EDITORIAL

A TRIBUTE.

In the passing away of Judge H. M. Grimes Monday noon, North Platte and Western Nebraska lost a widely and favorably known and universally respected resident; a man whose friendship was valued because it ever ran true; whose integrity stood unquestioned through the many years of a useful life; whose largeness of heart was reflected by the multitude of kindly acts and sympathetic advice.

More than half of the sixty-eight years allotted to Judge Grimes were spent in close contact with people of all degrees in Western Nebraska; he was unmindful of the garb men might wear, for to him character in man was valued higher than riches; no man was too poor to be considered his friend; and if character was wanting it was he who in his quiet, sympathetic way spoke words of kindly advice that influenced men to become more manly, more self-respecting, more useful.

Judge Grimes was not only a successful practicing lawyer and for a quarter of a century a fair and impartial judge, but he was a preacher of practical christianity and he practiced the precepts he preached—do unto others as you would have others do unto you—and none will ever know to what further bounds the influence of his words and deeds reached. While Judge Grimes was positive in his convictions, he was always considerate and tolerant to the views of others.

As a jurist Judge Grimes commanded the respect and enjoyed the confidence of every practicing attorney in the district, and not only these but those who came from other districts to prosecute cases before him; and this respect and esteem was emphasized by the presence of so many members of the bar who came Wednesday to pay their last earthly respects.

Intensely loyal to nation and with a patriotism that never dimmed, Judge Grimes' every word and deed bespoke the constancy of his love of country,

and to a greater degree did this loyalty extend to those he loved and to his home.

In the larger sense he looked upon home as the bulwark of the nation, this view being intensified by the hundreds of wrecked homes it was his province to investigate as judge and whenever such was thought best he exerted his influence to the fullest extent to avert a separation of the inmates of a home and the placing of children in environments that were not good.

Flags at half mast and the closing of business houses during the funeral hour bespoke the regrettable loss of one who for thirty-seven years had been an exemplary citizen of North Platte—a man respected, esteemed, beloved by all.

Judge Grimes has left us, but—
"He who lives in the hearts of those he leaves never dies." —I. L. B.

SPORTS

Fishing opened up a little last week when it was warm but the cool weather of the present week has put a damper on the sport but not on the fishermen. Last week the river was very low and running quite clear. A number of good catches of pike were reported but following up some of them we found that both the number and the size of the fish caught were exaggerated. Some bass have been caught in the lakes north of here and a few cats have snapped at the lure of the fish worm managed by the youngsters.

John Den and party are planning on a fishing trip to the north lakes the first of next week. In preparation for this and many more trips later in the season, Mr. Den has bought a gasoline motor engine which is to be fastened to the rear of a boat. It has a propeller and rudder and when in working order makes a gasoline launch out of any row boat or canoe. The motor weighs in the neighborhood of 150 pounds and cost about that many dollars. It pumps the water used in cooling its engine and is quite noiseless as the exhaust is under water. John should get the fish now and not come home all tired out with rowing.

The Buffalo Bill Gun Club is having weekly target practice on the range north of the city. There are about forty members and more than half of them get out to the weekly shoot. A lot of young fellows and poor shooters have joined lately but the older heads like Hooster, Den, Neville and others are still to be counted with.

The registered shoot which will be held here in May is expected to attract considerable attention.

Base ball is starting out this year with pretty good prospects for some good sport. The American Legion is back of a team and a good bunch of fellows are turning out to the initial practice. Fred Petersen is the genial manager and he is on the job all of the time. Neighboring towns are also organizing and some good teams are developing.

Track events are taking the attention of the High School boys. Last Friday the team went to Gothenburg where a joint meet was staged. Gothenburg won by a score of 57 to 56. Here is the list of events with the winners in each:

100 Yd. Dash: Locke NP. Holmes G. Hinman NP. Time 10.3.
Mile Run: Lyons and Carskadon of Gothenburg tied for first. Rector NP. third. Time 5 min 17 sec.

Shot Put: Locke NP. Holmes G. Yost N. P. Distance 39 feet 2 inches.
120 Yd. High Hurdles: Holmes G. Karr G. Hinman NP. Times 15.4

High Jump: Slevier G. Shaner NP. Norsworthy G. Height 5 feet 6 inches.
440 Yd. Dash: Trexler NP. Haynes G. Weathers G. Time 55 sec.

Discus: Karr G. Sleviers G. Locke NP. Distance 92 feet 5 inches.
220 Yard Low Hurdles: Holmes G. Shaner NP. Karr G. Time 28.4.

Broad Jump: Shaner NP. Carskadon G. Rector NP. 18 feet 10 1/2 inches.
220 Yard Dash: Locke NP. Hinman NP. Holmes G. Time 23 sec.

880 Yard Run: Lyons G. Hinman NP. Carskadon G. Time 2 min. 26 sec.
Pole Vault: Shaner NP. Locke NP. Sleviers G. Height 9 feet 7 inches.

The 880 Yard Relay was won by Hinman, Shaner, Trexler and Locke of North Platte running against Karr, Haynes, Weathers and Holmes of Gothenburg.

There has been considerable discussion over a successor to Judge Grimes yesterday and today. It is necessary in order that the public business go on that the Governor appoint someone in the near future. The Lincoln County bar is united on E. H. Evans, Mayor of North Platte. Rodman of Kimball is receiving some endorsement but it is questioned whether he could accept an appointment as there is a law which would seem to forbid the Governor from appointing any member of the State Legislature to office.

Why Eden-Washed Clothes are so White

The Sediment Zone

An Exclusive Feature

Things washed in clean water are bound to be purer and look fresher than those washed in water full of dirt. In the EDEN as dirt is freed from the clothes, it settles at once into the Sediment Zone, where it is trapped in quiet water and cannot get back into the washing cylinder to mingle with the clean clothes. With this continuous elimination of sediment the Eden always washes your things in clean water. There is a feeling of satisfaction when putting on an EDEN washed garment or using EDEN washed linen that comes from knowing that they are actually clean.

"To Baby Brabant---the devil we know?"

Often Rosamond had heard that toast in the gambling dive; pitied the beautiful woman who accepted it as an honor; yet did not know who Baby Brabant really was. Then realization came!
