

# THIS WOMAN'S EXPERIENCE

### Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any house-cleaning or washing I would faint and have to be put to bed. My husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.'"—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass. This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

# New Life for Sick Man

### Eatonic Works Magic

"I have taken only two boxes of Eatonic and feel like a new man. It has done me more good than anything else," writes C. O. Frappier.

Eatonic is the modern remedy for acid stomach, bloating, food repeating and indigestion. It quickly takes up and carries out the acidity and gas and enables the stomach to digest the food naturally. That means not only relief from pain and discomfort but you get the full strength from the food you eat. Big box only costs a trifle with your druggist's guarantee.

# Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Enemies of life and looks. In use since 1894. All druggists, three sizes. Look for the same Gold Medal on every box and accept no imitation.

All the cork used in the world in a year weighs little more than 1,200 tons.

No man with a splendid retort voice ever whispers.

Until the aeroplane can be domesticated the automobile will continue to be a popular household pet.

The American hen is now facing a new yellow peril; 500,000 Chinese eggs have arrived in this country.

Statistics show that while the cost of living has dropped, there is plenty of room below for improvement.

Patriotism is reviving in Mexico. A charging bull stopped in his tracks as a pander stood at attention while the national anthem was played—then dropped dead.

Tobacco costs more than education in the United States says Commissioner Claxton. But why pick on tobacco? Lots of other things do, too.

That wave of crime which is inundating the world is probably nothing but the recession of the tidal wave of war.

French bachelors are to be taxed to aid the babies of the benedicts. Still, bachelors do not have to walk the floor.

# 100% PER DAY FOR 100 DAYS

That is what it means to YOU to equip your car with "Little Lids." It's a 100% increase in your car's life. You use them ten days a year for ten years. They roll along by the side of the wheel, allowing the fine dirt to pass through, keeping the ends of the small corn. 500,000 in use. Sold by your Implement Dealer, or sent direct on receipt of \$2.75 per pair. Munson Mfg. Co., Dept. W., Waterloo, Iowa.

# BE A NURSE

Exceptional opportunity at the present time for young women over nineteen years of age who have had at least two years in high school to take Nurses' Training in general hospital. Our graduates are in great demand. Address

Supt. of Nurses, Lincoln Sanitarium, Lincoln, Nebraska.

POSITIVELY REMOVED by Dr. Herber's Freckles Remover—See Druggist or Write to Dr. Herber, 2675 Michigan Avenue, Chicago, Ill.

W. N. U., OMAHA, NO. 19-1921.

# KNOX MEASURE PASSES SENATE

### Bill a Simple Statement That War Between Central Powers is at End.

# MIDDLE WEST LEADS WORLD

### Nebraska, Iowa and Missouri Are at Head of Pork Producing Centers of Industry.

Washington, D. C.—The senate has passed the Knox resolution repealing the state of war between the United States and the central powers. The vote was 49 to 23.

The resolution was adopted without amendment after the senate voted down, 26 to 44, a proposal by Senator Townsend, Michigan, to eliminate the repeal of the war declaration, leaving the resolution a simple statement that the state of war was ended.

The resolution, in addition to repealing the war declaration, protected the rights of the United States in German and Austria properties held by the alien property custodian until a final disposition has been settled either by congress or by treaty.

The resolution now goes to the house.

# Ultimatum On Reparations.

London.—Great Britain and France have reached an agreement on how to deal with Germany to compel payment of reparations and exact guarantees. They will announce that the reparations commission will notify Germany as to the amount she is required to pay and how it is to be paid. The allies will then announce that within ten days, this period being subject to possible modification by the supreme council, they will proceed to carry out the penalties if the terms are not met.

# Middle West Leads the World.

Omaha.—Pork and bacon consumed in the world have their source in Iowa, Nebraska and Missouri, according to E. Z. Russell, formerly with the Twentieth Century Farmer publication in Omaha and now in the federal agricultural department in Washington, who has been here for a few days on official business.

Lending hog raisers of South America admit that the middle west leads the world in the hog-raising industry, according to Mr. Russell, who recently returned from a six months' tour through the interior sections of Brazil, Uruguay, Argentine and Chile.

