## THE FAT OF THE LAND.

Are you getting it? House rent at \$50.00 per month for 5 years and you have \$3,000. In dead checks or receipts. The landlord has the deed, and you are still sticking around town figuring the interest at 10% on that \$3,000 you never had in a lump sum, but which you have donated to your landlord and have nothing to show for it. DON'T DONATE ANY LONGER. DON'T FIGURE INTEREST ON MONEY UNLESS YOU HAVE THE CASH ON HAND. Better let us figure with you on a new home built to suit you, or some of the bargains we have to offer. THE HOLLMAN & SEBASTIAN AGENCY.
