

NEW GROCERY TO OPEN SOON

ANOTHER COMMERCIAL VENTURE LAUNCHED IN LOCAL FIELD OF BUSINESS

The Economy Grocery will open its doors for business tomorrow at 609 Locust Street. This is the room where the C. O. D. Cleaners held forth so long. The new store is to make a specialty of one item each week, quoting a very low price and pushing its sale. At the same time it will carry a general line of staple and fancy groceries.

The store is to be under the management of its owners who are M. E. Martin and L. R. Wilson. Mr. Martin comes from Huron, S. D. He has had a long course of training with the Woolworth stores and was manager of the store at that place but gave up his position to go into business for himself. He served some time in the army during the war and has been with the Woolworth stores since his discharge. Mr. Wilson's home is in Lincoln, Neb., where he has been in the candy making business recently. He arrived in North Platte last night and joined Mr. Martin who has been here for several days.

When seen yesterday Mr. Martin said "We came to North Platte because of its location, its reputation as a business point and its wonderful prospects. We expect to be satisfied with a reasonable share of the grocery business here and will give values and service equal to the best."

The Tribune wishes to commend the judgment of these young men and to assure them that they make no mistake in thinking North Platte the best city in Nebraska. Lincoln County people are quick to make a pathway to the door of the man who has confidence in our city and county and boosts for both.

PURE BRED HEREFORD SALE FOR MONDAY PROMISES TO BE A SUCCESS.

Interest in the first annual sale of Hereford Cattle which takes place on the fair grounds next Monday, is being shown by stockmen from Lincoln and surrounding counties, according to Arthur Gaudreault, of Brady, who is sales manager. A large tent is to be erected on the ground north of the grove and there the sale will be held. In another column we are printing a list of the cattle to be offered with their names and numbers. The names of the owners are also given. All plans are working out nicely now and unless the weather man sets up the sale is bound to be satisfactory.

John C. Raynor and family, who left here for the west a short time ago, have located at Sandy, Utah. Mrs. Raynor says they have a small fruit and chicken farm with the mountains on three sides.

EVERYBODY CAN SOON GO TO MOVIES ON SUNDAY IN NORTH PLATTE.

By an overwhelming vote the people of this city declared in favor of allowing moving picture shows to open on Sunday. The vote was 1143 for and 803 against. It is not certain just when the first Sunday will occur but it will probably be as soon as the vote is counted although there are some measures which must be attended to before the present city ordinance against the opening can be considered as repealed.

NOTED DIVINE SPENDS WEDNESDAY AFTERNOON AND EVENING HERE.

Bishop Homer C. Stuntz arrived in North Platte Wednesday morning and spent some time with the preachers and laymen who were attending the District Convention. At noon he was the guest of the Chamber of Commerce at the Union Pacific dining room. About forty members sat at the table and after the lunch listened to a short talk by the Bishop on the subject of our foreign trade. He urged that all study the question of ship subsidy, international finance and trade relations. He again attended the conference in the afternoon and gave an address in the evening. Bishop Stuntz is well received by business men because of his profound knowledge of the nations of the world.

Victor Records for April have arrived at the Roberts Music Co.

HOW WE SPEND OUR TAXES

A SIMPLE STATEMENT OF WAY MONEY IS USED BY OUR GOVERNMENT

The first act in the process of taxation is the assessment of the property of every citizen. This is done in the spring and the assessor sets a value on nearly everything we own that he could find out about. The total amount of the value of a man's property is divided by five and this is the amount upon which the tax is based.

Suppose a man had property which the assessor estimated to be worth \$500. The assessed value would be one-fifth, or \$100. If this property were located in Nebraska it would have to pay a tax to the state of Nebraska amounting to \$1.04. If it were located in Lincoln County it would have to pay an additional \$1.50 and 50c toward the new Court House fund. If the property were in North Platte it would have to pay an additional \$5.12 for running the city and \$10.20 for the school fund. The total would be \$18.36. These facts can be represented in another form as follows: On each \$100

State tax	\$1.04
County General tax	\$1.50
County Court House Fund	.50
City tax	\$5.12
School tax	\$8.16
	\$10.20
Total	\$18.36

It will be noticed from the above that the school tax is more than all the other taxes put together. And it has been proven many times over that we get more for the money we spend for the schools than for any other purpose. The tax problem is one of the most complicated we have in government and the only way to solve it is to give it careful study.

NORTH PLATTE AUTO SHOW OPENS ITS DOORS TO PATRONS THIS WEEK.

The annual Auto Show is on. Yesterday the boys and girls were admitted free and last night the lights were turned on and the music started as the doors were thrown open to the public. There is a nominal charge of 25c to cover expenses. The room usually occupied by the Durbin Garage has been transformed by paint and festoons and lights until it is beautiful. The seven dealers are represented by their best cars and they are inspected and explained to the satisfaction of the salemen and the possible customers. The first car reported sold was a Buick touring which was bought by Robt. Beatty. Other sales are expected. Dealers in accessories and supplies have not been able to get a place on account of the lack of space but the McGraw Radiator Co. has an exhibit in one of the windows. North Platte Floral Company has taken possession of the other window with a beautiful display of its products. The Auto Show will continue during today and tomorrow.

