Mutual Building & Loan Association of North Platte.

INCORPORATED IN 1887.

Resources \$1,370,427.14.

SAFETY FIRST.

Investors in this association get the benefits of the following requirements of the laws of Nebraska under which it is operating:

First. The association is required to invest only in first mortgages on real estate or the stock of this association.

Second. Such investments are non-negotiable and non-assignable, and can only be discharged by payment direct to the association. This is a very important protection not available to any financial institution except Building & Loan Associations.

Third. The association is subject to the supervision of the State Banking Board.

How well the interests of the investors in this association have been safeguarded is evidenced by the fact that in the more than thirty three years of its operation not one dollar has been lost.

T. C. PATTERSON, President. BESSIE F. SALISBURY, Secretary.

HELPFUL SEPARATE SKIRT

Everyone thinks well of the separate skirt but the business woman, more even than others, has reason to be its devoted admirer. By means of a skirt or so, and a generous supply of blouses and smocks, she is able to give the spice of variety to her daily garb and to tone up her toilette to almost any requirement the day may hold. In wool fabrics the plaid, striped and barred patterns have provided for great numbers of separate skirts, but plain materials have not been wholly neglected. A handsome model for such a skirt appears in the box-plated design shown above.

HI-Y CLUB CONFERENCE PASSED THE FOLLOWING RESOLUTIONS.

Following is a report of the committee on resolutions as adopted by the Western Nebraska Conference of Hi-Y Clubs.

Whereas, the Hi-Y club as an organization founded upon the best religious principles available have gathered here, and

Whereas, its leaders and members are aware of a decline in the social and moral fabric of the young lives of America, and

Whereas, this group of young men here represented having gathered the spirit and aim of the Hi-Y Club will do the right thing in furthering this work, and

Whereas, we appreciate the efforts and encouragements given by the people who have been instrumental in making this convention the success it has been;

Therefore, Be It Resolved, That this convention convert itself into a committee of the whole to devise and foster plans whereby the ethics of our social life may be raised to higher stratum.

Be It Further Resolved, That members of the homes where our young men have been entertained; that the High School boys of North Platte who have helped so much to welcome us, and make us at home in your city; that Supt. C. L. Little and E. L. Stevens of the North Platte High School who have in a large measure organized this convention; that H. W. Kendall, Y. M. C. A. Secretary District No. 5, who initiated this movement here; that the local pastors and speakers who have inspired us by their presence and ideas; that the Rotary Club who sent invitations to the various towns; that the Commercial Club who have supported the financing of this banquet; that especially the ladies of the Presbyterian church who have so magnanimously contributed their services to make possible this splendid banquet, and that the various individuals and committees who have in various ways helped to make this convention a success, accept the hearty thanks of this convention.

Be It Further Resolved, That the representatives of the various towns here return to their homes with a new determination to elevate the manhood first of all of themselves, and secondly of those with whom they associate by stimulating local Hi-Y work to greater efforts and perfecting organizations where none have been before.

Signed: H. W. YOUNG, C. J. BUSSING, M. R. EDWARDS, Committee on Resolutions.

Her Xmas Present

MAKE her a gift of TIME—two hours a day saved from kitchen work—two hours daily to read, visit, enjoy life.

The Sechrist Pressure Cooker saves two hours cooking time a day in the average home, cooking in thirty-five or forty minutes roasts or fowls ordinarily requiring hours.

Sechrist Pressure Cooker

Cooks food more thoroughly because pressure forces 259 degrees of heat thru every cell and fibre. Because steam tight, it retains all juices and flavors. Also prevents food cooking away. Pays for itself in six months by food and fuel saving. Pressure cooking and canning is urged by government bulletins.

Is made of heavy, rolled plate aluminum, smooth, bright, easy to clean. Equipped complete with inset pans. A beautiful, sensible gift. Ask for free booklet with recipes.
