While many North Platte citizens keep on sleeping, North Platte is being advertised over the whole country by the U. S. Weather Bureau, the Air Mail, the Lincoln Highway, the Union Pacific, the State Farm, the Aero Station and Buffalo Bill. North Platte will continue to grow in spite of her more conservative element but what could she not do if all would be a little more progressive.

The pavements are being painted by Chief Jones in preparation for the curb parking which will go into effect soon. We have not taken any particular interest in the auto parking question except when they decided to park the cars at the curb we found that our bicycle had not been considered. We don't want to leave our two-cylinder out there at the curb if that is where a car is to be parked. Lo, the poor bicycle.

City Mail Carriers will leave the post office at 8:15 each morning and make one complete delivery in the forenoon and one in the afternoon. Postmaster Sturgis expects to have it arranged soon so that letters mailed here in the forenoon will be delivered any where in the city delivery zone, that same afternoon. This will be a great accommodation as notices are often sent out which will be too late unless they reach their destination the same day.

A farmer told us yesterday that he is selling his milk here in town at thirty cents a gallon which would be 7 1/2 cents a quart. We stepped into one of the downtown grocery stores and inquired the price of a bottle of milk. The answer was 13 cents for one or two for 25 cents, bottle extra. We are told that some places are selling it cheaper. We do not understand the milk business and so we do not know whether this is a fair profit or all the traffic will bear.

Postmaster Sturgis tells us that several large firms have written him asking him about connections at North Platte with the Transcontinental Air Mail. One firm in Chicago wanted to know what train it should send mail on to reach North Platte in time to take the Air Mail west from here. Mr. Sturgis replied that Northwestern train No. 19 would connect with Union Pacific train No. 13 at Omaha and that with the Air Mail going west at 8:30.

The list of committees selected for the County Fair shows that it is to be a County Fair in fact. North Platte is well represented because there are some things that can be done better by some one living here in North Platte than by someone living elsewhere. But the farmers are to be in the lead and it is to be for them. We have talked with some of those chosen on the committees and they are in favor of employing Lincoln County bands to furnish the music, Lincoln County newspapers to do the printing and in so far as possible Lincoln County amusements to entertain.

NEW DEPARTMENT OF THE TRIBUNE TO SERVE THE AGRICULTURAL INTERESTS.

In the near future The Tribune will run a column headed "The Farmer's Exchange." In this column we will list farmer's products for sale, trade or what he wants to buy. It will appear on the fourth page usually and will have a large heading. Under this head we will print the farmer's notices at the rate of ten cents a line which is usually about six ordinary words. When one considers that the Semi-Weekly Tribune has about one thousand subscribers in the city of North Platte and more than that number in Lincoln County outside of North Platte and then about three hundred outside of Lincoln County, over 2,300, in all, it is not an unreasonable charge. We will advertise chickens, setting eggs, dairy products, live stock, fruit, garden truck, honey, in fact anything that the farmer raises that is worth advertising. Write what you want on any old piece of paper, mail it to us telling us how many times you want it to run and watch for it in the next issue of The Tribune. We will send you the bill after publication or you can figure it yourself by counting the lines or parts of lines and figuring them at ten cents a line. Watch for the "Farmer's Exchange."

The addition to the County Court House was started yesterday and will be completed in a short time. It is being built of lumber which can be used for bridges when the court house is torn down. It is being built on the north side of the building and will connect with the office of County Clerk Allen. It will be used by C. W. Yost, Register of Deeds.

The fire department was called to the home of Hershey Welch 1207 W. Fourth, Sunday and extinguished a small blaze in the furnace room. An overheated furnace was the cause. The damage was estimated at \$50.00.
