### LOCAL AND PERSONAL

Mrs. R. H. Wagner and Mrs. J. Olliver of Omaha, who is the guest of Mrs. Wagner, returned Sunday from a short visit in Paxton.

Mr. and Mrs. Victor Romigh returned from Omaha Friday evening after visiting their son who has been taking treatment in that city.

Work began last week at the North River bridge. The city has stationed a man there who is to direct dumping. A lot of brush has been hauled there and thrown into the river, building a jetty to protect the banks of the river from being washed. Several of these jetties will be built along the south bank of the river and the intervening space will serve as a dump ground. The field to the west of the bridge is to be fenced so that no more dumping will take place there and the refuse that has been placed on that side will be dressed up to improve the appearance.

### SPECIAL PIANO BARGAIN

We have a high grade piano stored in North Platte which must be sold. Will greatly sacrifice price for quick sale to save expense. Terms given responsible person. Go examine it. Write us offer. All information given by writing The Denver Music Company, Denver, Colorado.

The two year old daughter of Claude Lonce was scalded last week when she stepped into a pan of boiling water. The burns were very painful. Wanted—Stock to pasture. Plenty of salt and water. Ora Wilson, North Platte.

J. V. Romigh returned from attending the Omaha Auto Show Friday night. He reports that a number of good sales were made at the show. Dealers in attendance told him of a general revival in business in the larger places especially.

The O. R. C. special car will pass through the city the 29th of this month enroute to Denver where a large class will be initiated. The degree team of Chicago will be in charge of the class. Any one wishing to make reservations on this train can make arrangements with Chas. Yost. One car will be picked up here.

The Lincoln County Eighth Grade examination will be given April 7th and 8th, and May 5th and 6th. Teachers must notify me before March 23rd the number of pupils they have in their school who wish to take these examinations.

AILEEN G. COCHRAN,  
County Supt.

### WHAT OTHER PAPERS SAY

INTERESTING ITEMS FROM EXCHANGES WHICH REACH OUR DESK.

#### NO SHOOTING

Much complaint is coming to this office about several boys around town employing Sundays as a target practice day with rifle and revolver. A stray bullet may hit and wound some person if the evil is not stopped. Officer Caldwell informs the Enterprise that he has his eyes on several lads whom, if they don't watch their step, will go before Judge Dorris for correction.—Arthur Enterprise.

#### WIDE OPEN

A new card game introduced in this city has 'em all going, old as well as young. It takes six to play the game and about a dozen to look on. It has a grip of fascination to it that will cause the benedictus to brave the wrath of their irate wives by being late to meals, the young men to forgo dates made with prospective mates. There's many a good laugh in every game for players and bystanders.—Sutherland Courier.

#### A GOOD IDEA

Dollar Day. That sound good. Wallace merchants have caught the spirit of sacrifice to give the buyer an opportunity to purchase at very reasonable figures and to stimulate the trade. So next week don't fail to notice the page of specials. Remember the date, Saturday, March 26—just a week off.

If this proves successful, which it undoubtedly will, one day each month will be set apart to be known as Dollar Day, when bargains will be offered at very low prices.—Wallace Winner.

#### FORT McPHERSON

The national cemetery at Maxwell Neb., the only one in Nebraska, is to be enlarged. The plat, now comprising eighty acres, will be increased by the addition of twenty more. Many families are requesting that the bodies of their dead from overseas be placed here with the heroes of the Civil war and Spanish-American war. The cemetery is called after old Ft. McPherson which occupied the same ground.—Cozad Local.

#### A NATURAL SIMP

Many of the girls in "Princess Chrysantemom" borrowed their "customs" from their customers. The writer remembers an operetta given many years ago. There was a real "simp" in the cast, and a natural simp of the town took the part. He was much worried over planning or securing a suitable costume, and at every rehearsal he shouted, "Oh, girls, what will I do for a custom! A custom, a custom.—Gothenburg Independent.

#### LEAVING LINCOLN COUNTY

R. S. Ericson departed Sunday morning with his car of goods for Canon City, Colo., where he has purchased a tract of land. Mr. Ericson will go into the chicken business on an extensive scale, and he expects his farm here to supply ample feed for his flock there, the price of grain at Canon City being more than double the price here. We all wish Royal success in his undertaking.—Brady Vindicator.

