THE C. J. ROCKWELL "SUNNY SOUTH" COMPANY.

J. C. Rockwell's "Sunny South" company, that swiftly moving panorama of merriment and melody, which is built on new and original lines, that stamp it as original, will be the offering at the Keith Opera House, matinee and night, Saturday, December 25th. In this attraction the management offers one of the decided novelties of the season, introducing the happiest lot of show folks that ever left Broadway. Quite often the sped limit in fun is exceeded and the audience thrown into convulsions of laughter. It was the purpose of the management to offer, with the "Sunny South," the biggest laughing show touring the country. He has masterfully succeeded and anyone requiring the elixir to destroy the blues will find it by attending this performance. It is full of original fun, real legitimate laughs, catchy song hits, clever vaudeville stunts and a continuous amount of speed that is unequalled by any similar organization. It is clean, attractive and bright; never loud, never vulgar; being in a class entirely by itself. The company numbers twenty persons and it has the distinction of being the only colored extravaganza on the road this season. It is the one performance that is a little different from all others and not at all similar to any other colored organization. If it fails to tickle the sensibilities of local devotees of clean cut comedy, melody and mirth it will be on account of those citizens having become too callous and critical.

The management, realizing that the high cost of living makes it difficult for the public to come across with the long prices that some of the so-called high-class attractions, with inferior casts and second hand productions, demand for their tickets, determined to put on a musical show that would make good from the drop of the hat, presenting it at war time popular prices. That his judgment was good is demonstrated by the phenomenal business done wherever the attraction has appeared.

The organization carries an excellent solo concert band and a superb orchestra. The "Kooontown" parade, a decided novelty, takes place at the noon hour.

THE NAVY ENLISTMENT OFFICE ORDERED CLOSED THIS WEEK

The Chief Petty Officer in charge of the United States Navy Recruiting office at North Platte received orders to close the office now located on the third floor of the Federal building as soon as the government property in use there can be packed and ship-

ped to Omaha. No reason was assigned. The office reports a shortage of 15,000 men in the navy at present with all two and three year enlistments discontinued.

SAFETY FIRST.

Investors in this association get the benefits of the following requirements of the laws of Nebraska under which it is operating:

First. The association is required to invest only in first mortgages on real estate or the stock of this association.

Second. Such investments are non-negotiable and non-assignable, and can only be discharged by payment direct to the association. This is a very important protection not available to any financial institution except Building & Loan Associations.

Third. The association is subject to the supervision of the State Banking Board.

How well the interests of the investors in this association have been safeguarded is evidenced by the fact that in the more than thirty three years of its operation not one dollar has been lost.

Hold the Line Only Five Minutes

Unless your message is very important, please do not hold a party telephone line more than five minutes.

It is not a kind act to compel your neighbor on the line to wait several minutes unless your conversation is very important.

"Do unto others as you would have them do unto you," is a good rule to follow.

Her Xmas Present

MAKE her a gift of TIME—two hours a day saved from kitchen work—two hours daily to read, visit, enjoy life.

The Sechrist Pressure Cooker saves two hours cooking time a day in the average home, cooking in thirty-five or forty minutes roasts or fowls ordinarily requiring hours.

Sechrist Pressure Cooker

Cooks food more thoroughly because pressure forces 259 degrees of heat thru every cell and fibre. Because steam tight, it retains all juices and flavors. Also prevents food cooking away. Pays for itself in six months by food and fuel saving. Pressure cooking and canning is urged by government bulletins.

Is made of heavy, rolled plate aluminum, smooth, bright, easy to clean. Equipped complete with inset pans. A beautiful, sensible gift. Ask for free booklet with recipes.

From Rheumatism There Is a Way to Health

Rheumatism is one of the most persistent diseases. Most sufferers from rheumatism are able to find temporary relief, but the man with the "rheumatiz" expects it to give him twinges of pain on every occasion, particularly when it is about to rain. Rheumatism is caused by the absorption of poisons into the blood. The kind of rheumatism may be any one of several varieties, but the chiropractor has invariably found pressure on

spinal nerves that regulate the healthful action of kidneys and bowels. Chiropractic spinal adjusting removes the nerve pressure, and restores the natural nervous vigor to bowels and kidneys. When enough adjustments are taken to build up the spinal cartilages and restore nerve freedom, the relief is very apt to be permanent.
