Wm. J. Burns
Head of Wm. J. Burns International Detective Agency

Wm. J. Burns filled out the first Mood Change Chart

Will You Fill Out a Chart for Mr. Edison?

MR. BURNS pronounced the test most interesting. He enjoyed it and was glad to help Mr. Edison.

You'll enjoy filling out a Mood Change Chart also—and we know you will eagerly help the great inventor in his latest research into the effects of music on the minds and moods of mankind.

Read Mr. Burns' Chart. Then come to our store. Make the test. Learn how music affects your moods. Your Chart will be sent to Mr. Edison.

If you own a New Edison, ask us for a supply of Charts and invite your friends for a Mood Change Chart party. They will find it more entertaining than the Ouija board. If you do not own a New Edison, we will lend you an instrument with a supply of RE-CREATIONS, for giving a Mood Change Party. The New Edison has perfect realism. Its RE-CREATION of music cannot be distinguished from the original music. This makes it possible for every home to enjoy the full benefits of the world's best music.

Whether you Call It LaGrippe or Influenza

Whether you call it LaGrippe, after the French, or Influenza after the Italian derivation, makes no difference, it is virulent and dangerous. It grips you by the lungs, so to speak, and unconsciousness steals over your entire body. There is apt to be vomiting and you ache all over. All "the streets and alleys of the body" are clogged with poisons.

The chiropractic spinal analysis shows pressure on spinal nerves to the

lungs and kidneys, and adjustments relieving that pressure, brings the activity of these organs back to par. The poisons that were creeping deeper into the bodily tissues, begin to clear out. The chiropractic record in the epidemic was better than that of any other health method, chiropractors being able to show recoveries in 885 out of every 886 cases adjusted.