The North Platte team consists of Frances Edwards, Emmet Moody and George Dent. The Hastings team is composed of Dorothy Hunt, Eugene Staley and George Bruntz. The question is—Resolved: That the literacy test law for restricting immigration should be repealed. Paul Good of Lincoln will be the judge. He is a graduate of Oxford University in England and was a former debating star. The winning team in this contest will represent the West-Central Nebraska District in the State Debate to be held at Lincoln next month. The admission is 25 and 50 cents.

TRUST THE LEGION BOYS TO DEMAND RESPECT FOR THE FLAG.

Yesterday morning a young man in North Platte took an old American flag which he said he found in a pile of refuse, and started to use it to dust an auto. It was on one of our main streets and, it only took a minute for one of the American Legion boys to call him to account. Others were on their way when the first one got there. Using the American flag to dust off an automobile would not be excusable in any American citizen, but the fact is that the man who did this was a returned soldier. His military life does not seem to have impressed the proper respect for the flag upon him. He will be watched with interest and we are assured that should he ever try anything of that kind again his carelessness or ignorance will not prevent an attempt to impress him rather forcefully.

CREIGHTON UNIVERSITY CLUB TO ENTERTAIN THE PEOPLE SUNDAY.

The boys from Creighton University, who compose the Glee Club, are making a tour of the state as far west as North Platte and they will spend Sunday here. In the afternoon they will give a sacred concert in the Keith Theatre and the price of admission will be 75c for any seat in the house. In the evening they will appear again when the prices will be 75c for the balcony and \$1 for the lower floor. Mr. Henry Cox, well-known Omaha musician will be with them as director. Paul Harrington has been asked to take part on the program and has consented. He was soloist with the club during his college days at Creighton. Reserved seats are now on sale at the Rexall Store. The Glee Club is brought here under the auspices of the Knights of Columbus.

DISTRICT CONFERENCE CLOSED SESSION WEDNESDAY EVENING.

The Conference of the Kearney District of the Methodist Church closed a two days session Wednesday evening with a lecture by Bishop Homer Stuntz of the Omaha Area and an illustrated talk on the Centenary by Dr. Clyde Cissell. At the afternoon session Bishop Stuntz gave an enlightening talk to the Conference on Evangelization and Stewardship. A quartette of preachers and some North Platte talent furnished the music for the sessions. Appropriate resolutions were passed by the members and all left for their homes with the memory of an interesting and profitable session.

BOYS AND GIRLS CLUB WORK

INTERESTING NOTES ABOUT THE WORK BEING DONE AND ALREADY PLANNED.

The following communication from Mr. Kellogg, the County Agent for Lincoln County will be of particular interest to farm boys and girls and their parents:

Our Membership Campaign is going good and this will eventually bring out a demand for a much greater amount of County Agent work. Campaigns in other counties have been followed by a very large increase in demands for Pig and Calf Club work. The Calf Club should be started at once and all of those interested in it can forward their names and addresses to the County Agent. The Pig Club work can be started as late as the 1st of May but we would like to have your enrollment now. It will also be possible for you to have a Sheep Club, which may start June 1st. All of these animals must be purchased and preferably females. The calves should be between 8 and 12 months old, pigs between 8 and 12 weeks, sheep between 8 and 12 months old. They must all be shown at some Fair and records for cost of gains must be kept.

Any boy or girl between the ages of 10 and 19 years will be permitted to take up this work.

It would be well for you to borrow the money and get the business experience that goes with the practical work for breeding and caring for your animal. We should have five or more members for each breed of animals and if you are interested, get the names together as soon as possible and send them to the County Agricultural Agent, Box 333, North Platte, Nebraska, or come to the office at 325 Post Office Building.

The boys who are interested in Calf and Pig Club work met with the County Agent at the McPherson school house Monday night to organize a Standard Poland China Pig Club. They elected as their president, Harold Beauchamp; secretary, James Ross. The other members of the Club are John Rose, Ray and Harry Griffith. This being a Standard Club has an advantage over the others who have not yet secured the required minimum of five members for a Standard Club. The two boys interested in Hampshire are Orville Shaner and Merl Beauchamp.

The Duroc people are Virgen and Alice Deets. These two girls are attempting to get three other members for their Club in order to compete with the boys' Standard Club.

Manley Rasmussen wants at least four other members for a Hereford Calf Club, and Osee Ross wants at least four other members for a Short Horn Calf Club.

We hope that each of these Clubs may be able to get many more than the five required. But in case they do not they shall be allowed to go ahead as individuals to accomplish what they can.

The parents of the children and the breeders of purebred cattle and hogs should be willing to do everything possible to get these Clubs started and to assist during the Club season of four months.

GEO. H. KELLOGG,
County Agent.
