

**Stop That Backache!**

Those agonizing twinges, that dull, throbbing backache, may be warning of serious kidney weakness—serious if neglected, for it might easily lead to gravel, dropsy or fatal Bright's disease. If you are suffering with a bad back, look for other proof of kidney trouble. If there are dizzy spells, headaches, tired feeling and disordered kidney action, get after the cause. Use Doan's Kidney Pills, the remedy that has helped thousands. Satisfied users recommend Doan's. Ask your neighbor!

**A Nebraska Case**

G. C. Drake, carpenter & contractor, "L. St. Broken Bow, Neb.," says: "My kidneys bothered me and a pain set in right across the center of my back. I couldn't straighten up once I got down and it was only by sheer will power I was able to work. My kidneys didn't act regularly. I took Doan's Kidney Pills and several boxes completely cured me."

**HEALS RUNNING SORES**

"I feel it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed."—A. C. Gilbrath, 703 Reed St., Erie, Pa.

For years I have been selling through druggists a large box of PETERSON'S OINTMENT for 50 cents. The healing power in this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic; piles that other remedies do not seem to even relieve are speedily conquered. Pimples and nasty blackheads disappear in a week and the distress of chafing goes in a few minutes. Mail orders filled. Peterson Ointment Co., Inc., Buffalo, N. Y.

**TO KEEP EXPERIENCED HELP**

Colorado Beet Sugar Company Plans to Provide Houses for Mexicans Next Season.

At least one big sugar company in Colorado is already planning a nucleus of Mexican beet workers for next spring. It has just ordered the construction of 25 small frame buildings in the outskirts of Montrose for the Mexicans to occupy this winter, so that they will not drift to other districts and force the sugar company to bring in inexperienced beet workers again next spring.

This year the company imported several hundred inexperienced workers from Mexico. Many of these have become valuable beet workers and the company intends to do all it can to keep them in this locality.

**Wrong Party.**

Harry Carey, the picture star is about as affable a chap as one would care to meet, but once in awhile he does get peeved and this is most likely to occur when the company is on location and is in a hurry to get the work done and return to the studio.

Not so long ago the Carey company was on location in the north country, but instead of finding sunny weather it was cold and cloudy.

This was bad enough, but the explosion came in the tiny restaurant when the chatty waiter remarked:

"The rain will be here in a minute or two sir."

"Who'll want rain?" thundered Carey. "I didn't order any. I'm waiting for eggs—sunny side up!"

**The Best Thing He Did.**

A melancholy looking man tetered into the establishment of a photographer.

"I should like to have a picture of myself weeping beside my wife's grave," he explained.

"I fear I have not the necessary accessories here," said the photographer. Then he added, facetiously, "Couldn't we arrange to have the portrait made at the grave itself?"

"No," said the man; "that's in New York state. It would be too expensive to go there. Just you fix up some kind of a grave here in the shop. I could weep on that. It's no trouble for me to weep anywhere."—Everybody's Magazine.

Love-making of the kind usually found in romantic novels makes the real thing look like 30 cents.

**ROAD BUILDING**

MUCH DEPENDS ON HIGHWAYS

Leading Manufacturers Have Abolished Ton Rating and Are Fitting Trucks to the Job.

Every farmer knows that a horse's efficiency depends to a large extent upon the roads over which it hauls. For example: One horse on a concrete road will pull as much as two horses on a macadam highway. The same load on a good earth road requires five horses and on loose gravel, ten.

Obviously it is to the haulers' advantage to have roads permitting the hauling of maximum loads with a minimum of power.

If a horse drawing two-ton loads over city pavements is sold to a farm-

Trucks Are Mighty Handy for Hauling Farm Products.

er, the seller does not tell the buyer the horse will haul two tons in the country.

The farmer knows his conditions and what he can expect.

In view of the fact that farmers are using an ever increasing number of motortrucks, it is interesting to note what a leading transportation authority recently said about doing this with trucks, that is, calling them two, three, four, etc., ton trucks.

