**VICTOR BECK EQUIPS ROOMS IN FOLEY BLOCK FOR OFFICE**  
 The rooms over Hirschfeld's store which Victor Beck has been refurnishing and remodeling for his own use are finished and he has moved in. It might be more correct to say room for it is all in one big room, with the different departments separated by railing partitions. The first room is a reception room furnished for the convenience of his patrons. Opening from this is an office with appropriate furniture and fixtures. The rest of the room is fitted up as a work room with tables, drawing boards and instruments and other utensils found in an architects shop. The walls, furniture and lighting fixtures are in harmony and give a pleasing effect. Mr. Beck has been having his office at his residence but anticipating a busy building season the year, he has moved down town that he might be more accessible to his patrons.

**WARM DISCUSSION IS THE FEATURE OF THE WEDNESDAY MEETING**  
 The program of the Junior High School Parent-Teacher Association Wednesday evening was largely a discussion of the question whether short-hand and typewriting should be required for graduation from the high school. A great many facts were presented, but most of the discussion was the opinion of the speaker or his or her theories. Those taking part in the discussion were Mesdames Scott and Spencer and Messrs. Mooney, Shelver, Goodman, Trout, Wilcox and Littel. The High School orchestra was present and rendered several programs.  
 At the opening of the school pupils from the Cadet Company gave an exhibition drill and a class of boys gave a number of gymnasium exercises and stunts.

**INTERESTING EXERCISES AT THE LINCOLN SCHOOL WEDNESDAY**  
 O. E. Elder was the principal speaker at the December meeting of the Lincoln School Parent-Teacher Association Wednesday evening. As president of the Board of Education he spoke with authority of the work of the schools and told something of the needs of the future. Several selections were rendered by the High School band and pupils of the three upper grades gave a Christmas play. Pop corn and candy was sold by the pupils, the proceeds to go toward paying for curtains for the two cottage schools on the Lincoln School campus. About 150 adults were present.

**THE J. C. ROCKWELL "SUNNY SOUTH" COMPANY**

J. C. Rockwell's big colored show, known as the "Sunny South" company which is announced to appear in the Keith opera house, matinee and night, Saturday, December 25th, is said to be supplied with several of the latter day novelties and excellent vaudeville stunts. It is called the laughter show, as during the entire performance there is not a moment that is slow to the audience; from the rising of the curtain till its final fall there is something to amuse and entertain. It is brim full of the latest songs, jokes and specialties, being the kind that not alone please but have merit as well. A program of genuine originality and surprise is guaranteed by the management, which is strong in declaring that there can be a modernized form of colored musical comedy, which will go far in placing this ever diverting and standard form of amusement on an elevating plane. In organizing the present season's performance the manager, J. C. Rockwell, has overlooked no point, either numerically or artistically, in the formation of this well and favorably known organization. It is somewhat of a novelty and refreshing change from the general run of colored shows. It is more of the musical order; being a speedlaw-defying, zig-zag of rapid fire fun, quick action, jangling surprises and brilliancy of motion; placing the offering far above anything heretofore seen in this particular field of amusement.

We are making a great many young ladies happy this Christmas by supplying the diamond set, Tiffany, fancy green, white, yellow gold or platinum mountings. Young men get busy. The young lady wants a diamond but will not ask you to give her one. She expects it, so do not disappoint her. See us for particulars and prices. We can help you, Austin, the jeweler. Keith theatre building.