# Military Issues Stringent Warning.

Dublin.—A warning has been issued by the military authorities in Tipperary that civilians "with hands in their pockets" are liable to arrest or to run the risk of being fired upon. The reason for the warning is said to be that murderers not infrequently steal upon their victims with hands in their pockets so as to hide their weapons.

# Heavy Hail in Texas.

Dallas, Texas.—Considerable crop damage was reported as the result of a heavy rain, hail and windstorm, which visited Dallas and a number of other north Texas counties. In Navarro county, newspaper reports said, hail was banked to a depth of six inches in spots.

# Will Bar American Workmen.

Riga.—Admission to soviet Russia of workmen from America will be permitted only when the soviet government can establish an immigration bureau in the United States, says the Petrograd Krazna Gazette. The executive committee of the all-Russian council of trades unions, it asserts, decided in this manner to halt the influx of unorganized workers from America.

# British Strike to Last Month Yet.

London.—Sir Robert Home, chancellor of the exchequer, announced in the house of commons that all negotiations for settlement of the coal strike had been broken off and that he did not know if the local lodges would be able to reverse the decision of the miners' delegates. One of the miners' leaders said that the strike would last another month at least.

# Chicago Wetter Than Ever.

Chicago, Ill.—Bills for injunction have been filed against fifty-four saloons in federal district court by Edward J. Brundage, attorney general, who took similar action last week against eighty-five other saloons. "There has been no time since the Volstead act went into effect that Chicago has been dry, but at present it is wetter than at any time since," said C. W. Middlekauf, assistant attorney general.

Washington, D. C.—Creation of a national food marketing board under the chairmanship of the secretary of agriculture and with the existing bureau of markets as its executive arm, is suggested by Secretary Hoover as a means of relief to farmers and consumers.

Washington, D. C.—Governor Harding of the Federal Reserve board has announced that he would begin this week a personal survey of the farm credit situation in the middle west and southwest.

# SAY MANAGEMENT WASTEFUL

### French Government Preparing to Go into Ruhr Without Support of Allies.

### Railway Union Employees Charge Management With Wasteful Inefficiency.

London.—In the event of failure by France to receive the support of her allies, the French government will proceed alone to the occupation of the Ruhr region, arguing that Germany can as easily present new proposals after as before occupation.

This statement was made by members of the French delegation as they crossed the channel on their way to London to attend the meeting of the supreme council.

In the delegation are Premier Briand, Marshal Foch and M. Berthelot, the last named of the French foreign office. The Italian delegates are expected to reach London later.

M. Briand was resolute and confident as he talked of the French government's position, which he said he already had made clear in recent speeches.

# Charge Wasteful Inefficiency.

Chicago, Ill.—Railway union employees charged railroad managements with wasteful inefficiency and took their stand for an "American standard of living" before the railroad labor board at its meeting here. Contending that the cost of living basis of fixing wages was a war-time emergency measure, the employees cast it aside in their fight to retain present wage scales. They declared that not only did they protest against a reduction, but wished to point out that, according to their conception of American standards, railway wages were too low.

# British Strike Still in Deadlock.

London.—Negotiations under way in an endeavor to end the coal strike reached another deadlock when the miners' federation rejected the government's latest offer to increase temporary subsidy from £7,500,000 to £10,000,000. The rejection was made by an overwhelming majority of the miners' delegates because the offer "fails to concede the fundamental principle for which we stand." The miner delegates have returned home.

# Good Crop Conditions in State.

Lincoln, Neb.—Excellent conditions of winter wheat and rye, improvement in oats, prospects of some fruit, slightly decreased acreages in some of the staple crops, more tame grass pasture and summer follow, and highly favorable soil conditions, are leading features of the latest weekly crop report of the Nebraska bureau of crop estimates.

# Organize New People's League.

New York.—The American People's League was organized here to bring into co-operation the forces which have been opposed to the existing prohibition and proposed new laws. In a declaration of principles the organization committee opposed motion picture censorship, all laws prohibiting Sunday sports and theatrical productions, and the campaign to eliminate tobacco.

