North Platte Thursday, Oct. 21, and will address the voters from the Republican standpoint.

The Methodist Aid Society will meet in the church parlors Thursday afternoon at 2:30. The entertaining committee consists of Mesdames T. G. Thompson, Cruzen, Trotter, Murphy and Jepson.

LOCAL ELEVEN IS DEFEATED

LINCOLN HIGH DEFEATS NORTH PLATTE HIGH BY SEVEN TO NOTHING.

North Platte again took a defeat at the hands of the Lincoln High School squad Friday when Morrison for Lincoln blocked a punt and made a touchdown with a goal, thereby scoring seven points. North Platte was unable to score. The game was watched by three thousand people and was full of thrills. Each school had a band and a crowd of rooters. The following account is taken from the Lincoln Daily Star for Friday:

Lincoln—	Pos.	—North Platte
Morrison	le	Shaner
Packer (c)	lt	Horn
Stowell	lg	Bunnell
Hutchinson	c	Yost
Merritt	rg	Hooley
Austin	rt	Simon
Marriner	re	Overmat
Hugh	qb	Hinman
Thomas	lh	Lock
Wilcox	rh	Adam
Hummell	fb	Walter

Referee—Sam Waugh, University of Nebraska.
Umpire—G. M. Garey, Cornell university.

Head linesman—"Lun" Doyle, University of Nebraska.
Three thousand football bugs gathered at the State University athletic field to witness the annual gridiron clash of Lincoln and North Platte high schools. The North Platters came down in full force with the cadet band of forty pieces and as many students. Ex-Governor Keith Neville who coaches the North Platte team and Superintendent C. L. Littel had charge of the party.

Play was fairly even in the first quarter, although faulty generalship by the Lincoln team halted an offensive march by the Red and Black, which gave promise of a touchdown.

In the second quarter Lincoln profited from the breaks in the luck and recovered a fumbled punt in North Platte territory. Fullback Hummell then threw a forward pass to Halfback Wilcox which was good for twenty yards, Wilcox was downed on the North Platte 4-yard line and Lincoln was in easy distance of a touchdown, but the line bucking ability of Hummell was not called into action and the North Platters took the ball away from the Red and Black on downs. The visitors punted out of danger and during the latter part of the second

period carried the ball to Lincoln's 30-yard line, where the whistle stopped the Neville team's advance. Score at the end of the first half: Lincoln 0; North Platte 0

In the early part of the third quarter North Platte outplayed Lincoln and had the ball in Lincoln's territory most of the time. Lincoln got the breaks in the luck and recovered the ball in North Platte's territory on a fumbled pass from center when the visitors attempted a punt. Lincoln then drove from the middle of the field to North Platte's 20-yard line when the whistle blew for the end of the third period.

Score Lincoln 0; North Platte 0
Lincoln outweighed North Platte, particularly in the line. North Platte played scrappy football all the way through despite the handicap in their weight. The visitors' brand of football was far superior to that of the local warriors.

Lincoln advanced to within three yards of the North Platte goal and lost the ball on downs in the fourth quarter. North Platte then attempted a punt out of danger and Overman's kick was blocked behind the goal.

Morrison left end for Lincoln, recovered the ball behind the goal and put it down for a touchdown. Morrison also kicked goal.

Score Lincoln 7; North Platte 0
Keith Neville's pupils refused to give up the battle after Lincoln scored and carried the ball to Lincoln's 25-yard line where Hummell intercepted a forward pass and Lincoln kicked out of danger. Final score Lincoln 7; North Platte 0.

MACNEIL-WILLIAMS RECITAL DRAWS A CROWDED HOUSE.

The Recital given at the Lutheran Church, Friday evening under the management of Dixon's Music Shop was well attended and the artists received the unstinted approval of the audience. The vocal and violin numbers were given with the Edison Phonograph accompaniment. At times the artist would stop and the re-creation of the artists voice would go on. Those in the rear of the room were unable to tell the real voice from the re-creation. The climax came when the lights were turned off near the close of the rendition of one number and just as the number was finished they were turned on. The absence of the soloist convinced the listeners that they had depended largely on sight in telling whether the artist or the machine was rendering the selection.