#### GOOD DOPE

The person or persons who do not respect the efforts of the Community Club in putting in the dummy policemen at the intersections of Hershey streets, without having to have laws passed to enforce the traffic about

them, need more attention than the laws would mete out to them. They are not respecters of life and limb. People that need laws for every move they make do not care much for the progress of their town.—Hershey Times.

#### NEW COUNTY AGENT

Chester H. Grau of Douglas county has accepted the position of County Agent of Keith County for the following year and will take up his duties on or before April 1st.

Mr. Grau is a young man of pleasing address, whose family have been farmers for several generations. He has spent four years in the university, and all who met him when he was here to first of the week confidently expect him to make good from the str. After April 1st, it will be a part of his business to get acquainted with every citizen of Keith County.—Keith County News.

#### BUILDING PLANNED

The Scottsbluff lodge of Elks at a recent meeting definitely decided to abandon the idea of purchasing either the TriState building or the Lincoln Hotel for an Elks' home, but decided to purchase lots and erect a new building. It was voted to purchase the Kimbrough lots situated one block north of the North hotel, which were purchased at a consideration of \$10,000. The property consists of four lots facing Broadway. It is understood that architects are to begin at once to prepare plans and work to commence on the building as quickly as possible. The building as planned when completed will represent an expenditure of something like \$100,000. The lodge now has a membership of over 500 with new members being taken in every meeting it will soon be one of the strongest lodges in the state.—Gering Courier.

#### SIDNEY CHAMBER OF COMMERCE

Wednesday, at Hornaday's, at noon, the congenial company of community men, with a number of faces there making their initial appearance among them, disposed of the meat prepared especially for their delectation, and then gave their attention to the discussion of questions which more immediately needed action. Chairman Miles called upon Dr. Roche to report progress upon the hospital movement. The Doctor did so to the extent that he was informed that the owner, H. R. Fuller, had carried forward the work and that contracts for various parts had been let and the work of remodeling was under way. He further stated that the manager, Mrs. Hostetter, had reported that her order had been placed for furnishings, and that every outlook was to the probability of the hospital being opened on the date set, April 15th.

Attorney Koppler was called to report on the band. He said that the band was no longer a prospect, but a fact. He stated that at the last meeting, Monday, the leader, Mr. Golding, had reported there were twenty-seven members, that music was here and that the boys had performed their first number "Blue Bells," quite creditably. Frank Whitlock reported on baseball. He stated that they had pledged \$4,000 and had their players listed and that when another similar sum had been pledged, they would be ready to sign up. Mr. Phelps was called and continued on the baseball project.—Sidney Telegraph.

#### ROBIN HOOD ITEMS

This paper in commenting on the coming of "Robin Hood" endeavors to give public information rather than propaganda. That many desire this information there can be no doubt, and Manager Baldwin seeks to furnish it, and is meeting with every encouragement in promoting the coming engagements at the Keith on Monday and Tuesday, March 28 and 29. He wishes to make it plain that this is no "try it on the dog" enterprise. He did not contract for "Robin Hood" until he was assured it was an elaborate and real production, and then on a warranty of its quality and the published fact concerning it.

The cast is practically the same as that of the entire tour including over two hundred cities and extraordinary artistic and financial results obtained. The "Maid Marian" of the cast is Elsa Thiede whom newspaper comments portray as a most charming and capable singer. Harry Longstreet still does "Little John" the leading baritone role, in which the inimitable "Brown October Ale" song is heard with the entire male chorus. Mr. Longstreet is easily ranked as one of the best of American baritones.

Mrs. J. W. Jones of Gothenburg was in the city Saturday.

Mrs. J. E. Cheever returned to Gothenburg after shopping in the city Saturday.

#### DAIRY COWS FOR SALE

Two good grade Holstein cows for sale. The one freshened in December and is now giving 6 gallons per day; the other freshened in February and is now giving 5 gallons per day. They are 7 years old. These are real milk cows. Price \$125.00 each.