# Find Revolutionary Literature.

Aurora, Ill.—Circulars calling upon workmen to "overthrow the government of the United States by force" have been found in mail boxes and on porches here. "The government of the United States was established by force; it is maintained by force; it will be destroyed by force," read the circulars signed, "Central Executive Committee of the Communist Party of America."

# To Investigate Conditions.

Washington, D. C.—A resolution asking investigation by a special senate committee of conditions among disabled soldiers and the work of the war risk insurance bureau, the federal board of vocational education and other relief agencies, have been introduced by Senator Walsh of Massachusetts.

# Drastic Punishment for Auto Theft.

St. Paul, Minn.—Ten years' imprisonment and a fine of \$1,000 is specified as a penalty for stealing an automobile in a bill passed by the legislature.

# Make Big Appropriations.

Lincoln, Neb.—Appropriations made by the 1921 session of the legislature will total \$29,000,000, according to a compilation prepared by Finance Secretary Phil Bross. Of this sum all but about \$6,000,000 will be raised by taxation.

# Greek Classes Called to Colors.

Athens.—Four additional classes of men have been called to reinforce the Greek army fighting against the Turks in Asia Minor. They comprise the classes of 1912, 1913, 1918 and 1914.

# Announces Military Candidates.

Washington, D. C.—The War department announces the following candidates from Nebraska to be admitted to the West Point military academy, July 1, as a result of the entrance examinations in March. John Salsbery Fisher, Beatrice; Harry T. Haynes, 4508 North Twenty-fourth street, Omaha; Ira Kenneth Evans, 1471 Twenty-fifth avenue, Columbus; Harold Shaffer Gould, Alma; Meredith D. Masters, Crawford; Earl Walter Barnes, Crawford.

# THE AMERICAN LEGION

(Copy for This Department supplied by The American Legion News Service.)

# ONE OF LEGION'S FOUNDERS

### Col. Milton Foreman's Connection Dates Back to the Original Paris Caucus.

Col. Milton J. Foreman, national executive committeeman of the Illinois department of the American Legion, is a Chicago lawyer, who for many years has been active in public and military affairs. His connection with the Legion dates back to the original Paris caucus at which time the idea of forming a Legion was conceived. At that meeting he was named chairman of the temporary executive committee.

Returning to the United States, he was elected commander of the Illinois department. In 11 months the membership in Illinois increased from 19,000 to more than 65,000, and the number of posts from 220 to 682.

While serving with the First Illinois cavalry, in 1894, Mr. Foreman acquired an active interest in military affairs. He served with that organization during the Spanish-American war and rose to the rank of captain.

After the war Mr. Foreman began the practice of law in Chicago, and became major in the First cavalry. In 1914 he was promoted to lieutenant colonel, and two years later commissioned colonel of the regiment. He was in command of that organization during the border troubles.

With the outbreak of the World war, Colonel Foreman requested the transfer of his regiment to field artillery, which was effected in June, 1917. Colonel Foreman took the regiment to France in 1917 and commanded it throughout the war. He received three citations for gallantry and was awarded the Distinguished Service Medal for achievements in the St. Mihiel and Meuse-Argonne offensives.

While not in the military service, Mr. Foreman practiced law in Chicago and took an active interest in public affairs throughout the state. In 1890 he was elected to the Chicago city council and served six consecutive terms. He was chairman of the Chicago charter convention whose work has become a model for planners of new city charters.

# HIKE TO NATIONAL CAPITAL

### Plan Suggested by Kansas Committeeman to Tell Lawmakers What Legion Men Need.

"Join the army and walk around the world!" Do you remember that slogan?

Doughboys whose weary feet ate up the kilometers on the other side and the miles on this side so paraphrased the advertising of the recruiting service during the war. But walking won the war. "Let's keep it up," urges W. F. Kurtz, Kansas national executive

committeeman of the American Legion. "Let's walk to Washington and tell them what the Legion wants for its disabled and for its whole membership."