"Obviously it is as illogical for a motortruck manufacturer to label his truck a two-ton hauler as it would be for a horse dealer to say how much a horse would haul. Clearly in either case the load which may be transported depends almost entirely upon conditions. For this reason leading manufacturers have abolished the ton rating method and are fitting the trucks to the job. A transportation engineer goes over the hauler's conditions thoroughly. All his difficulties and advantages are carefully considered, and the proper size unit prescribed. Thus, a truck formerly rated at two tons may be used for a four-ton load in the city, while in an unusually bad section of the country a unit with a larger rated horse power capacity may be necessary, if the owner is to prevent wasteful depreciation."

In other words, manufacturers are taking advantage of the experience gained in horse hauling. They realize it takes "ten horses on loose gravel and one on concrete." They are selling their transportation accordingly.

**APPROVE HIGHWAY PROJECTS**

Preliminary Estimate of Cost of Improvements Is Approximately \$384,900,000.

Up to June 30, 1920, 2,985 projects involving a total of 29,319 miles of road had been approved by the secretary of agriculture. The preliminary estimate of the cost of these projects is approximately \$384,900,000, of which approximately \$163,841,000 will be approved as federal aid. On the same date 2,116 projects representing approximately 15,944 miles had either been completed or were under construction. The estimated total cost of these projects in various stages of construction and completed, is \$200,000,000. The total cost of federal-aid work approved by the secretary in the 19 months subsequent to the signing of the armistice and prior to July 1, 1920, which is approximately \$330,000,000, exceeded by \$63,000,000 the cost of all road and bridge work done by states and counties in this country in 1915. The value of the work completed during that period amounted to \$30,000,000, a rate of construction equaling that of the Panama canal.

**MAINTAINING DIRT HIGHWAY**

Where Patrol System Is Used, Light Blade Grader Is Best Tool to Stand Heavy Work.

The best tool for use on earth road maintenance is a light-blade grader. Where a patrol system of maintenance is used, this system is the very best. The ideal grader is one strong enough to stand the required strain when pulled by four horses in cleaning out ditches and other necessary work that is too heavy for two horses, yet light enough and so constructed that the draft will be such that two horses can easily pull it when doing ordinary grader work.

**LACK INOCULATION AND LIME**

Cause of Failure of Many Alfalfa Seedlings Reported to Iowa Experiment Station This Year.

Out of 1,073 alfalfa seedlings reported to the Iowa experiment station this year, 19.5 per cent failed. Of these failures, 38.7 per cent were due to lack of inoculation, lack of lime, or both. Inoculation is very important. It is estimated that inoculation and lime are beneficial for alfalfa on about nine-tenths of the Iowa soils.

**Rheumatism Comes From Tiny Pain Germs**

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 154 Swift Laboratory, Atlanta, Ga.

**The Housewives Burden**

When a woman is almost distracted from overwork, her home is in disorder, crying children, and on top of all is suffering from backache, bearing down pains, or some other form of feminine ills, then she should remember that hundreds of women in just her condition have been restored to health and regained their youthful strength by taking Lydia E. Pinkham's Vegetable Compound and not rest until she has given it a fair trial.

**Proof that it Restored the Health of These Two Women**

Cairo, Ill.—"Some time ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad displacement. My right side would pain me and I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several doctors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly a grand medicine."—Mrs. J. R. MATTHEWS, 3311 Sycamore Street, Cairo, Ill.

Chattanooga, Tenn.—"I used Lydia E. Pinkham's Vegetable Compound before my baby came when I could no longer keep up. It strengthened my back and relieved me of the ill effect which so often develops at such times. That was my first experience with the Vegetable Compound. Years afterwards I took it during the Change of Life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy, fainting spells. I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to say to other suffering women 'take Lydia E. Pinkham's medicine and be strong.' I will be glad to have you use my name if it will be the means of helping any one."—Mrs. R. A. FAIRBURN, 606 Orchard Knob Ave., Chattanooga, Tenn.
