WOMEN'S CLUB TO AID WORTHY CAUSES THIS YEAR.

At the regular meeting of the Twentieth Century Club last Tuesday it was voted to give five dollars a month for the next year to the Near East Relief Fund. The Club also voted to handle the sale of Red Cross Christmas Seals. The local Club will get one-half the amount of the sale of seals in this County. It anticipates using its share to support a Health Nurse for the schools of Lincoln County. Last year the Club purchased seals for each of the City school buildings.

SATURDAY SPECIAL.

TRIBUNE OFFICE AND SHOP TALK

B. F. Robison, better known as "Bob" Robison, who was formerly printer and linotype operator for several years with The Tribune, has moved here from Chappell and is again on The Tribune force. Mr. Robison is an all-round printer and when he starts in on a job or an advertisement it is put out in first class shape. We have not reduced our force but have taken on another man so that we can better handle the work of the office and put out a better paper.

We have lately received a supply of cover papers in new shades. These papers are used in making notices, envelope slips, folders and as covers for booklets, pamphlets, etc. Big business has learned to make the postage stamp carry a full load and it always incloses one of these fillers with its bills, statements and letters. This is a good habit for any business house which wishes to attract attention to its merchandise.

NEW EDISON

"The Phonograph with a Soul"

We guarantee it to sustain the test of direct comparison with the performances of living artists. That makes it the phonograph you want to give the family for Christmas.

This Official Laboratory Model has won the championship for realism.

Its perfect realism has been tested over 4000 times. More than fifty noted vocalists and instrumentalists made these tests. They compared their living performances directly with the RE-CREATION of those performances by the New Edison. The result was no difference between the two. Four million people said so; they heard the tests.

RED CROWN GASOLINE

Mileage

Red Crown is a thoroughbred gasoline. Every gallon is full of last-drop mileage—*stamina*. There's no falling down, no petering out. You pull up to your destination like a fresh breeze.

Regular users of Red Crown gasoline know how far they can go on a gallon—every gallon. And they don't worry about filling up if their supply ought to carry them to a certain place. It always does, for it is uniform—from one corner of the state to another.

Buy gasoline the same way you buy tires, on a mileage basis. Best results are always obtained by using the same kind regularly. You can do this for Red Crown is sold in every city and along all of the principal highways.

Economize on oil by using Polarine. It is made in four grades, differing in body but not in quality. These grades are:

Polarine Heavy Polarine Extra Heavy

Polarine Medium Heavy Polarine Extra Heavy

For winter use the Polarine and Polarine Medium Heavy grades are recommended.
