

**SPECIAL BLANK IS FURNISHED FOR FARMERS' INCOME TAX REPORTS**

A notice from the Federal Internal Revenue Bureau gives the following information about the Income Tax Report which is due from farmers on March 15.

Thousands of farmers whose net income for 1920 equaled or exceeded the exemptions of \$1000 for single persons and \$2000 for married persons will be required to be on file on or before March 15, 1921, income tax returns for the year 1920.

As an aid to farmers the Bureau of special forms, Form 99, has been prepared for recording sales of live stock, produce, and a summary of income and expenses. This form should be attached to the taxpayer's individual return on Form 1040 or 1040A. Full instructions for making out the forms are contained in each.

Under gross income a farmer is required to include all proceeds derived from the sale of farm products whether produced on a farm or purchased for resale. When he exchanges his product for groceries, clothing or other merchandise he must include in his income the value of the articles received and exchanged. Profit received from the sale of farm land or rent received for the same thereof must also be included.

In determining his net income, upon which the tax is assessed, the farmer may deduct all necessary expenses incurred in the operation of his farm during the year. These include cost of cultivation, harvesting, and marketing his crops, the cost of seed and fertilizer used, amount spent in repair to farm buildings other than the dwelling, and to fences and machinery. The cost of farm tools used up in the course of the year, wages paid to employees other than domestic servants, and rent paid for farm land and buildings (other than dwelling) are deductible items.

Farmers who keep no records or only records of cash receipts and disbursements should make their returns on the basis of actual receipts, but farmers who keep complete accounts and who take inventories at the beginning and end of the year to determine their profits should report on the normal basis. Both methods are fully explained on Form 1040F, copies of which may be obtained from the offices of collectors of internal revenue.

**Stone's Drug Store**

infirms us that already a great many farmers are buying Blacklegdis preparatory to vaccinating their cattle this spring. There is no question but that this is a good move; something that every owner of cattle ought to attend to before it is too late. Veterinarians are agreed that there is little use trying to treat a case of Blackleg. It is almost invariably fatal and a single case is likely to so inoculate the soil with germs that the infection will linger for years to come.

Since it is a well established fact that vaccination will protect against the disease, no one ought to neglect this precaution. The next time you have an opportunity, ask for information, booklets, etc.

**CONDEMN**

**High Priced Stock Foods**

"That he is all through paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs ever placed on the market," was the statement made recently by E. H. Beckstead, well-known hog raiser and authority on live stock.

Mr. Beckstead's hogs are the envy of his neighbors, and have "topped the market" for several years in Iowa. He states that for years he bought high-priced hog foods and hog remedies, but he is all through paying extravagant prices for what he can make himself. He states that what the hogs need are minerals and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineraline (which is pure concentrated minerals and cost only a couple of dollars) and mixes same with enough bran or filler to make a hundred pounds. All hogs, and especially brood sows require minerals as they keep them free from worms, and in the pink of condition, and are essential to the hogs growth and a well balanced ration. This inexpensive mixture placed in a sheltered box where the hogs can get at it as they need it, will produce far better results than any high priced so-called stock foods.

Send two dollars to The Mineraline Chemical Co., 1638 No. Wells St., Chicago, Ill., and they will forward you by prepaid parcel post, enough mineraline to make a full hundred pounds.

**"EXPERIENCE" COMING.**

F. Ray Comstock and Morris Gest will present George V. Hobart's much discussed modern morality comedy drama of today—"Experience," called by critics the most wonderful play in America, at the Keith Theatre one night, Saturday, January 29th.

Mr. Hobart has taken the universal adventures of mankind, the struggles, the sins, the temptations, the elights, which persuade man for right or wrong, and has woven them into a play of vital reality. He has aptly called it "Experience" for under that title may be included all the attributes of men and women, good and bad, in their relationship to each other.

In this unique play Mr. Hobart has written one of the most interesting and thrilling of modern dramas. He has directed his appeal and efforts in language and situations so universally accepted as true, that whoever sees or hears the play may know.

"Experience" tells the story of the episodes thru which Youth—the average young man of today—passes in his effort to achieve supreme happiness, and one is often reminded of "Pilgrim's Progress" while watching the show, altho "Experience" is quite modern and up-to-date.

Youth leaves Love, his first sweetheart, and accompanies Ambition into the Highways of Life. He meets Pleasure, a very charming and captivating woman, on the Street of Vacillation as he enters the city, and fascinated by Pleasure, Youth turns from Ambition, refusing at the same time to heed the call of Opportunity, and with Pleasure visits the Golden Cabaret. "Experience," his guide, looks on while Youth goes the pace with Passion, Wealth, Beauty and Intoxication.

There are ten scenes showing his downward career and his final regeneration. The play is handsomely staged and will be acted by a splendid cast of forty people.

A number of young people entertained about twenty couples at dancing party at the Masonic hall Friday evening. A very good time is reported by all present.

**IN THE DISTRICT COURT OF UNITED STATES FOR THE DISTRICT OF NEBRASKA, NORTH PLATTE DIVISION.**

In the Matter of Ray C. Norris, Bankrupt. Case No. 83, In Bankruptcy, Voluntary Petition.

Notice of First Meeting of Creditors. At North Platte in said District on this 21st day of January, A. D. 1921, before Walter V. Hoagland, Referee in Bankruptcy.

This cause came on for hearing before the referee upon consideration of the petition of the bankrupt, of the adjudication heretofore made and of the fact that upon investigation it was found that the notice of First meeting of Creditors issued out of this Court on December 21st, 1920, was not published as required by law, for the reason that the same was lost in the mail, and was never received by the Printer.

Notice is hereby given that the First Meeting of Creditors of said bankrupt will be held at the office of Walter V. Hoagland, Referee, at North Platte, in Lincoln County, Nebraska, on the 5th day of February, A. D. 1921, at 10 o'clock A. M. at which time the said creditors may attend, prove their claims, appoint the trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

WALTER V. HOAGLAND, Referee in Bankruptcy.

**NOTICE**

Again I call your attention that the accounts of the Platte Valley Heating & Plumbing Co. are in my hands for collection to pay the old firm's indebtedness. If these are not paid at once I must put them in the hands of a collector which will mean an extra expense to you; so please call and square up at once and oblige.

Very truly yours, WILLIAM WALDORF.
