WAS VICE PRESIDENT AT 36 LEFT THE HONORS BALANCED

John Cabell Breckenridge of Kentucky the Youngest Man Ever to Hold the High Office.

Franklin D. Roosevelt, Democratic candidate for vice president, was asked whether, if elected at thirty-eight, he would be the youngest vice president of the United States. He did not know, but hoped some of his friends would look the matter up.

John Cabell Breckenridge was elected vice president on the Democratic ticket with James Buchanan in 1856. He assumed office March 4, 1857, when he was thirty-six years, one month and fourteen days old. When Breckenridge completed his term he was candidate for President as representative of the slave-holding interests, but was defeated by Lincoln. The same year he was elected to the United States senate, but soon afterward joined the Confederate army. From January to April, 1865, he was secretary of war in the cabinet of Jeff Davis. He died in Lexington, Ky., May 17, 1875.

PLEASED WITH NEGOTIATIONS

Japanese Premier and Minister Satisfied With Progress on Anti-Alien Issue.

MANY IDLE MEN IN ENGLAND

British Unemployment is Becoming a Great Problem, and Labor Leaders Are Getting Uneasy.

Washington, D. C.—Negotiations between Japan and the United States for adjustment of issues arising from anti-alien legislation by California, were viewed as satisfactory and hopeful by Premier Hara and Foreign Minister Uchida, in addresses at the reopening of the Japanese diet.

Premier Hara declared that the exchange of views through Baron Shidhira, Japanese ambassador here, and Roland S. Norris, American ambassador to Japan, were proceeding "in a most friendly spirit and that Japan was confidently looking forward to a satisfactory settlement."

Foreign Minister Uchida said that "a frank and free exchange of views has been proceeding on various points involved."

MILLION IDLE MEN.

Unemployment in Great Britain Becoming Big Problem.

London.—The proposal by the government to alleviate unemployment by big roadmaking and house-building schemes and other work of public utility is called inadequate by the leaders of the unemployed. Official returns give the number of registered workless in the United Kingdom on December 10 as 591,074, an increase of 70,721 during the preceding fortnight. London alone accounts for 141,322 and the proportion of men to women out of work is roughly as three to one. Labor leaders declare that at least 250,000 other manual workers and as many clerical workers are out of jobs, though not on the government books. These would bring up the workless army to well over 1,000,000, and counting their dependents, a grand total is arrived at of close upon 4,500,000 sufferers from lack of work in one way or another.

Servant Condition a Problem.
Washington, D. C.—Families arriving in Washington with the incoming administration will find themselves confronted with an unprecedented situation as regards domestic service. No white women are available as servants at any price. There are few colored women, trained or untrained, to be had and of the few who unwillingly accept positions with private families, the majority cannot be relied on to remain more than a few weeks at a time.

State Prison Again Crowded.
Lincoln, Neb.—A temporary dormitory is being installed in one of the shops of the state penitentiary to provide sleeping quarters for the overflow population of the institution, Warden Fenton announced. The temporary dormitory will contain fifty beds. The penitentiary now has a population of 570. Two years ago there were less than 300 at the prison.

Reward for Slain Bandits.
Kansas City, Mo.—A standing reward of \$500 to any person for the death of each bandit killed while attempting to rob a member bank has been voted by the Association of Suburban Bankers.

Washington, D. C.—President Wilson, according to inauguration plans as they stand now, intends to ride with President-elect Harding to the capitol, March 4, when the latter takes the oath of office. Mr. Wilson, however, does not expect to remain for the inauguration ceremony, where he would be required according to custom, to mount the inauguration stand with his successor. While the president could, if necessary, accompany Mr. Harding to the inauguration stand, his friends and medical advisers think that he should not do so.

Half Million in Postoffice Loss.
Chicago, Ill.—Loot obtained in the mail robbery at the union station here may reach the value of \$500,000, it was declared as postoffice authorities continued their check-up of the contents of the twelve sacks of registered mail stolen by the bandits. Most of the loot was in bonds and negotiable securities, reports indicate.

Tokio.—Beginning an anti-litter crusade, 3,000 women paraded at the opening of parliament last Saturday to urge improvement of the traffic.

Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state, in referring to his remarkable restoration to health by Tanlac, he said: "About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties."

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times, but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold by leading druggists everywhere.
