# Nation-wide Demonstration Sale of Pathe Phonographs and Pathe Records

**Beginning Monday Morning, November 8th**

A sale of Phonographs and Phonograph Records will be opened in this store; the character and magnitude of which is more far-reaching than has ever before been attempted in the history of music.

This is a sale which will be ultimately carried out in approximately five hundred cities and towns of the United States.

It is a move on the part of the Pathe Freres Phonograph Company of New York City, manufacturers, and the retail dealers in Pathe Phonographs and Records to bring the excellence of these instruments and records, directly, forcefully, and immediately to the close and intimate attention of music loving persons, under a plan which offers exceptional advantages to the purchaser.

## The Main Reason for This Sale

The following gives the essential facts concerning this intensely interesting plan: This most unusual sale is a campaign to more directly demonstrate and thoroughly introduce Pathe Phonographs and Pathe Records to the people of this vicinity. There have been 15 genuine Pathe Phonographs, and their complement of Pathe Records, allotted to us for this purpose. This entire allotment is right now in our store and will be sold upon the special terms and conditions mentioned elsewhere in this advertisement and there will be no delay in delivery to you.

While this announcement is most unusual, in itself, yet this alone does not give the full significance of what this sale really means. This special sale of 15 Pathe Phonographs in this vicinity is less than one five-hundredth part of a gigantic co-operative campaign which has been planned to take the Pathe direct to the homes of the people in more than five hundred cities and towns of the United States.

It is the purpose of the manufacturers, through this attractive sale and plan to get twenty thousand more American homes right at this time to know and use and praise and boost Pathe Phonographs and Pathe Records.

Every one of the vast number of instruments required, running well into millions of dollars; every statement made, and every condition of sale accorded the purchaser will be identical. The 15 persons in this town who are so fortunate as to obtain the phonographs we have been allotted, will be given the same price to a penny, and the same conditions and guarantees as the persons in New York City, San Francisco and every other large city where this campaign may be carried on.

This sale is to create a closer acquaintance with and to further popularize the Pathe Phonograph and Pathe Records. And nothing will be permitted, in presenting their claims for your approval, that will in the slightest degree reflect upon their standing or tend to break down the great and enviable name they bear.

## Origin of the Pathe and What is Back of It

The Pathe Freres (Pathe Brothers) Phonograph Co. is one of the great, successful and enterprising houses manufacturing phonographs and phonograph records, of the world.

It is an American Company, with its principal factory located at New York City, and is a part of the world-famous European firm of Pathe Freres, which is this year celebrating its twenty-fifth year in the phonograph industry.

Pathe Freres (Pathe Brothers) are French scientists and inventors and are, today, probably the most distinguished authorities on matters pertaining to tone reproduction. They are the inventors of innumerable devices in the fields of radio wireless telegraphy, the motion picture industry and the phonograph.

The Pathe Rooster shown herewith, which is the Pathe trade mark, is one of the most widely known trade marks known to man. In the United States alone, it is estimated that ten million persons see it weekly on screens of international events shown in the Pathe News at motion picture houses.

And it is this same Rooster, this same great symbol of business honor and enterprise, that we wish, through the medium of this unusual demonstration sale, to more thoroughly introduce to the people of this community.

### R. L. GRAVES.

R. L. Graves, better known as "Lon" Graves, was born on a farm in Maryland, Dec. 4, 1882. He came to North Platte in the early eighties and took a place in the Union Pacific offices here which he held for a number of years. In recent years he has represented the Sherwin-Williams Paint Co. and spent most of his time on the road but still maintained his residence here. About a year ago he became interested in Lincoln County ranches and has taken an active part in this work up to the time of his illness.

In 1918 he married Mrs. C. L. Knatt of Newark, N. J., who survives him. His two sisters, Mrs. Ellis and Miss Elizabeth Graves who also survive him, are well known here.

A few weeks before his death he suffered a breakdown which made him susceptible to the attack of pneumonia, from which he did not recover. He died at his home at 510 E. Fifth St. Nov. 2, 1920, and was buried in the North Platte Cemetery.

Lon Graves was one of the most popular men of North Platte and was universally loved by those who knew him. He was a friend to many and took an active part in the fraternal life of this community. His many friends extend their sympathy to his wife and other relatives and acknowledge their debt of friendship to him. Contributed.
