CARROLL-KEESTER

Miss Ruth Carroll and Earl Keester both of Denver were united in marriage Wednesday evening at 8 o'clock by Rev. Robert Maron. Mrs. Keester was formerly a North Platte girl but has been employed in Denver for the past two years.

Later a wedding supper was served at the home of the bride's sister Mrs. Theo. Sandall. The table was beautifully decorated in pink and white cut flowers and the rooms were decorated in these colors. Mrs. Keester has many friends in North Platte all of whom extend their heartiest congratulations.

Malignant Ghost.
Last Christmas, a house in Leeds was visited by an amazing ghost.

A woman, returning home, went into the kitchen to warm herself at the fire. Suddenly she was startled to see two long white arms emerge from the flames. Nearer and nearer they came, until they gripped her arms above the elbow.

The touch was like red hot iron, and she fell fainting to the ground. When she recovered she was surprised to find that there had been no fire in the grate. She visited a doctor, who examined her arms and found distinct signs of burns. This was afterward corroborated by another doctor.—London Mail.

"The Right Kind of Child."

Give a little love to a child, and you get a great deal back. It loves everything near it, when it is the right kind of child—would hurt nothing, would give the best it has away, always, if you need it—does not lay plans for getting everything in the house for itself, and delights in helping people; you cannot please it so much as by giving it a chance of being useful, in ever so little a way.—John Ruskin.

THIS JANUARY WAS ONE OF THE MILDST EVER KNOWN HERE

The summary of weather conditions for January 1921, which has just been issued by Observer Shilling, shows the temperature at the North Platte station did not go down to zero during the month. (California readers please note.) The lowest was four above. However the coldest ever recorded here in January was 35 below zero. The highest reached during this January was 58 which is 12 degrees below the highest January record known.

The precipitation was sixty-eight hundredths of an inch for the month. The average for January is forty-seven hundredths of an inch showing this January to be a little better than usual. The wind never blew over thirty-miles an hour, the average being a little better than six miles an hour.

During the month there were ten clear days, seven partly cloudy and fourteen cloudy. It stormed on only three days.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? North Platte people recommend Doan's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?

Mrs. A. G. Wessberg, 708 W. 4th St., North Platte, says: "I have been a terrible sufferer from kidney disorder and backache. The doctor said I had a floating kidney and it was so swollen it was plainly noticeable to the average eye. I had awful pains through my kidneys and I could not stand on my feet long. My kidneys acted frequently, too. My doctor advised an operation. I learned of Doan's Kidney Pills, however, and got a box. After a couple days' use, the pains became less severe. The swelling gradually went away and I was completely cured. Since then, I have felt no return of kidney trouble." (Statement given August 7, 1907.)

On June 7, 1920, Mrs. Wessberg added: "As the years go by, my faith in Doan's Kidney Pills grows stronger. It is many years since Doan's cured me of kidney complaint and since then I have enjoyed good health." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

What the Public Wants.

Theatrical Manager—Well! What do you want?

Playwright—Sir, I've written a play.

"Everybody's doing that. Get out!"

"It has a bathtub in it—"

"Yes? Have a chair."

"And a bedroom—"

"Here's a cigar."

"And a young girl and a minister."

"Have a couple of cigars."

"In the third act—the big one—the minister is stricken with remorse."

"With what?"

"With remorse. He regrets his weakness."

"Sorry, young man, but that kind of play doesn't go. I'm busy."

"I forgot to tell you that the minister is already married to another woman."

"Here's all the money I've got for advance royalty."—Life.

Not Absolutely Washed.

Psycheley is a hard-hearted man. The spirit of Christmas never enters his body; and, indeed, if he has any particularly unpleasant intelligence to convey, he generally manages to save it up for Christmas time.

His wife, however, is different, and last Christmas entered the dining room with a troubled look.

"Oh, John," she said, "Mary just swallowed a shilling! What shall we do?"

Mary, let it be said, occupies the position of maid-of-all-work in the Psycheley household.

"Do?" repeated the master of the house. "Well, I suppose we'd better let her keep it. She would have expected a Christmas box, anyhow."—London Tit-Bits.

The Tip-Hunter's Guide.

Speaking of tips and tipping, a New York bellhop not long ago formulated a set of rules, a few of which we give below:

Don't waste time on "big bugs."

Show attention on women; if they tip at all, they tip liberally.

Don't persecute tightwads; shame them with faultless service.

Play the honeymooners hard; newlywed men like to make a splurge before their brides.

Don't act ugly when a guest departs without tipping you. Have a heart! Perhaps the office cleaned him out.—Boston Transcript.

CONDEMN

High Priced Stock Foods

"That he is all through paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs ever placed on the market," was the statement made recently by E. H. Beckstead, well-known hog raiser and authority on live stock.

Mr. Beckstead's hogs are the envy of his neighbors, and have "topped the market" for several years in Iowa. He states that for years he bought high-priced hog foods and hog remedies, but he is all through paying extravagant prices for what he can make himself. He states that what the hogs need are minerals and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineral (which is pure concentrated minerals) and cost only a couple of dollars) and mixes same with enough bran or filler to make a hundred pounds. All hogs, and especially brood sows require minerals as they keep them free from worms, and in the pink of condition, and are essential to the hogs growth and a well balanced ration. This inexpensive mixture placed in a sheltered box where the hogs can get at it as they need it, will produce far better results than any high priced so-called stock foods.

Send two dollars to The Mineraline Chemical Co., 1633 No. Wells St., Chicago, Ill., and they will forward you by prepaid parcel post, enough mineraline to make a full hundred pounds.

DESIRED TO TAKE THE VEIL

Oldest Daughter of Thomas Jefferson Attracted by Quiet Life Within Convent Walls.

Martha Jefferson, oldest daughter of Thomas Jefferson, third President of the United States, came near to being a catholic sister. She was a student at the school of Abbaye de Pantheon at the time the French Revolution was in progress. The daring and flippant infidelity of the French frightened and disgusted her, and she clung to the calm and serene life of the convent with all her strength. Her mother had taught her in the ways of the Church of England, but the surroundings at the school overreached this, and she decided to become a nun.

She wrote to her father asking his permission to adopt the veil. No answer came for several days, and then Jefferson appeared in person. He greeted the girl with a tender smile, interviewed the abbess, and then came out and told the girl to pack her things. Her school life was ended at that moment, and the next day she was introduced to society and made the mistress of her father's household. She declared years afterward that neither she nor her father had ever alluded to the subject by a single word from that day on.

Historic Stratford-on-Avon.

The history of Stratford-on-Avon may be traced back for a period of 1,100 years, and as the birthplace of Shakespeare is has become a classic center visited annually by some 50,000 people. The Guard house, where Shakespeare was born; Shutter, where he courted Anne Hathaway; Charlotte park, once the seat of Sir Thomas Lucy, whose displeasure Shakespeare incurred by stealing his deer; the Shakespeare Memorial theater, on the banks of the Avon, and Shakespeare's monument, are all places worthy of visiting in the old market town of Stratford-on-Avon.

The Shakespeare hotel, situated in the center of the town and close to the Shakespeare Memorial theater, was erected in the Fourteenth century. A few doors from Shakespeare hotel is the Harvard House, which was the early home of the Harvard family, founders of Harvard university.
