LOCAL REAL ESTATE MEN ORGANIZE AN ASSOCIATION LAST WEEK.

A number of local real estate men gathered at the office of Bratt, Goodman and Buckley last Thursday evening and organized the North Platte Real Estate Association with O. H. Thoelecke president, E. R. Goodman vice-president and S. M. Souder Secretary. The object of the association is to bring about a better understanding among the real estate dealers, to assist the state organization in getting laws for the protection of the people against the shyster dealer and to secure a State Real Estate Board to license the dealers in Nebraska.

LOCAL CAMPFIRE COUNCIL TO MAKE CAMP FOR THE GIRLS AT THE POINTS

The officers of the North Platte Council of the Campfire Girls are conducting negotiations with the officers of the Union Pacific Railroad looking to securing a suitable place near "The Points," as the junction of the North and South Platte rivers is called. They have assurance that a long time lease can be arranged. The Council is planning to earn the money for this camp during the coming winter, so that it can be used next summer.

MILK COWS FOR SALE

I recently purchased a farm with equipment and stock including six Holstein-Friesian heifers four years old freshening now with their second calves. These are medium size, smooth cows in good condition. They are pure bred but cannot be registered as the records of breeding were not properly kept. I am a ranch man and have little use for milk cows. I will deliver one or all of these on track at Paxton at \$100 a head. The freight on a single cow to North Platte is less than ten dollars. Also I will meet any prospective buyer and show him the cows. Phone me.

POULTRYMAN JANDEBEUR WRITES OF PROFITABLE EGG PRODUCTION

In connection with the item in another column of this issue we are glad to print the following explanation of the good work being done at the Experimental Substation by Mr. Jandebaur.

To the Tribune:
I often hear the remark made by poultry keepers that they cannot expect their pullets to lay this early as they are not old enough. All pullets hatched prior to May 1st should have commenced to lay by now; providing they are receiving the proper feed and attention. We have one house of 200 White Leghorn pullets that have been laying since September. The first fifteen days of December they have laid an average of 38 eggs per day and some days they have showed over a 25 per cent production. This is an ideal fall for poultry and anyone who is feeding unproductive birds at this time should look about their breeding for egg production in the future if they care to make poultry keeping profitable.

The following feeds comprise the menu of our poultry flocks:

Dry mash is kept before them constantly in self feeders.
They are given clean fresh water every morning at daylight.

At 9 a. m. they are fed a balanced of moist warm mash; this is fed very sparingly, only enough to give them an eye opener for breakfast.

At a. m. they are fed a balanced ration of scratch grain; 14 pounds for every hundred hens.

At noon they are fed all the sprouted oats they will consume and eleven fresh water.

At 4:30 they are given their evening feed of a balanced scratch grain ration, all that they will clean up by roosting time.

These short days a producing bird must have all the feed they can consume but it is highly necessary that she receive a variety that will balance up and furnish a surplus over body upkeep that will go for eggs and not surplus fat. Ask the birds, their judgment is good.

LOCAL AND PERSONAL

Effie Daly left Monday for Omaha to visit relatives during the holidays.
Frank Hoxie left Monday for Ogallala after transacting business in this city for a few days.

Mr. and Mrs. Meadows and daughter Gloria will leave for Omaha this week. They will visit relatives there during the holidays.

Mrs. P. Dertler, of Denver, was called here by the death of Mrs. Dugan, who died Saturday.

Xmas Candies, 25c a pound at McMichael's Grocery.

C. W. Thell left Sunday for Lincoln where he will spend the holidays with relatives.

A son was born to Dr. and Mrs. J. S. Twinn Saturday. Mrs. Twinn and the baby are doing nicely.

I. D. Evans, of Kenesaw, Neb. arrived yesterday. He has been called here by the illness of his brother J. E. Evans.

Mr. and Mrs. C. R. Simpson, of Cheyenne, passed through the city yesterday enroute to Grand Island where their son will undergo an operation.

"The Bird of Paradise" which showed at the Keith Saturday evening was well attended and gave general satisfaction. Miss Rockwell was well placed and the cast supporting her took the parts very well. The theme was new although the play has been produced for a number of years. It is a play that wears well.
