**AUDITOR'S OFFICE SHOWS "A CARNIVAL OF BONDED DEBT" IN NEBRASKA.**

The following is taken from Bulletin No. 30 issued by the Nebraska Committee on Public Utility Information:

The orgy of individual spending has been equalled, if not surpassed, during the two year period by the disposition of the public to plunge into debt, according to the records of the state auditor's office. Bonds of municipalities have been registered in amount of \$22,124,059, which is nearly three times as much as for the preceding biennium which was counted monumental in comparison with preceding years. These mortgages on future Nebraska generations carry a higher average interest rate than ever before and a great many of the bonds have suffered substantial discounts in their frenzy to convert themselves into checking accounts. Country precincts alone show a decrease while cities and towns have apparently stayed awake nights devising novel ways of getting into debt.

H. R. Jandebauer, Poultryman at the State Farm, left Sunday for Hastings to attend the Nebraska State Poultry Show. He took some of the birds shown at the Exhibition here last week, with him.

Wm. Waldorf, who purchased the interest of George Holtslander in the Platte Valley Plumbing, Heating & Construction Co., has decided to continue the business here and will retain his present location at 510 North Locust Street.

Dr. Wurtele, office phone 27, night phone 25.

J. S. Kroh, Editor of the Keith County News at Ogallala was a caller at The Tribune office yesterday. Mr. Kroh reports things as quiet at Ogallala with good prospects for the coming year.

**Mutual Building & Loan Association of North Platte.**

INCORPORATED IN 1887. Resources \$1,370,427.14.

**SAFETY FIRST.**

Investors in this association get the benefits of the following requirements of the laws of Nebraska under which it is operating:

First. The association is required to invest only in first mortgages on real estate or the stock of this association.

Second. Such investments are non-negotiable and non-assignable, and can only be discharged by payment direct to the association. This is a very important protection not available to any financial institution except Building & Loan Associations.

Third. The association is subject to the supervision of the State Banking Board.

How well the interests of the investors in this association have been safeguarded is evidenced by the fact that in the more than thirty three years of its operation not one dollar has been lost.

**Threaten American Industry.**

Spain is one of the greatest iron ore centers of the world, shipping ore heavily to other European countries, as well as to the United States, and while it has some large iron and steel works, its output of the finished product has never been commensurate with its ore developments. Now, however, there is a well-defined project of the Krupps to set up a great branch at Bilbao, Spain, to manufacture agricultural machinery for the purpose of driving out of the market American companies who now have a large share of this business.

**The 157 Varieties.**

Of the 157 varieties of passenger cars made in the United States, thirty-five come from Michigan. Indiana is next with twenty-three, Ohio has twenty-two, New York fifteen and Pennsylvania and Illinois are tied at ten each. There are 122 automobile manufacturing concerns outside of Michigan.
