Mrs. Harriett Lomson, of Fairfield, Idaho, is visiting at the home of her daughter, Mrs. Robert Dick.

Mr. and Mrs. Earl Calhoun, of Boise Idaho, are visiting at the home of Mr. and Mrs. Charles Calhoun.

**LAUNCH VAST EFFORT FOR EUROPE'S YOUNG**

Eight American Relief Agencies Combine to Save 3,500,000 Children Death Menaces.

Eight great relief organizations, working among and for every race and creed, have united under the name of the European Relief Council to coordinate child relief in Europe this winter. The Council will seek to provide funds for 3,500,000 starving and diseased children in Eastern and Central Europe and to administer this relief economically.

It consists of Herbert Hoover, chairman, and Franklin K. Lane, treasurer; Edgar Rickard, representing the American Relief Administration; Dr. Livingston Farrand, representing the American Red Cross; Felix Warburg, representing the Jewish Joint Distribution Committee; Wilbur K. Thomas, representing the American Friends' Service Committee (Quakers); James A. Flaherty, representing the Knights of Columbus; Dr. C. V. Hibbard, representing the Young Men's Christian Association; Miss Sarah S. Lyon, representing the Young Women's Christian Association; Dr. Arthur Brown, representing the Federal Council of Churches of Christ in America.

It is the purpose of the Council to raise \$33,000,000, in an appeal centering at the Christmas holidays, to the end that the desperate situation regarding child life may be met. In every town and community of the nation, it is planned, local committees, representing all the co-operating agencies will be formed to secure the vitally necessary funds. Of the amount sought, \$23,000,000 will be used for basic food and \$10,000,000 for medical service.

For every one of these American dollars the local governments and communities aided will furnish two dollars, in the form of transportation, labor, guards, clerical help, cash contributions and such food supplies as are locally obtainable. No children receive the free food except after medical tests showing them to be seriously undernourished. The remaining \$10,000,000 of the fund is just as urgently needed for medical service to the children.

The European Relief Council will do much more than effect economies in the raising of the child saving fund. It will, with the inspecting forces of eight great agencies, keep a constant eye on the administration of America's merciful gift, in order that there shall be no wastage and no tendency toward pauperization.

"This is the largest co-operative benevolent organization ever attempted in the United States," Mr. Hoover says. "The organizations represented have come to the unanimous, though independently formed conclusion, that nothing but prompt and united action by the whole American people can avert incredible tragedy for the helpless children involved. The organizations forming the Council will organize their representatives in every town and community of the nation for the raising of the necessary funds."

**EUROPEANS PLEADING FOR THEIR CHILDREN**

Elder Generation Sacrifices Self That Hope of Future May Receive Means of Life.

The one optimistic note in the desperate need prevailing through the war-torn areas of eastern Europe is the extraordinary and touching faith of the people in the children. The elder generation has put all its hope and trust in the future of the generation now in its early years. In fact, in many instances it is deliberately sacrificing itself for the children, the Europe of tomorrow.

In the war-ravaged districts supplies necessary for maintenance of institutions are lacking, but it has been noted that always the request for outside aid emphasizes the needs of the orphanages. How marked is this inclination was indicated by the fact that one district of Poland the authorities, appealing to an American relief organization for assistance, asked assistance for only one military hospital, four general hospitals and twenty orphanages.

The appeal has reached America with the result that because they know that literally millions of European children face starvation and death from disease unless the aid that only this country can give is forthcoming, eight great American relief agencies have banded together under the name of the European Relief Council to raise \$33,000,000 needed to tide the baby generation of Europe over possibly the most critical winter it has yet faced. These are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

**Accounted For**

"The orphaned animals are generally ill-treated." "Don't blame them; it is only natural for pets to be petted."

NORTH PLATTE, NEBRASKA

**OUR YOUNG FOLKS IN COLLEGE.**

The following is a part of the list of North Platte young people now attending school away from North Platte. The list will be continued until it is complete. We will welcome additions or corrections.

21. FLORENCE WILCOX, daughter of Mr. and Mrs. W. T. Wilcox, is a Senior in the College of Arts and Sciences in the University of Nebraska and will graduate next June.
22. CHARLES HIRSCH is the son of Mr. and Mrs. Chas. Hirsch. He is a Sophomore in the Engineering College at the University of Nebraska.
23. JOHN NORRIS, son of the late Mary Norris, is a Freshman in the Arts and Sciences College of the University of Nebraska.
24. AUSTIN BEDELL, son of Mr. and Mrs. E. F. Seeberger, is a student in Creighton University, Omaha.
25. BETTY TURPIE daughter of Mr. and Mrs. Nell Turpie, is attending a girl's school at Fond du Lac, Wisconsin.
26. LAYLAND STATES, son of Dr. States, is a Freshman in the Pre-Medical Course at the University of Nebraska.
27. KENNETH WHELAN, son of Mr. and Mrs. Chas. T. Whelan, is a student in the University of Notre Dame, Indiana.
28. WALTER REYNOLDS, son of Mr. and Mrs. Scott Reynolds, is a Sophomore in the College of Law at the University of Nebraska.
29. LESLIE BARE, son of Mr. and Mrs. Ira L. Bare, is a Sophomore in the School of Business Administration in the University of Nebraska.
30. PAUL SIMON, son of Mr. and Mrs. L. F. Simon, is a Freshman in the College of Arts and Sciences in the University of Nebraska.

**LOCAL SPORTS.**

The snow came just in time to make some good outside sport for the young folks. Sleigh riding for the older ones and hooking for the younger ones is the order. Skating is reported to be good and hundreds are availing themselves of the first good ice since year before last. There is some hunting but it is mostly in the isolated districts where some game still may be found. Even rabbits are said to be scarce and hard to find in the snow. We saw one lad with a pair of skis trying to make time over the snow but he had not yet learned the trick and it was hard work. Indoors, the high school girls are practicing basketball for the game with the girls of Culbertson High School on New Year's Day. No boys game is expected until after school reopens. There is some discussion of the proposition to build the platform in the Sales Pavilion large enough to use it for wrestling matches and it is probable that those interested will make representations before the proper committees asking to have the building so arranged that it will serve their purpose.

**NOTICE TO OWNERS OF DAIRY COWS.**

The Dairy Law of Nebraska requires that all cows from which any milk or cream is sold for consumption shall be tested at least once each year by an approved veterinarian. The only exceptions to this are in cases where milk or cream is delivered to a dairy where the product is properly pasteurized before it is sold to the public, or where the entire product of the herd is sold for manufacturing purposes.

Cow owners are urged to have this testing done during the months of January and February for the reason that more time is available, and when a number of cows are assembled at one time and place, reduced rates for testing will be made. The law provides this testing shall be done by an approved veterinarian, and the following are the approved veterinarians in this district: Dr. Dolan of Maxwell; Dr. Pritchard of North Platte and Dr. Griffin of Sutherland.

Arrangements should be made to have this testing done within the time specified, as the dairy inspector will check all cow owners who are required to test. Attention is called to the fact that the Dairy Law provides a penalty for failure to comply with the above provisions.
