**"ARMENIAN NATION LOOKS TO U. S. FOR SUCCOR FROM DEATH"**

Edwin M. Bulkley, Financier and Philanthropist, Defines Near East Relief Work.

New York.—"There is no spot on the globe today where there is more desperate and hopeless suffering than in Armenia," Edwin M. Bulkley, the well known New York banker, who has just been elected chairman of the board of trustees of Near East Relief, declared today. Mr. Bulkley succeeds the late Alexander J. Hemphill as head of the American relief work in Armenia, Turkey, Palestine, Syria, Mesopotamia and Persia. He has long been connected with the banking house of Spencer Trask & Co., and is thoroughly conversant with the Near Eastern situation.

"Elsewhere," Mr. Bulkley continued, "there is famine that tears at our heart-strings and evokes our pity and our help. But in Armenia it is not starvation alone that the people face—but starvation coming after six years'

destruction, wrought by a war that has never ended and that today is not even ended. It is starvation following pestilence, and stalking hand in hand with death from exposure, from violence or from disease.

"In the mountains between Kars and Alexandropol there are 263,000 human beings without clothing, food or shelter in the bitter winter, who are wandering from place to place like people in a nightmare. Unless they are succored before the end of another month, they will all be dead. In southern Persia, the remnant of the ancient family of Chaldean Christians have been forced to renounce forever all hope of ever returning to the homeland where they have dwelt and flourished for 1,600 years, and to become pitiful fugitives, dependent upon the generosity of strangers for life itself. In Cilicia, 15,000 Armenian refugees have crowded into the coast regions seeking safety from the anarchy which reigns in the interior, in terror for their lives. They live from day to day on the food which is given them in the soup kitchens established by the Near East Relief. Scattered throughout the Near East, there are some 7,700,490 Armenians, the remainder of a nation of 4,000,000, who have neither government, country, homeland, shelter or hope of regeneration, save that which lies in the great heart of America.

"It is a tragedy so stupendous that it is difficult for us to grasp its meaning. A whole nation, a living, Christian people, face to face with extermination today, unless we help. We shall see an entire nation disappear from the face of the earth before our eyes if we withhold our hand now, when the call comes to us to save by giving, or by inaction to condemn to death.

**Save the Children!**  
 "Perhaps we cannot save all the grown people of this oldest Christian nation in the world. But at least we can save the little children who hold the future in their hands. They have wronged no one. They have harmed no one. And they have suffered through the precious years of childhood a calvary of agony and wretchedness. For three years the Near East Relief, an American organization, incorporated by Congress, has built up the nucleus of a new generation in the Near East, with the little children that it has taken in from the roadside and barren places, and nursed back to health, fed, clothed, housed and educated, in the name of the American people who have furnished the funds for this great work.

"This has been our signal contribution to the world's future peace—that tens of thousands of these little ones shall all their lives look to us with gratitude and faith. It is a seed of world brotherhood that we have sown. Shall we let it die now?"

"The Near East Relief is appealing to the American people for the money to go on with this work—to keep these little ones alive and to save this martyred Christian people. Sixty dollars per year—\$10 per month—feeds a child. We have taken this great responsibility upon us. A whole nation looks to us in faith and trust.

"We cannot betray them now." Contributions may be sent to Cleveland H. Dodge, Treasurer, 1 Madison Avenue, New York City.

**TRIBUNE OFFICE AND SHOP TALK**

The plate glass window in the front of the Tribune Office which has been broken for several years, fell in one night recently and the opening was boarded up until a new glass was received. This has now been placed in position and the force is getting the full daylight as of old.

We recently issued a pad of little green blanks for the phone desk. When a person calls someone who is absent the one who answers the call makes a note on this blank and places it where it will attract the attention of the person wanted. The blanks have spaces for the date, the name of the person wanted, when the call came, who it was taken by, who called and what the message was. They are especially valuable to homes, stores and establishments where a number of people have to be served by one phone. We have printed a supply of these blanks and have them on sale at this office.

The special rate for The Tribune in combination with the Maxwell Telepost is made to old and new subscribers. We learned of some people who were paying for one of these papers and would like to have both but felt that the price was a little high. The combination price of \$2.50 is lower than it will probably ever be again and may be recalled at any time.

We have just received a supply of linen finish bond paper suitable for letterheads and envelopes to match. This is the celebrated Hammermill brand and is as good as one could want. We make this paper up into letterheads at a reasonable price and give clean work, full count and prompt service.

We welcome having our attention called to any case where The Tribune is not delivered at the right place and on time. We have no other way of knowing. It is our endeavor to have every paper reach its destination on time and we are scoring about 99 1/2% every issue.

Our linotype operator "Bob" Robinson brought us the first dandelion blossom of the year. Last week we made an offer of twenty-five cents for the first dandelion blossom brought to us. The copy was set on the linotype by the operator and was ready for the paper but was one of a number of items which were crowded out of that issue. Although no one else saw the offer he was the early bird who found the dandelion and he gets the quarter.

Pages six and seven of this issue of the Tribune are not just "patent inside" as the railroad freight bill calls it but they are valuable pages of reading matter. Today's Geography is authentic information on what is going on in the world and it is written by the specialists of the National Geographic Society. One column of Legislative News is a brief account of the work of the State Legislature for the last week. On the next page are two columns of American Legion news and items.

**REWARD OFFERED**  
 Thieves burglarized the George Schiller hardware store last Saturday night or early Sunday morning and made away with some \$300 worth of goods.

Entrance was made through the rear door, and was not discovered by Mr. Schiller until Sunday afternoon. It has been his custom to leave the key in the latch on the inside of the door and tied to a string, in order that the lock might not be picked. A crow bar was evidently used and the parties after securing the plunder, left, taking the key with them.—Sutherland Courier.

Helge Elander was born on the old home place north of Brady, and was twenty-five years old at the time of his death. The deceased was a son of Mr. and Mrs. John Elander, both of whom passed this life a few years ago. He leaves to mourn, four sisters, Mrs. C. A. Lundin, Mrs. Chas. Bratten, Mrs.

The total vote was 189 for the bonds and 93 against. The building is badly needed on account of the steady growth of the town and the old building will be filled up with the grades.—Keith County News.

**SPRING FEVER**  
 Another game of ball is on tap between the married men and single men for the near future. It will be remembered that the 1st game played on the Sutherland diamond in 1920 was between these teams. It will also be remembered that the married men walked all over the single men.

Russ Cox has been chosen captain of the singles and vows that the stigma left on the single team shall be removed in the coming game.

Chas. Cogle, J. will have the running of the married team. He is firm in his belief that the honors won so easily in the final game last season will still remain with them.—Sutherland Courier.

**NO PARTY POLITICS**  
 The village caucus was held at the hose house last evening, and the said headquarters of the fire department came very near being too small to accommodate the crowd. On the informal ballot for village trustees, Emmett Bales received 12 votes, Ray Walker 11, L. E. Jones 5, G. M. Smith 8, W. H. Jenkins 5, I. E. Ware 4, J. W. Abbott 3, and C. E. McClain 2.

On the formal ballot, the Legion boys noting that there were two of their number in the race rallied to their men, and the following was the result:

Bales 16, Walker 15, Smith 8, Jones 8, and Jenkins 5.  
 Bales and Walker were declared the nominees.

We learn from talk on the streets today that the business men and citizens expert to put up another ticket and another caucus will be held or the names entered on the ballots by petition.—Hershey Times.
