The NEW EDISON

"The Phonograph with a Soul"

At last you can learn
**What Edison Did
during the War**

YOU wondered—every-
body wondered, and
practically nobody knew
how Edison "did his bit."
At last the official an-
nouncement is out! Come in
and get your copy of the bul-
letin: "What Did Edison
Do During the War?"—or
write, if you can't call.

It tells what Edison did
while Chairman of the
Naval Consulting Board—
how he spent months at
sea, experimenting and in-

venting devices for foiling
the German submarines.

The bulletin also tells how
Edison stood the gaff and
kept the price of the New
Edison down to bed-rock
during the era of high costs
and soaring prices. The New
Edison has increased in price
less than 15% since 1914—
part of this increase is war
tax. The bulletin also tells
Mr. Edison's views on our
Budget Plan which makes
the New Edison easy to buy.

Harry Dixon, Dealer.

Watch for the announcement of Mr. Edison's new research!

**SUGGESTED PLANS FOR ENLARG-
ING CORN SHOW NEXT YEAR**

The Directors of the Lincoln County Agricultural Society have chosen E. A. Olson as head of the committee to prepare the exhibit for the Nebraska State Fair next year. Mr. Olson wants the material collected during the coming summer and to that end suggests that all farmer who have small grain and grasses should gather samples during the coming summer. Grains and grasses should be put into bundles which are not less than three inches in diameter at the second band. Wild grasses of all kinds should be two inches in diameter at the second band. After being exhibited at the State Fair Mr. Olson will have the specimens back and put them on exhibition at the corn show next year. It is the plan of the committee to have other grains than corn in this exhibition.

Mrs. D. M. Leyboldt entertained a number of friends and neighbors Tuesday evening at her home. The occasion was in honor of Mr. Leyboldt's birthday. The evening was spent in playing games. At the close of the evening the hostess served dainty refreshments.

When in North Platte stop at the New Hotel Palace and Cafe. You will be treated well.

Mrs. Charles Trovillo entertained the members of the Catholic choir Tuesday evening at the Oasis. There were fourteen guests. A prettily decorated cake with eighteen candles represented the eighteen years that Mrs. Trovillo had been mother of the choir.

We are prepared to repair scored and cracked cylinder blocks with high grade metal alloy, electrically applied without heating, warping or enlarging the bore. We solicit your work. North Platte Buick Co.

"I AM CAREFUL"

The man who works on the skeleton, steel structural work of a building seems to be in a dangerous position, but the man who must travel the streets of the city in going to and from his work is in more actual danger from this iron worker, because most accidents "are caused by the carelessness of others."

The ironworker's safety depends upon himself but the safety of the man upon the street depends upon a thousand and one circumstances over which he can have no control.

The wife may well spend anxious moments at night waiting for the return of a husband who must spend his day amid innumerable chances of accident and injury.

There is no excuse for having her burdened with additional anxiety about what is to become of the family if the breadwinner does not come.

No man with a wife waiting for his return should try to do without an accident policy when a large amount of insurance can be obtained for less than seven cents a day in the oldest and strongest of all accident companies.

No man with a family can afford to leave them unprotected in case of his death by accident.

No man who depends upon his earnings can afford to be without insurance himself in case of accidental disability.

The Travelers' policies are famous the world over as the standard of what such policies should be. Thousands of business men will have no other.

MORAL: INSURE IN THE TRAVELERS.

See TEMPLE, The Travelers' Man.

THE H & S. AGENCY.
J. E. Nelson returned Tuesday from a business trip to Sterling.

SUITS WITH SHORT COATS

In this suit a plaited skirt and short, straight jacket bear one another company in an ingenious adaptation of French modes to an American street suit. Any one will concede its good style and other good points, especially when the embroidered motifs on the short coat are under consideration. They appear at the front and back and on the sleeves, and the designer has gone so far as to make a special place for them by placing them against points cut in the material. A pretty satin girdle goes with that skirt, its ends supporting very handsome silk tassels and ornaments.

NOTED VIOLINIST TO VISIT NORTH PLATTE IN FEBRUARY

August Moizer, Professor in the University School of Music, Lincoln, has been engaged to give a concert at the Presbyterian church, Friday, Feb. 11. This concert will be given under the auspices of the R. and N. Class of the Presbyterian Sunday School and the proceeds will be used to equip the pipe organ with a set of chimes. Prof. Moizer is quite well known here from his long connection with musical affairs in Nebraska.

NOTICE.

Water rent is now due and becomes delinquent January 20. All consumers will kindly pay by that date. Hershely Welsh, Water Commissioner.

A Maurice Tourneur Production.

"THE GREAT REDEEMER"

This is a picture and sermon combined. A wonderful picture at the same old price. Also another 2-reel Harold Lloyd Comedy. A show by itself.

SNEAK THIEF ENTERS LOCAL BAKERY IN MIDDLE OF THE AFTERNOON

White Chas. Stamp was closed for a few hours last Sunday afternoon, some one climbed up on a pile of bread baskets that were stacked up against the outside of his store building and pushing off some boards that covered up a broken window, entered the store, went to the cash register, rang up seven dollars, opened the till took about twenty dollars out and departed. The trick was the more surprising because it happened in the open alley only a few feet from Dewey and was done between two and five in the afternoon.

ESTATE TRANSFERS