According to Mr. Kurtz' plan, delegates from each state department of the Legion would hike overland to the nation's capitol, arranging their schedules so as to meet on the White House steps on the same day. However, he would permit representatives from the other side of the Rockies to ride the cushions across to this side.

Legion posts along the way would feed and shelter the hikers. "I'll lead the way, and outwalk anyone in the Legion," the Kansas pedestrian declares.

# C. O. D.

An old dorky visited a doctor and received instructions as to what he should do. Shaking his head, he was about to leave the office, when the doctor called out:

"Hey, there, uncle, you forgot to pay me."

"Pay you for what?"

"For my advice."

"Nossuh, boss, I've contemplated it from all angles and decided not to take it."—American Legion Weekly.

# Second Hand.

"I want two sheets of fly paper," said the lady entering the corner general store.

The none-too-brilliant clerk extracted two sheets from the window.

"Ten cents," he said.

"How embarrassing! I've only a nickel with me."

"Aw, I s'pose you can have the two for five cents," he grumbled. "They're half full of flies already."—American Legion Weekly.

# WRIGLEY'S

"AFTER EVERY MEAL"  
Mint leaf, peppermint or luscious juicy fruit, either flavor is a treat for your sweet tooth.

And all are equally good for you. Teeth, appetite and digestion all benefit.

Your nerves will say "thank you," your vim will respond.

WRIGLEY'S is liked for what it does as well as for its BIG value at the small cost of 5c.

The Flavor Lasts

SEAL TIGHT KEPT RIGHT

WRIGLEY'S SPEARMINT THE PERFECT GUM AND MINT LEAF FLAVOR

WRIGLEY'S DOUBLEMINT FOR LIVING GUM USE EVERY DAY

WRIGLEY'S JUICY FRUIT CHEWING GUM THE FLAVOR LASTS

812

When it Hurt. "Did you hurt yourself much when the branch broke?" "No; not until I reached the ground."

A Lady of Distinction Is recognized by the delicate fascinating influence of the perfume she uses. A bath with Cuticura Soap and hot water to thoroughly cleanse the pores, followed by a dusting with Cuticura Talcum powder usually means a clear, sweet, healthy skin.—Adv.

Comic. "How's the new Flubdub baby?" "Well, I didn't tell the proud parents this, but they could make a fortune hiring him to a cartoonist as a model."

Remarkable Strata. While drilling a test well for oil on the Turkey Track ranch near Spearman, Tex., W. Scott Heywood and associates discovered a deposit of salt which is 111 feet thick. This salt strata was encountered at a depth of 700 feet, and what is said to be the most remarkable thing about it is that no water was encountered. Neither has there been any water found anywhere else in the well, which is now at a depth of more than 2,700 feet. The fact that there is no water above the salt bed makes the mining of the product an easy matter, it is said.

The Record. Howell—Last night was the hottest night in the year. Powell—Not for me; the hottest night for me was when my wife discovered that my pay had been raised and I hadn't told her of it.—New York Sun.

Catarrh. Catarrh is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the system, HALL'S CATARRH MEDICINE restores normal conditions and allows Nature to do its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

The Solution. Little Girl—If I was a teacher, I'd make everybody behave. Auntie—How would you accomplish that? Little Girl—Very easy. When girls were bad I'd tell them they didn't look pretty; and when little boys were bad I'd make them sit with the girls, and when big boys were bad I wouldn't let them sit with the girls.—Edinburgh Scotsman.

Knowledge is power. The more a man knows, the more he can enjoy life. No sense of economy reconciles a man to a squeaking half sole.

# It's So Easy to Make the Change

There's no bother and no sacrifice in turning away from the ills which sometimes come from tea and coffee, when you decide on

# POSTUM CEREAL

Then you have a rich, full-bodied table beverage which fully satisfies the taste—and there's no ingredient to harm nerves or digestion. Thousands have changed to Postum as the better meal-time drink and they don't turn back. Suppose you try the change for ten days and note the result.

"There's a Reason" for Postum

Made by Postum Cereal Co., Inc., Battle Creek, Mich.
